THE WORLD OF A VIKING

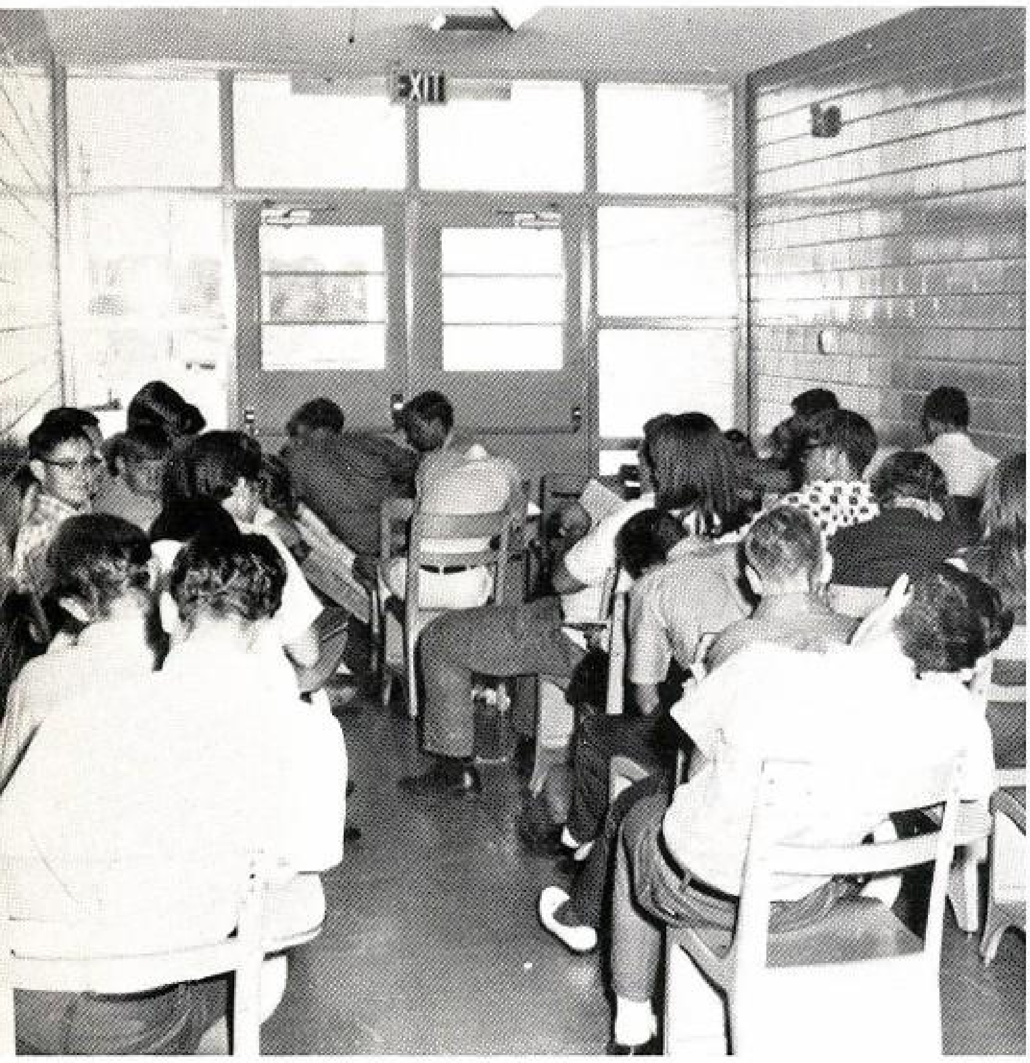
The world of a Viking encompassed so much. It was also the part of our life in which we shaped and formed our patterns which we will use in our adult lives.

Our Viking world consisted of academics for a good part. In this area, we shared the agonies as well as the rewards of our hard-work. We served our communities, fellow students, and Airline through our participation in our clubs and organizations. As we attended our school functions and social events, we created a wealth of memories which will not be soon forgotten.

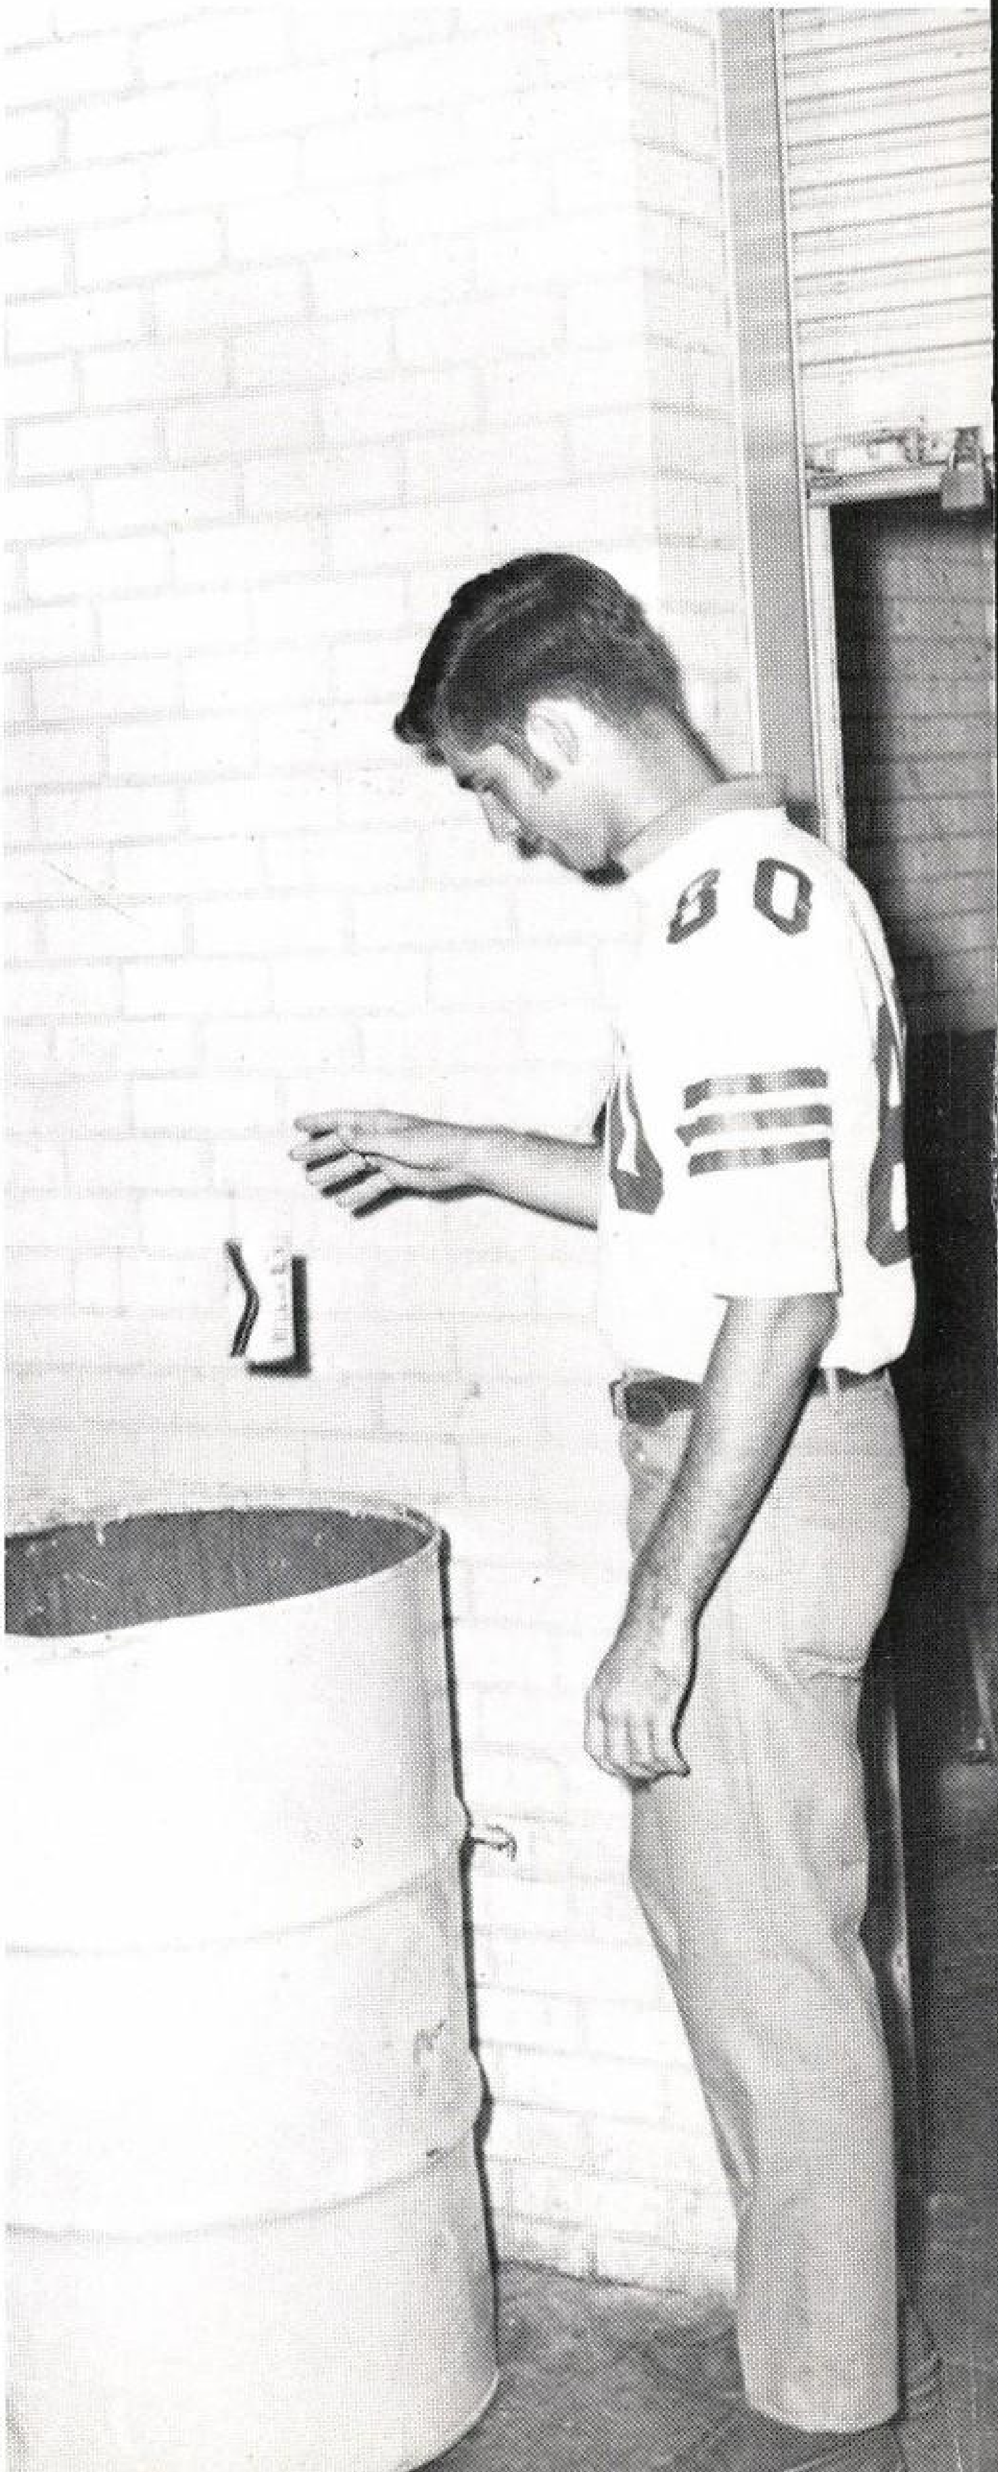
We have gone through our Viking world with so many mixed emotions. Throughout all the different phases we all still remained Vikings in every sense of the word.

As this Viking year closed, some of us left our Viking world to enter the adult world. As we left, we knew that we were prepared, for we had shared our Viking world and it had made us ready for our new world.

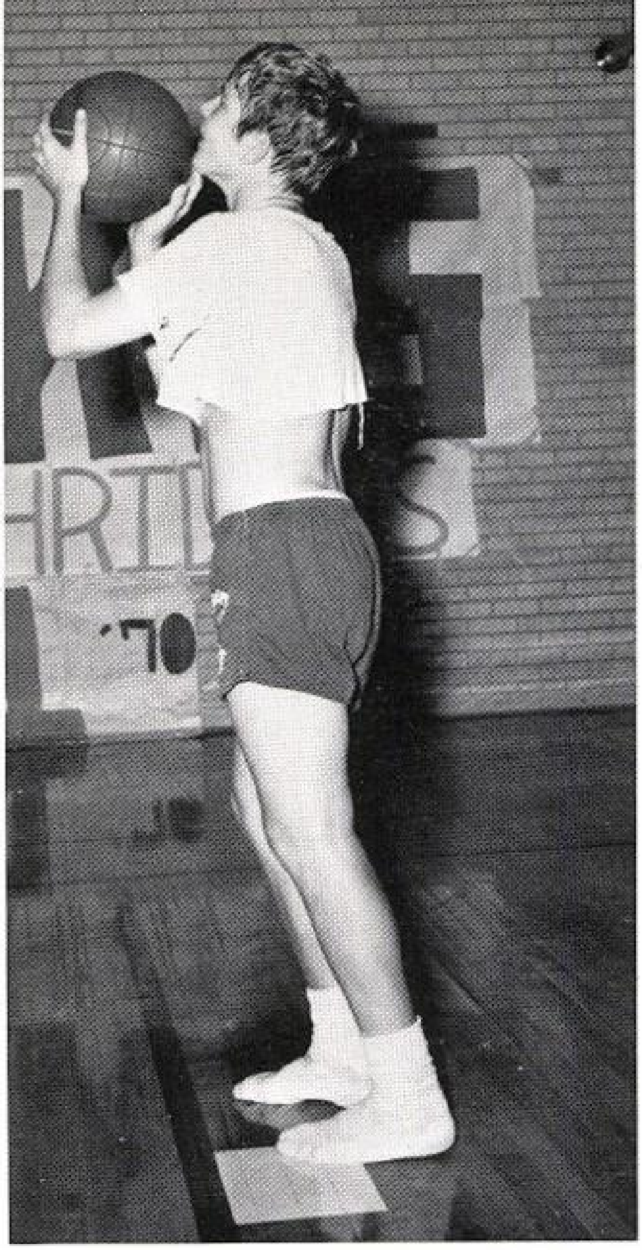
The 1970 VALHALLA Staff



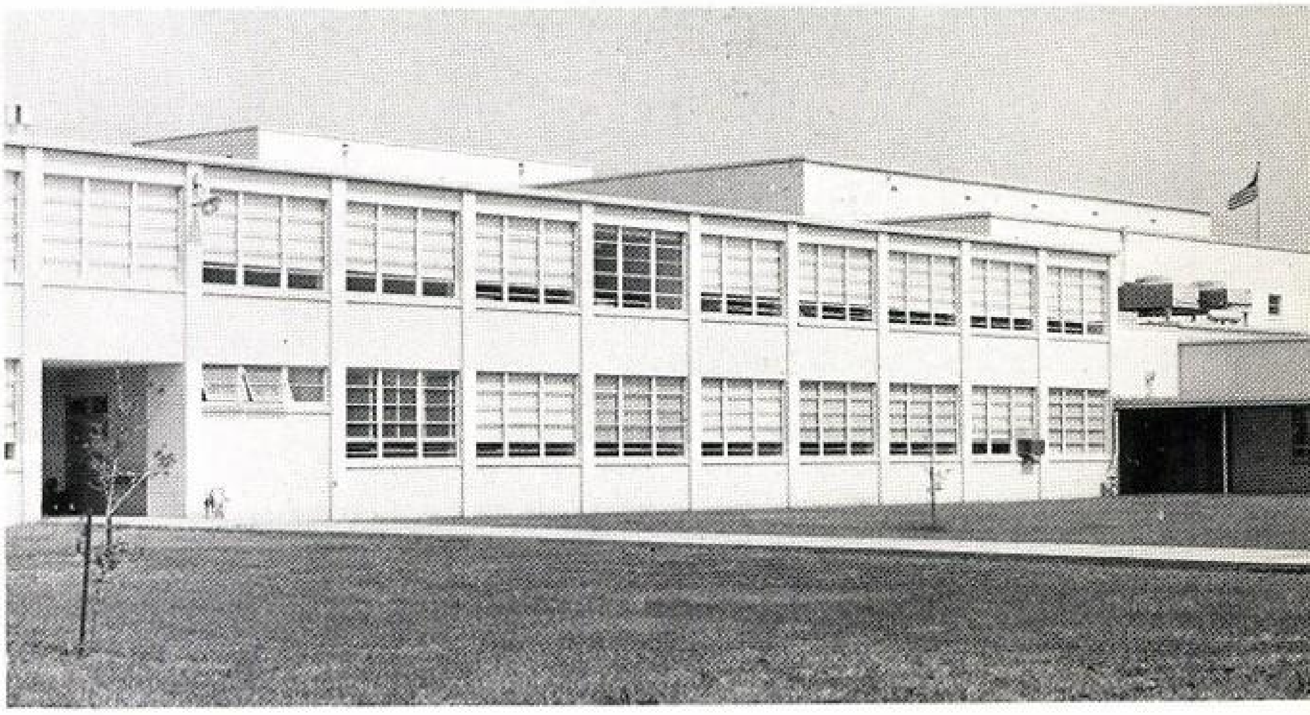
Study halls were literally "in the halls" this year.



David Hudson showed his pride in Airline by throwing trash into a can.



Jim Williams demonstrated his skill in PE.



Airline, a major scene in the world of Vikings, was seldom seen vacated like this.

Pat Wyatt tried to get some spirit from the "Charlie Brown" skit group.

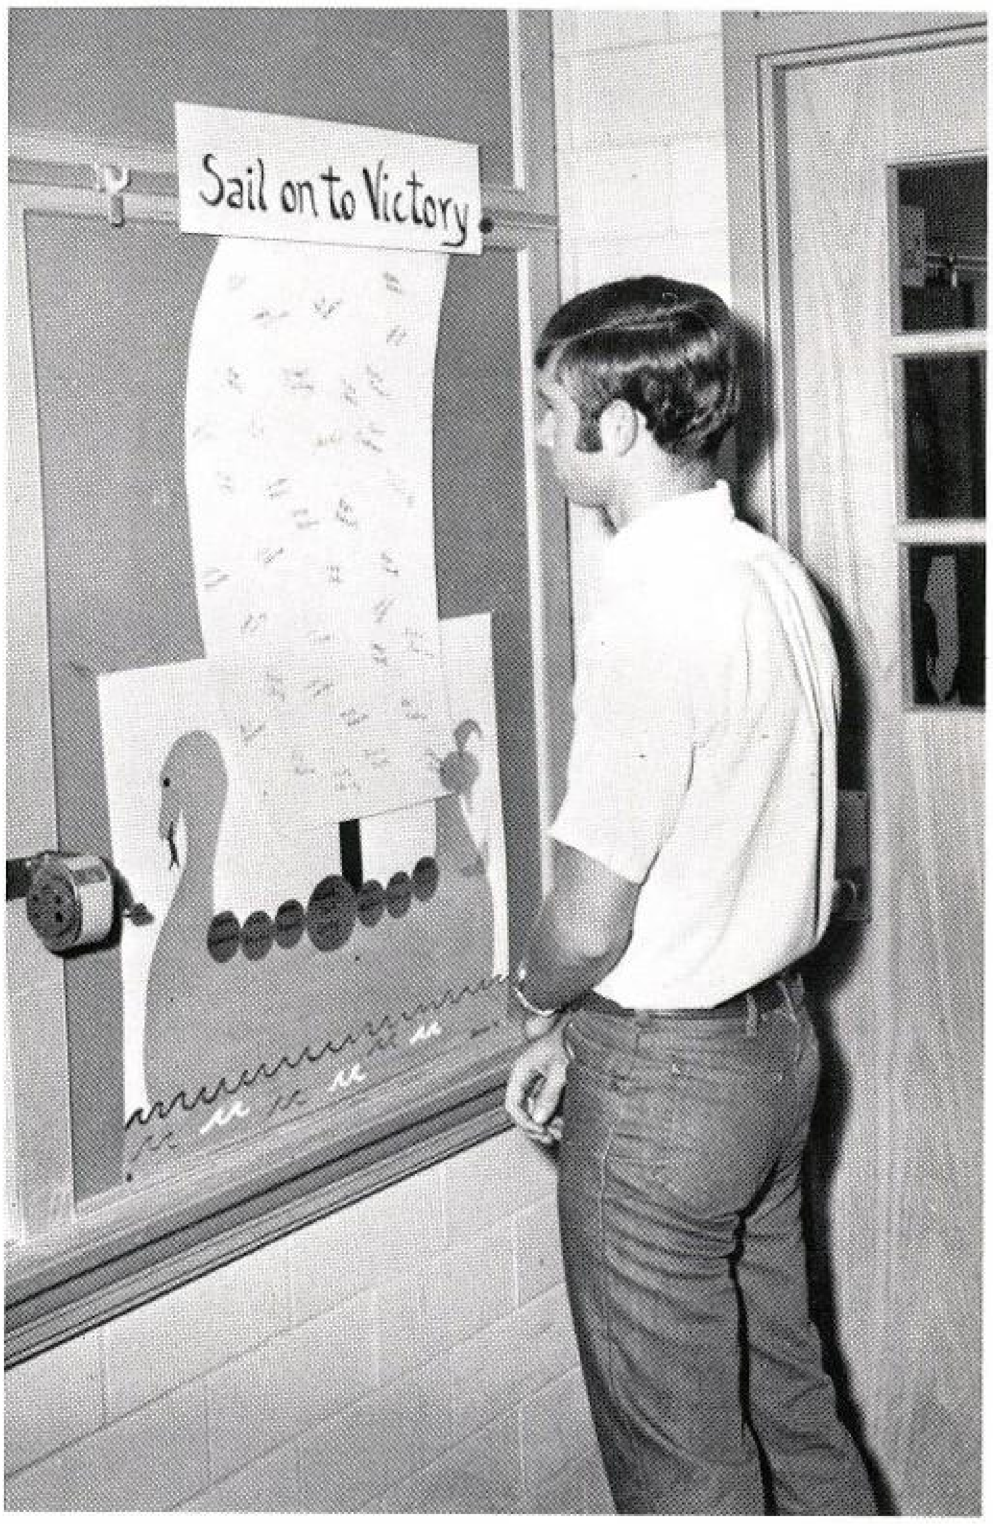
Chemistry students used their time wisely by studying.

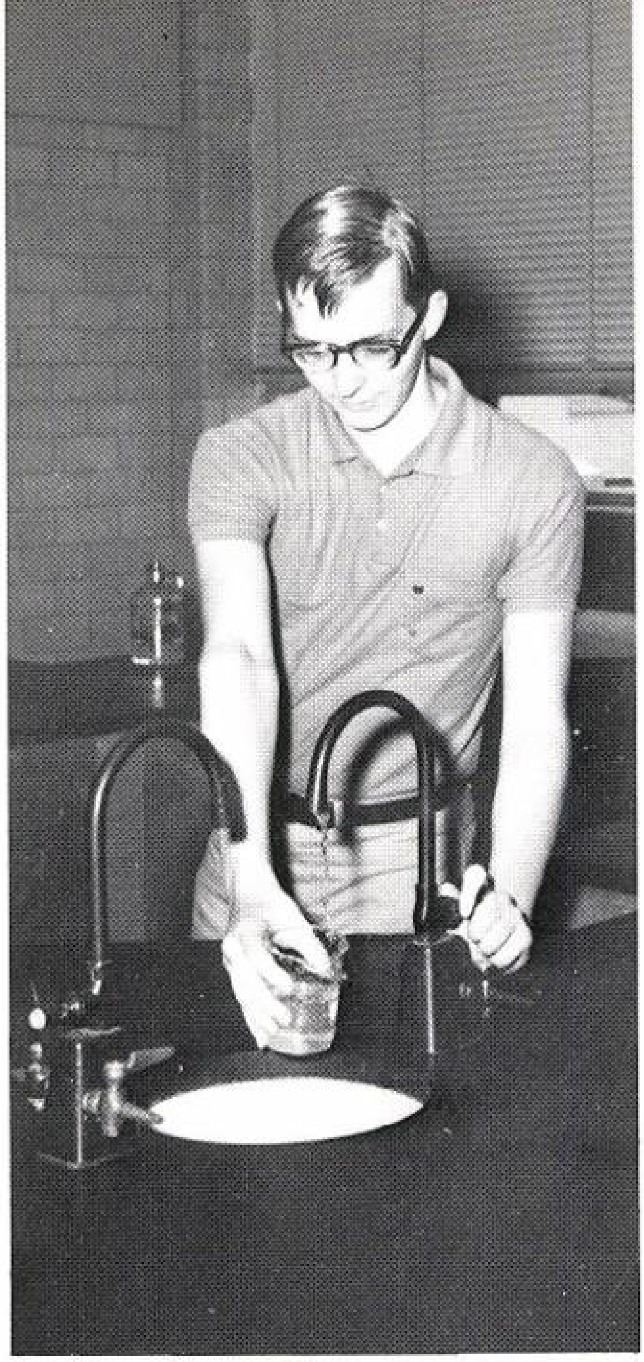
ACADEMICS

Vikings realized the importance of a good education. This was a possible reason the Vikings excelled in academics. The students were truly at an advantage because of the varied selection of courses offered at Airline. Our Honor English program was offered in our sophomore class for the first time this year. The eleventh and twelfth grade Honor English courses were continued, as well as the Honor American History course.

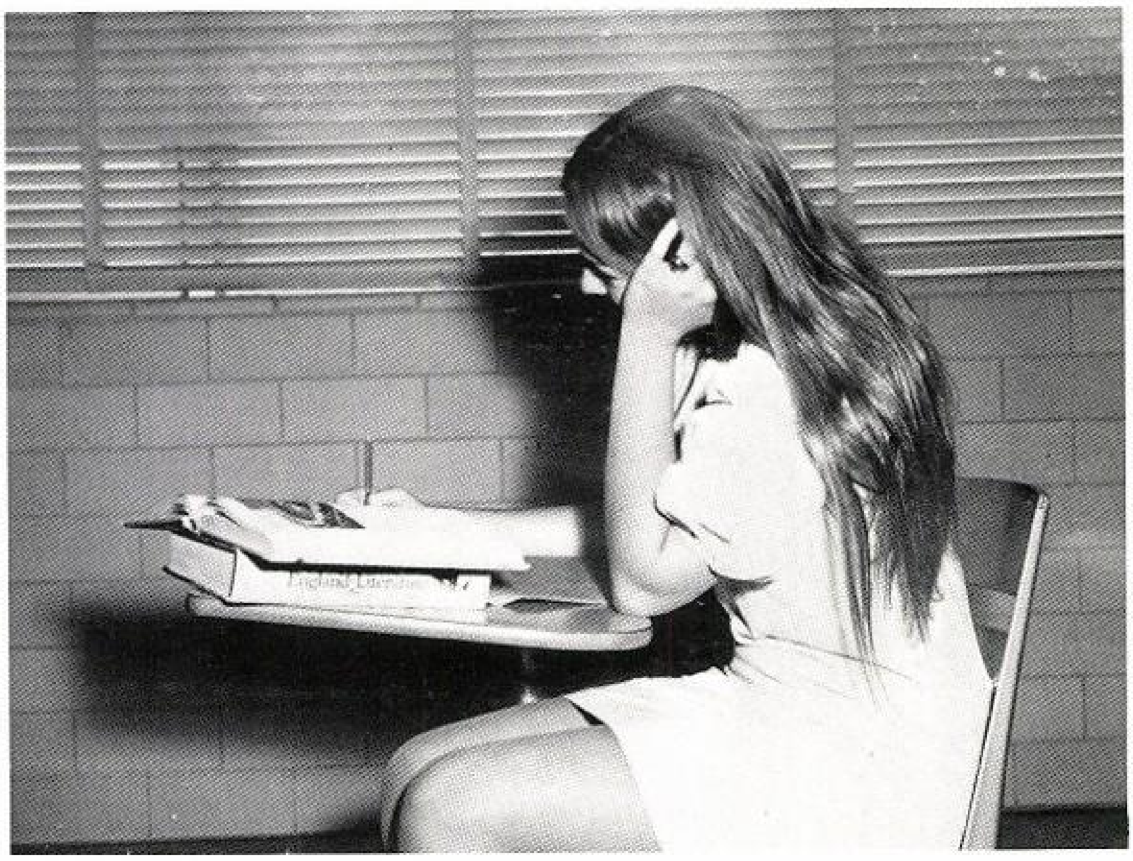
In our academics world, we learned a bit more about life, especially how to compete with our fellow students and come out the best.



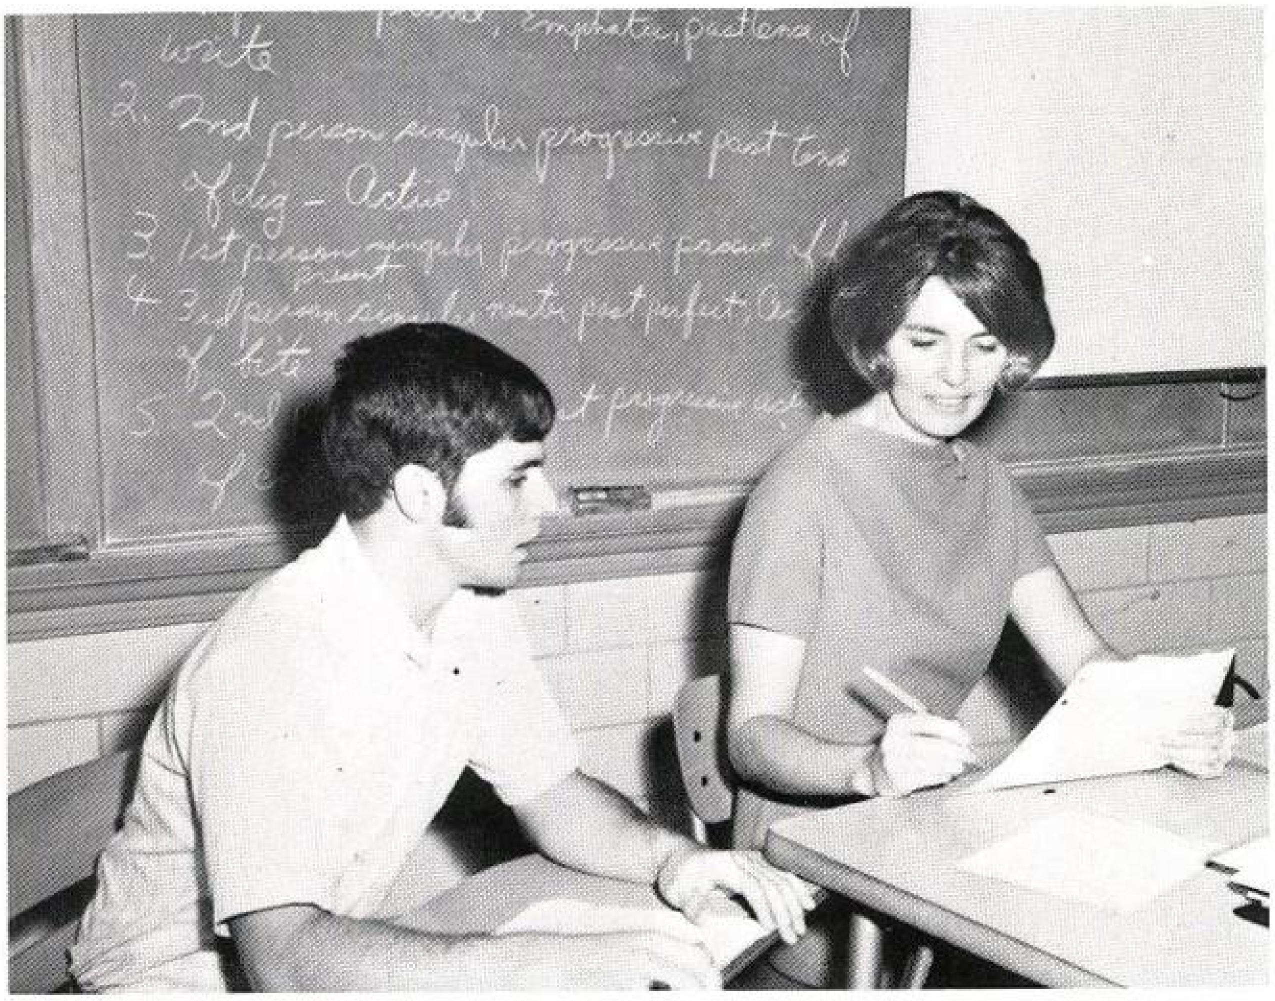
Ricky Armstrong checked the bulletin board in his English class.



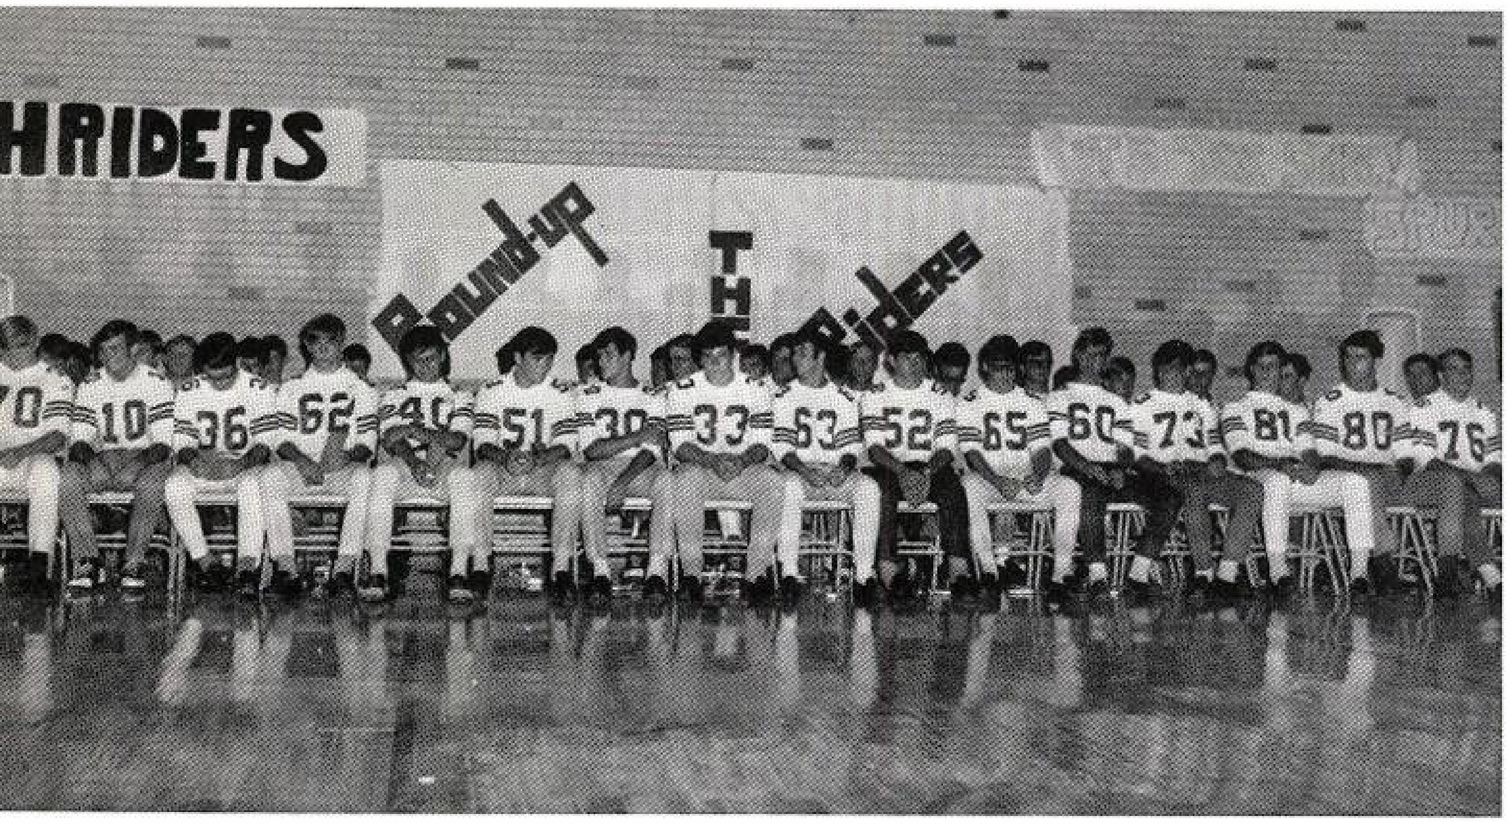
Tommy Cornelius finished a lab exercise by cleaning up.



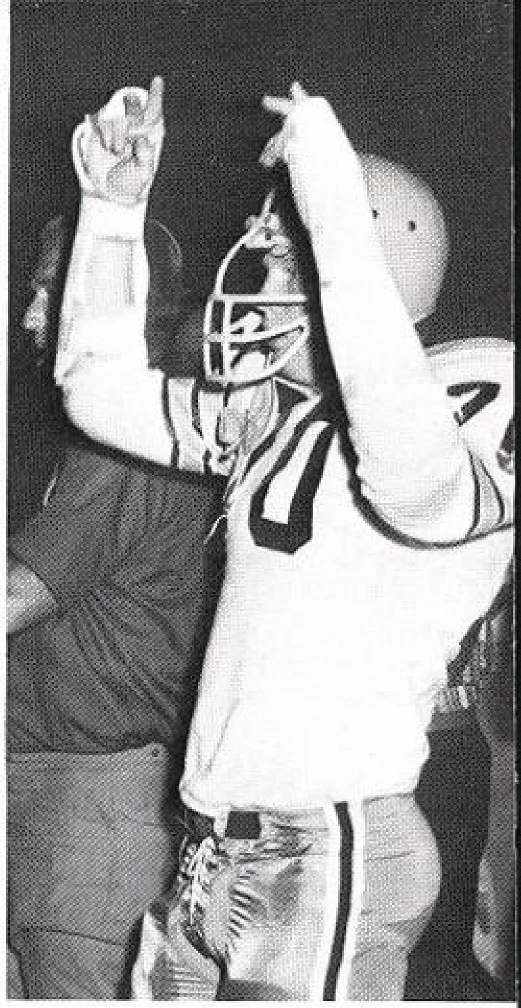
Patty Moore made the most of her time by studying at school.



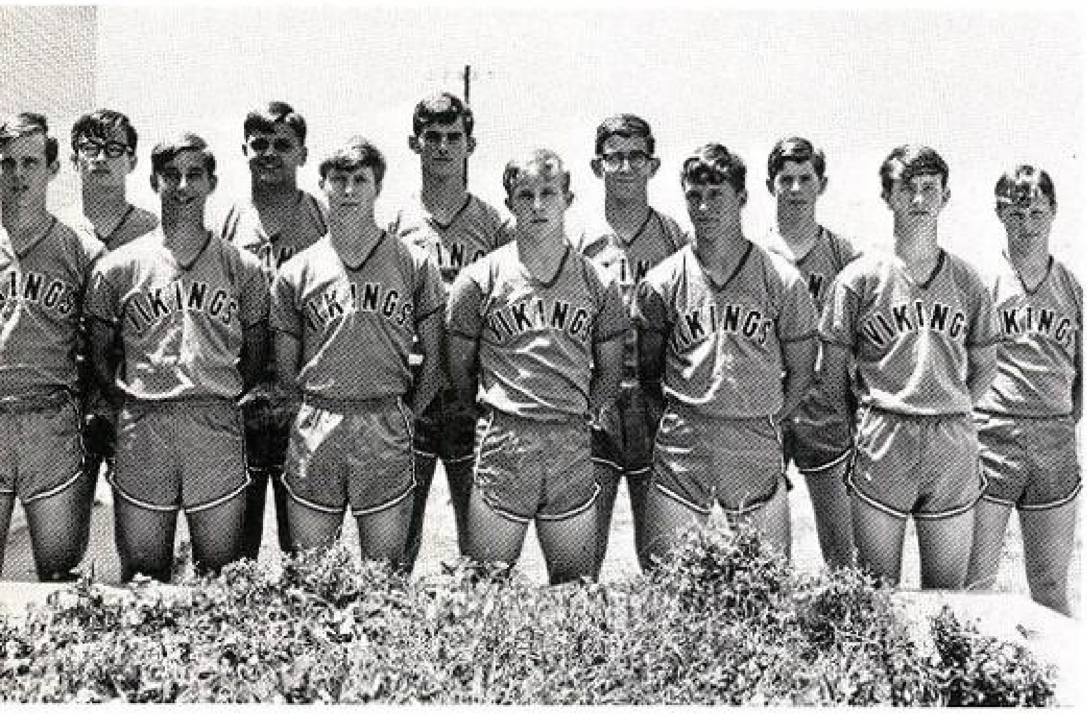
Mrs. Rogers explained verb tenses to Sammy Stroope.



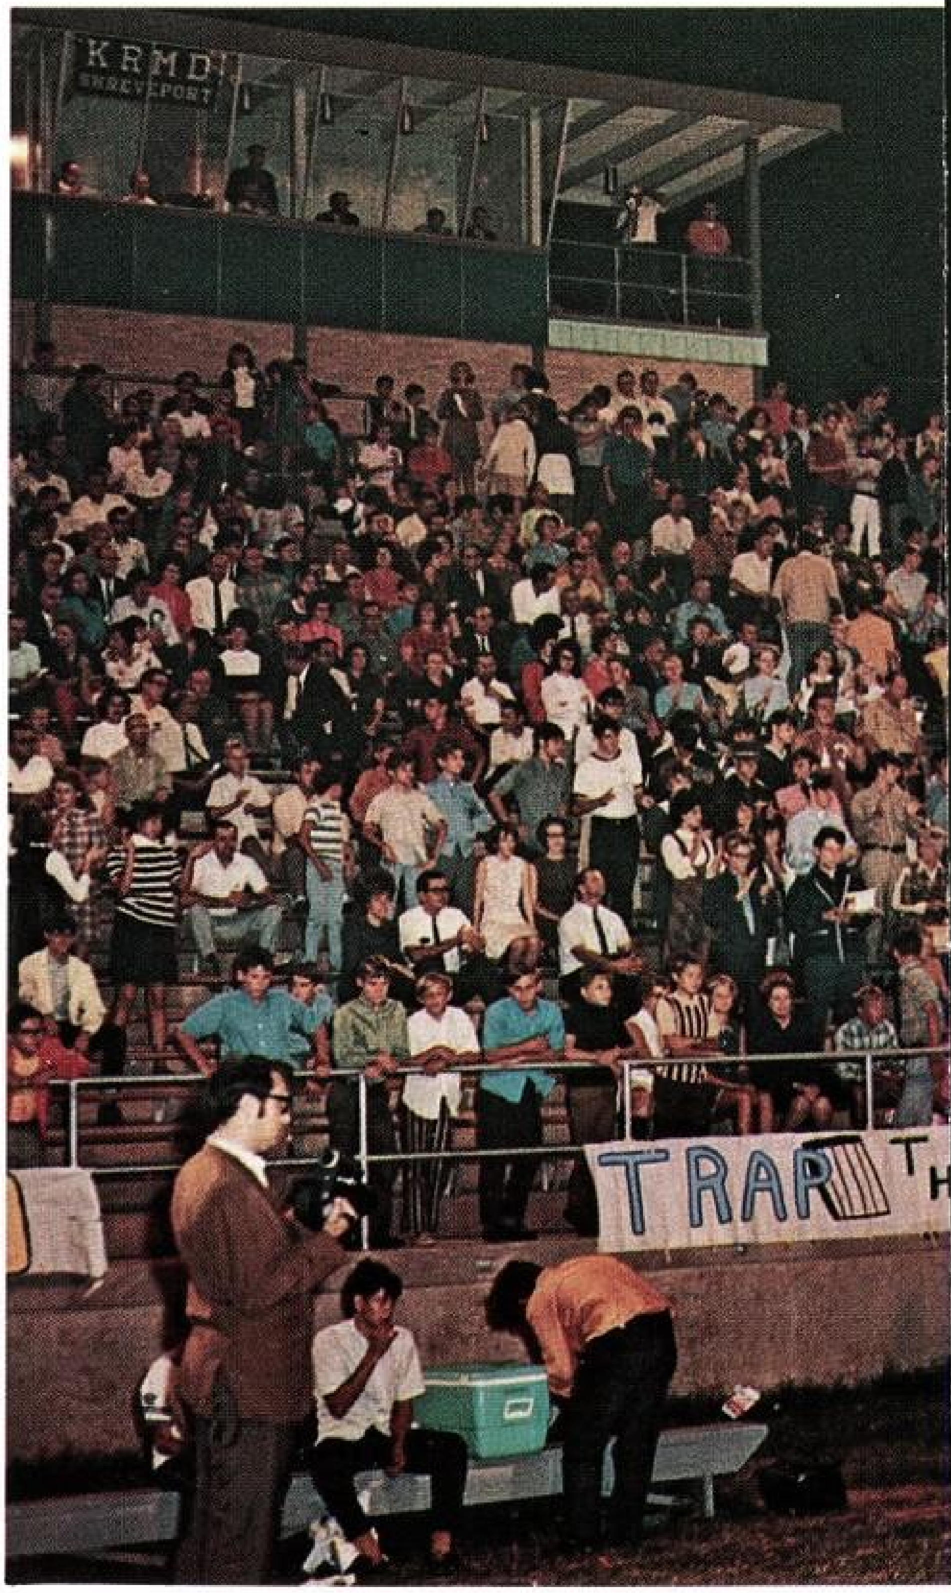
The football team sat in their special place during pep rallies.



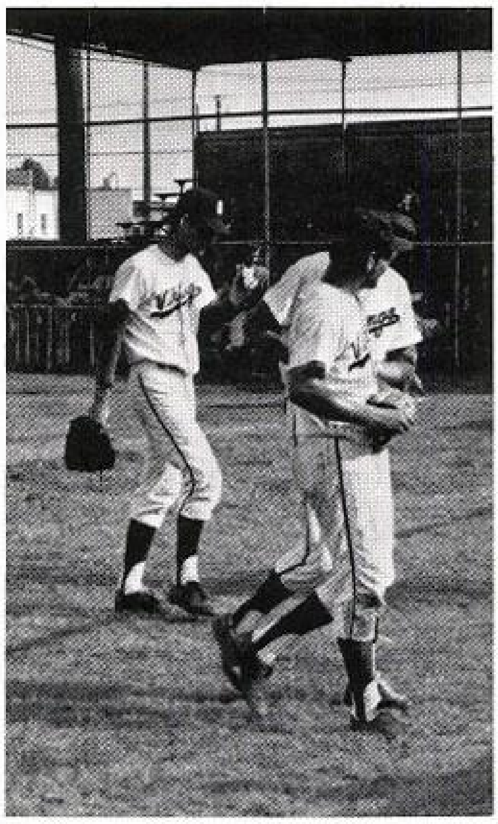
Mike Linton cheered the offense on.



The sophomore track team did an excellent job this year.



A big crowd was always on hand in the new stadium to cheer the Vikings on.



Players ambled to the infield to bat.

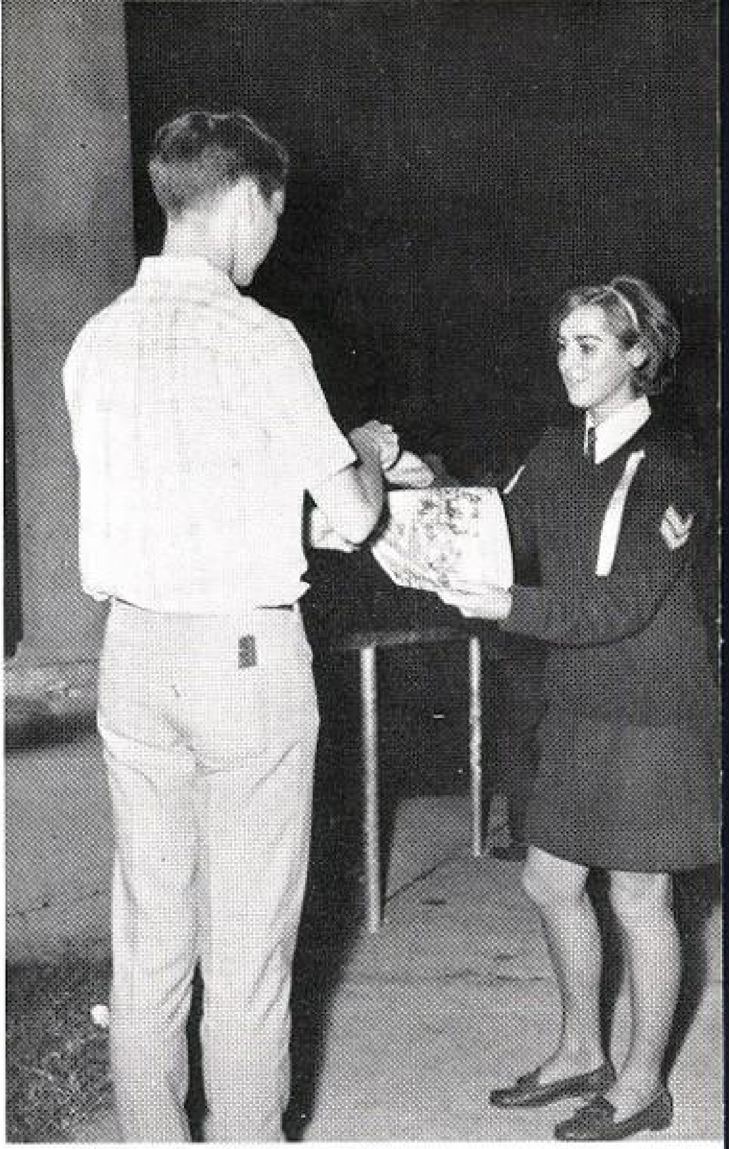
ATHLETICS

As we hurried about all our activities, we never seemed to forget the Vikings on the field, track, and court. Somehow, their pride, effort, and sportsmanship lingered in the backs of our minds.

Our enthusiasm spurred the boys on; their valiant team efforts created the winning tradition. Airline won again and again, not only because of our attitudes, but our determination as well.

Viking pride emcompassed the faculty and each student. This created the winning atmosphere and was a binding factor among all activities in our Viking world.

Lynn Brubaker and Barbara Ferrell prepared final copy sheets for the yearbook.



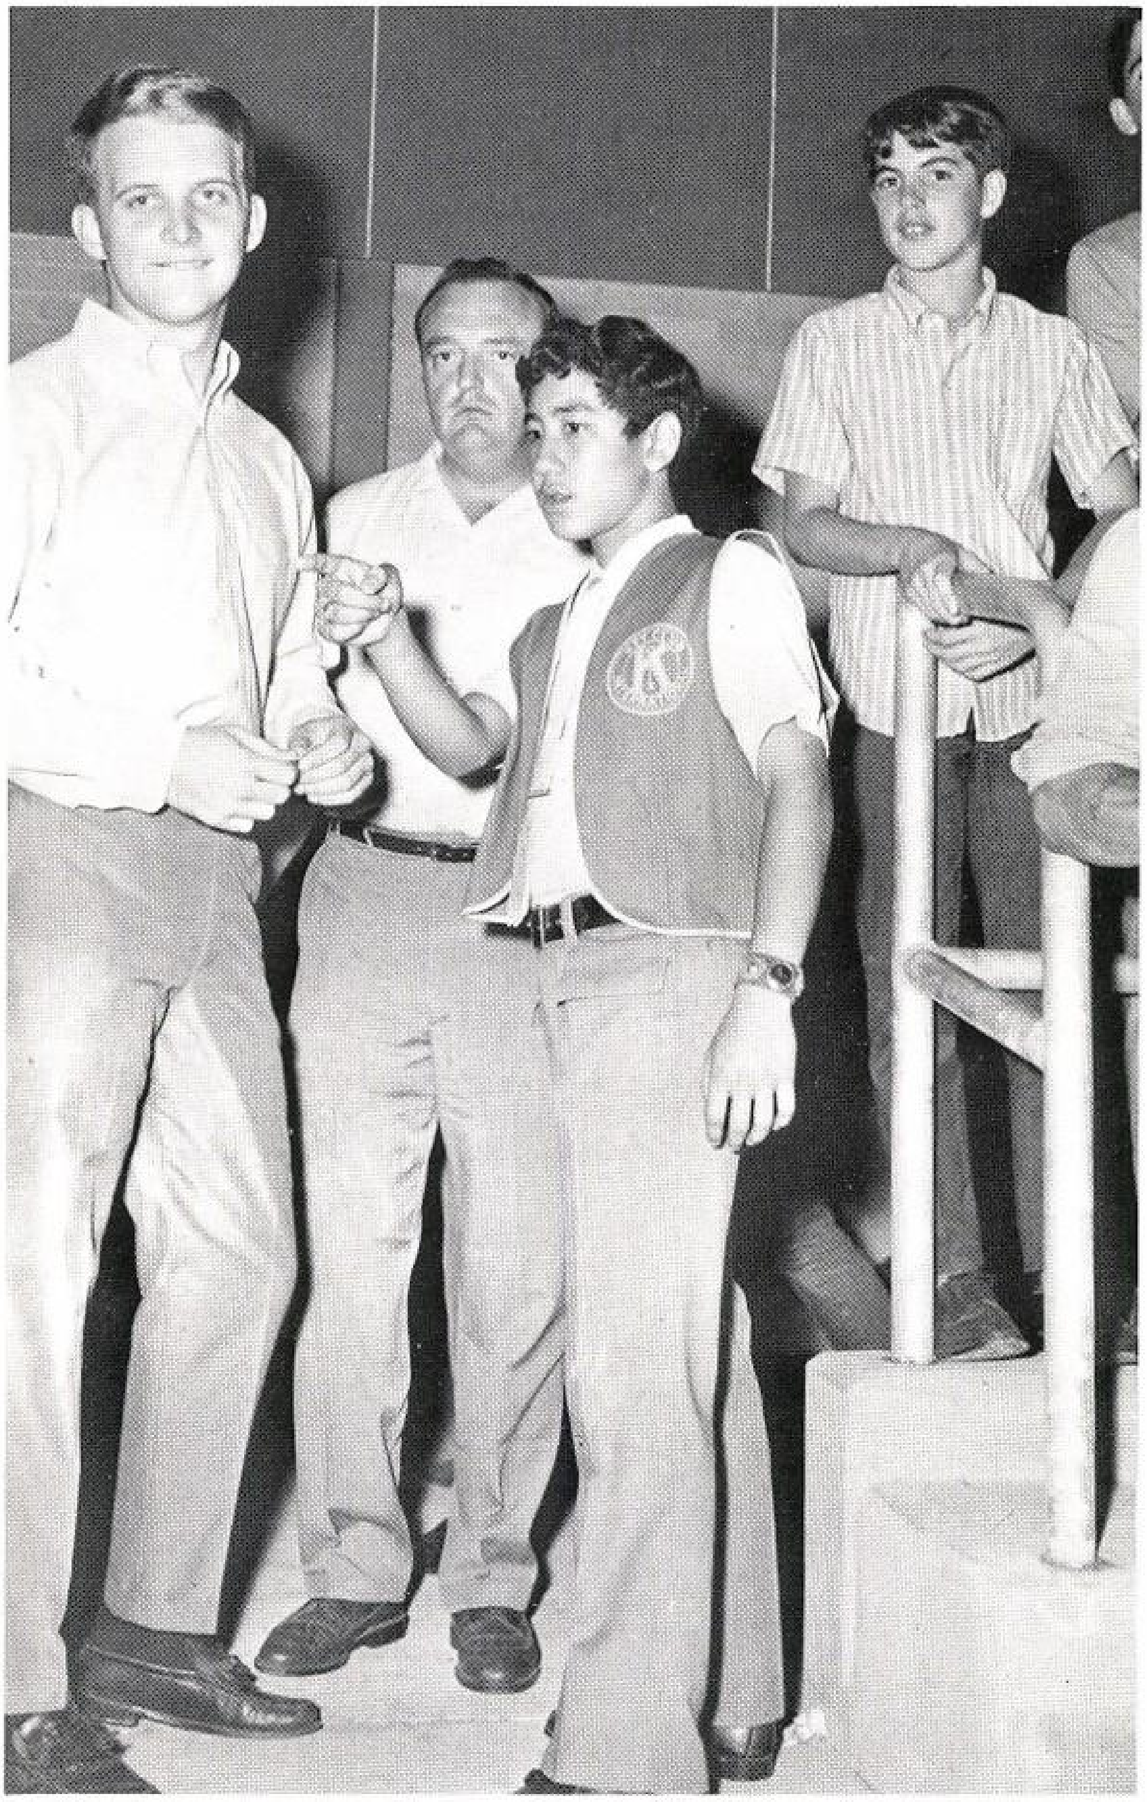
Alan Morgan purchased a program from Sharon Dunlop.

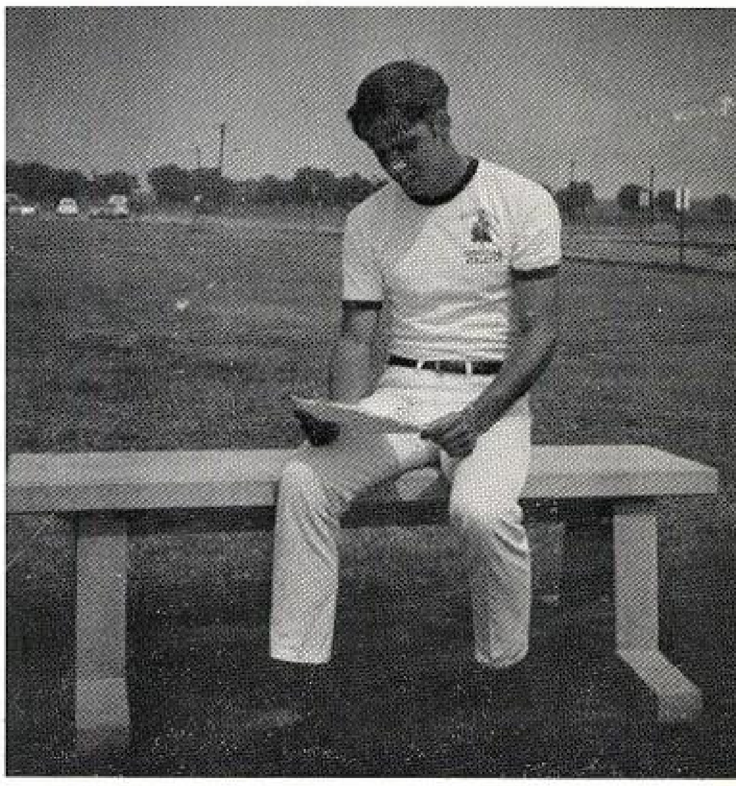
Skilled band members helped boost spirit with their playing.

EXTRACURRICULARS

The ability to accept additional responsibilities was really characteristic of the Vikings this year. In addition to our academic load, we participated avidly in extracurriculars. Vikings had many, varied clubs from which to choose. They ranged from service clubs to honor societies.

There were possibly times that our hard work was to no avail, but as we look back we can see our rewards. Our main achievement was that our efforts upheld the Viking-world tradition of being Number One.





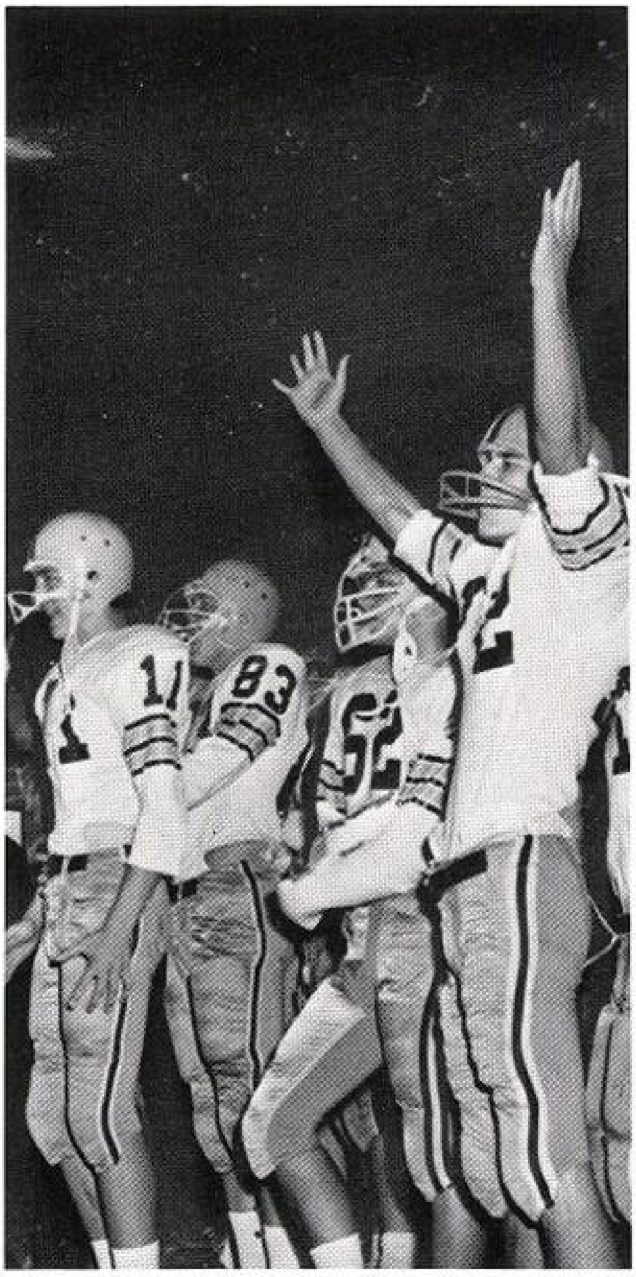
Mike Seale looked over the program of the FCA summer camp he attended.

Maureen Graham served as NHS president.

Key Clubber, Arthur Bernstein, ushered alumni, Lynn Chaffin, to his seat.

Future Airline students displayed enthusiasm at the games.

The Viking pep squad eagerly awaited the arrival of the football team.



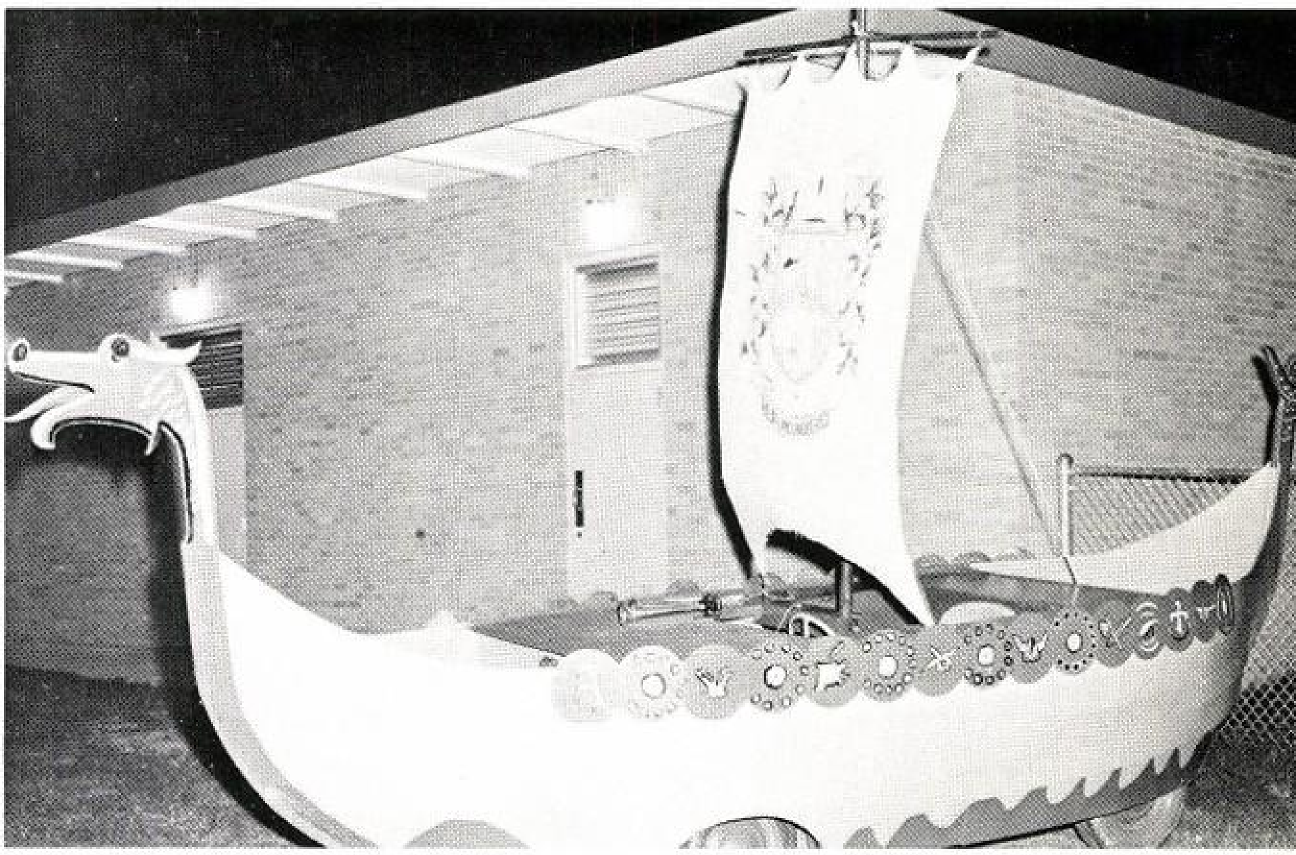
SPIRIT

Spirit was the key to our success this year in our Viking world, Airline. Our spirit was a basic loyalty that could be traced back to each phase of our school life. It gave us the determination to keep Airline Number One as we strove to uphold the Viking traditions.

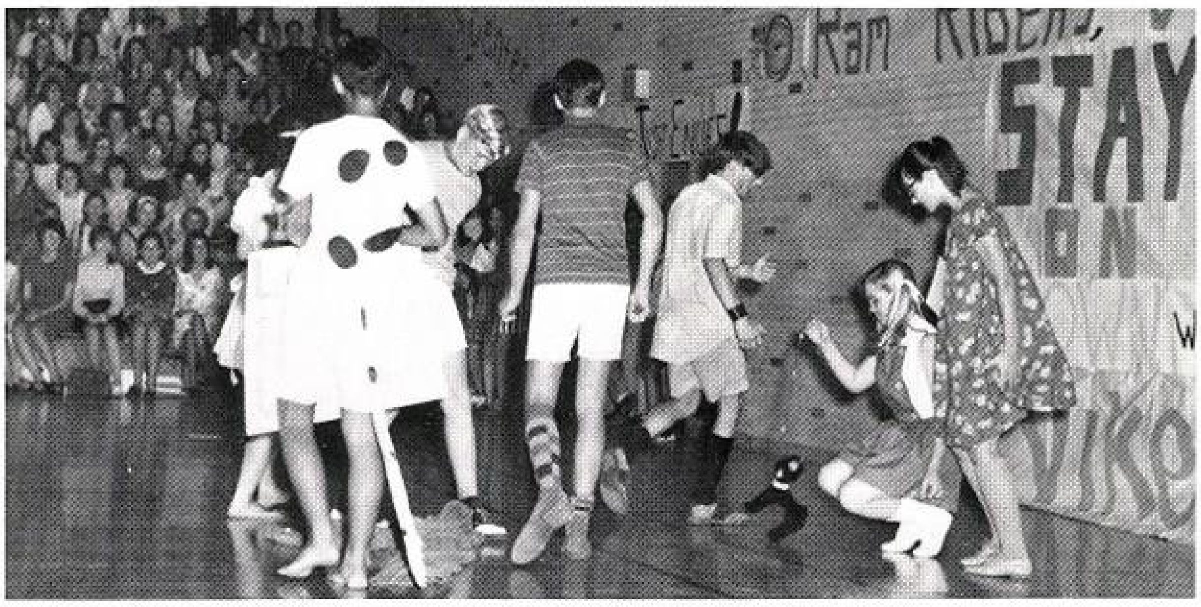
Viking spirit was abundant and Airline seemed to come alive with the enthusiastic faculty and student body. We desired to learn in our classes and worked hard in our clubs and organizations to prove that Airline could be nothing but the best.

LEFT: Sidelined football players cheered the Vikes on to victory.

Cheerleaders boosted spirit at a spirit breakfast.



The Viking ship was a symbol of our pride.

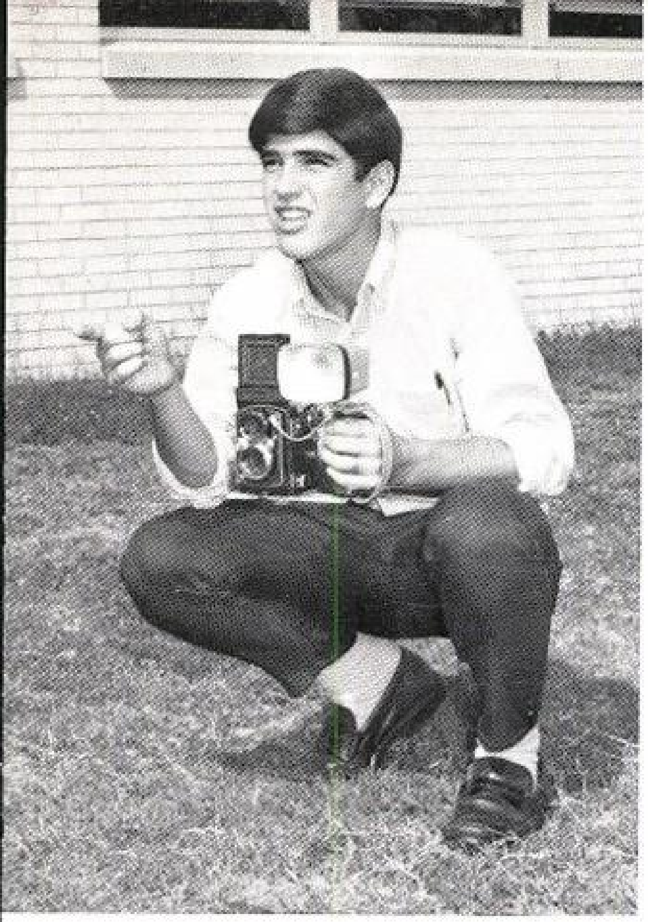


The band proved their spirit as they presented a skit at a pep rally.

Mr. Horneman presented senior class president, Gary Smith, his senior ring.

Through his studying, David Nogzilia achieved the honor of National Merit Semi-Finalist.

This Viking was a symbol of achievement from the seniors of 1968.

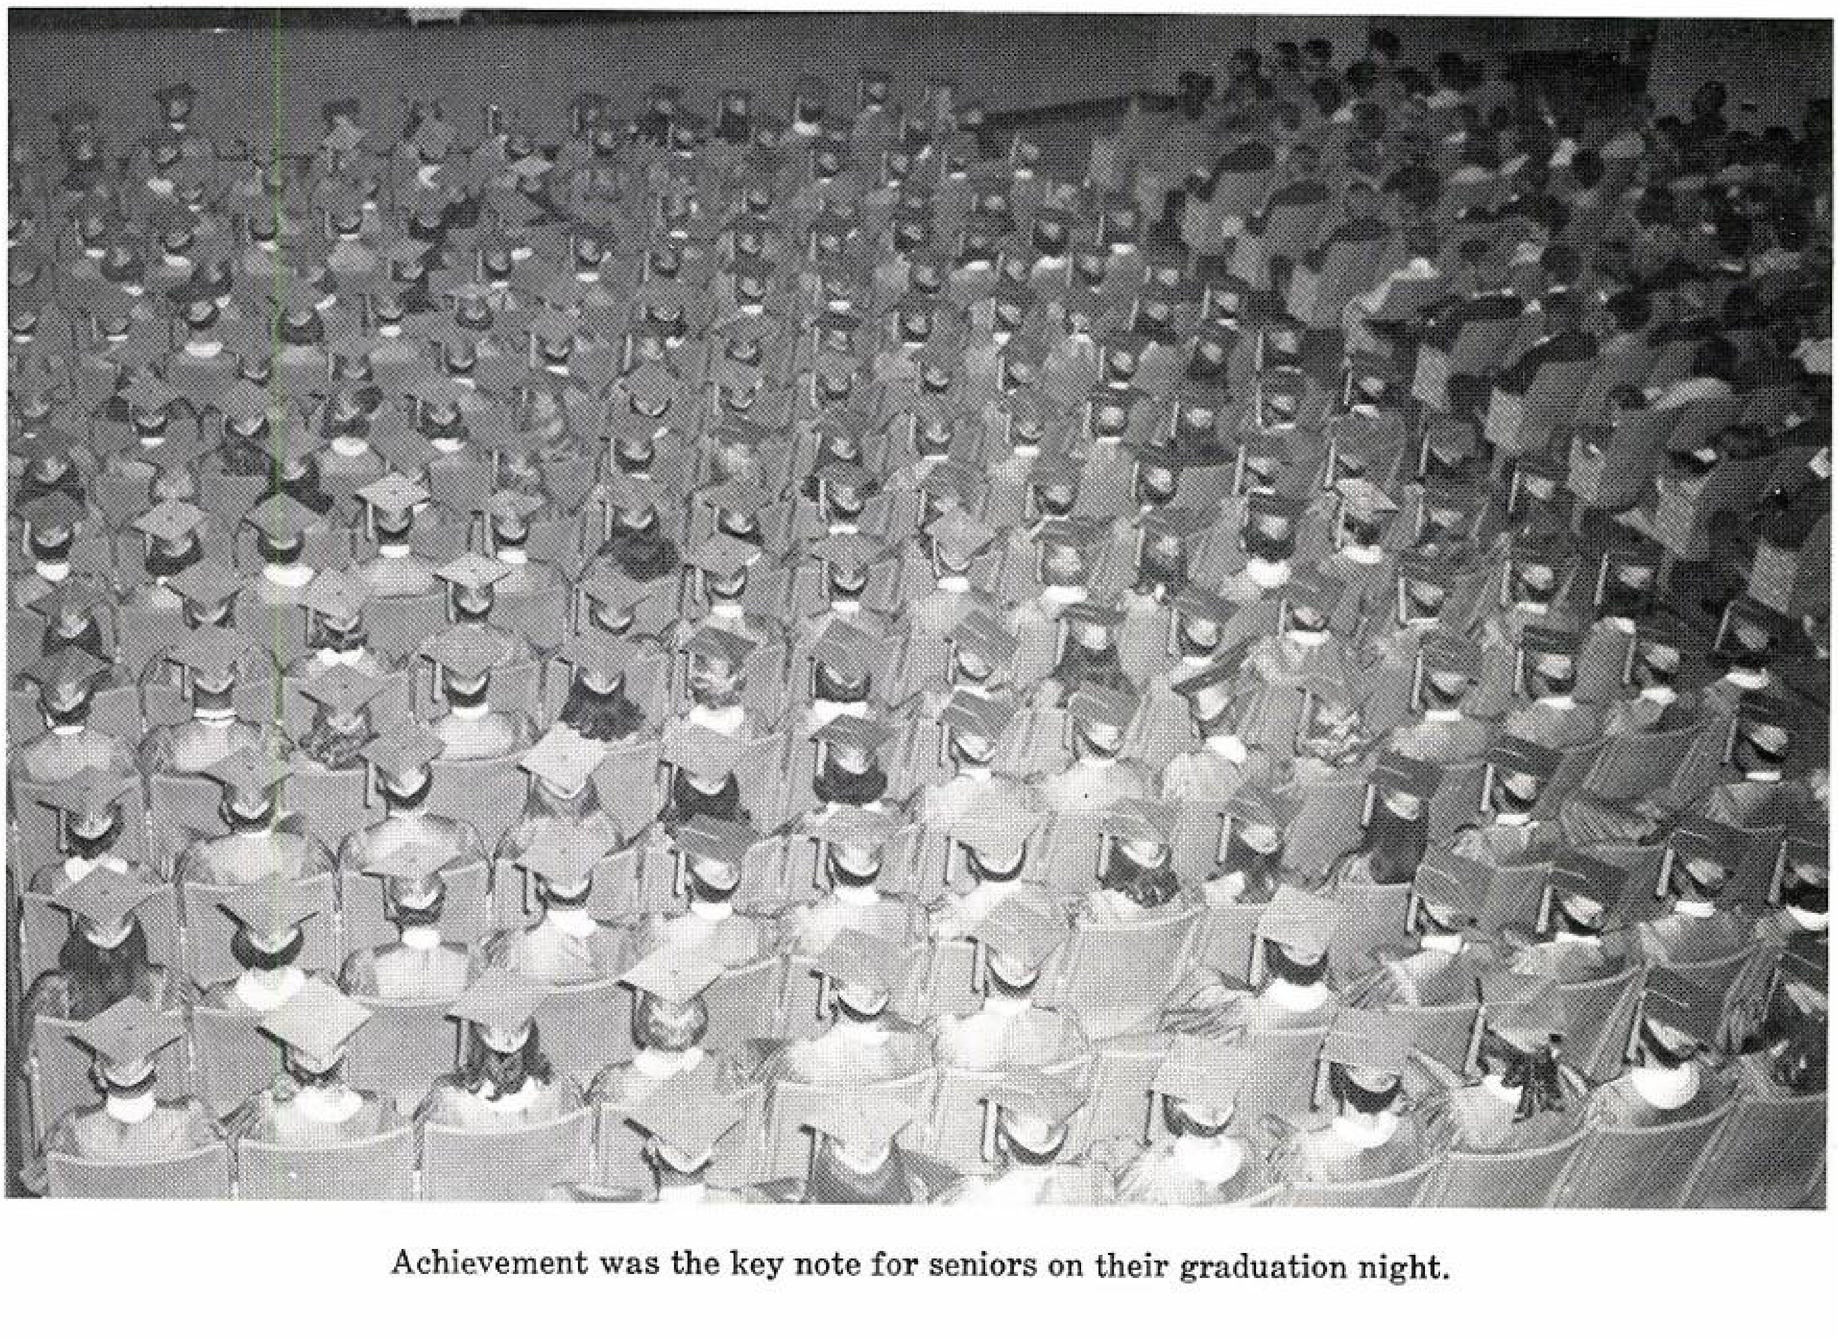


Awards were presented to Bob Jackson for his outstanding photography.

ACHIEVEMENT

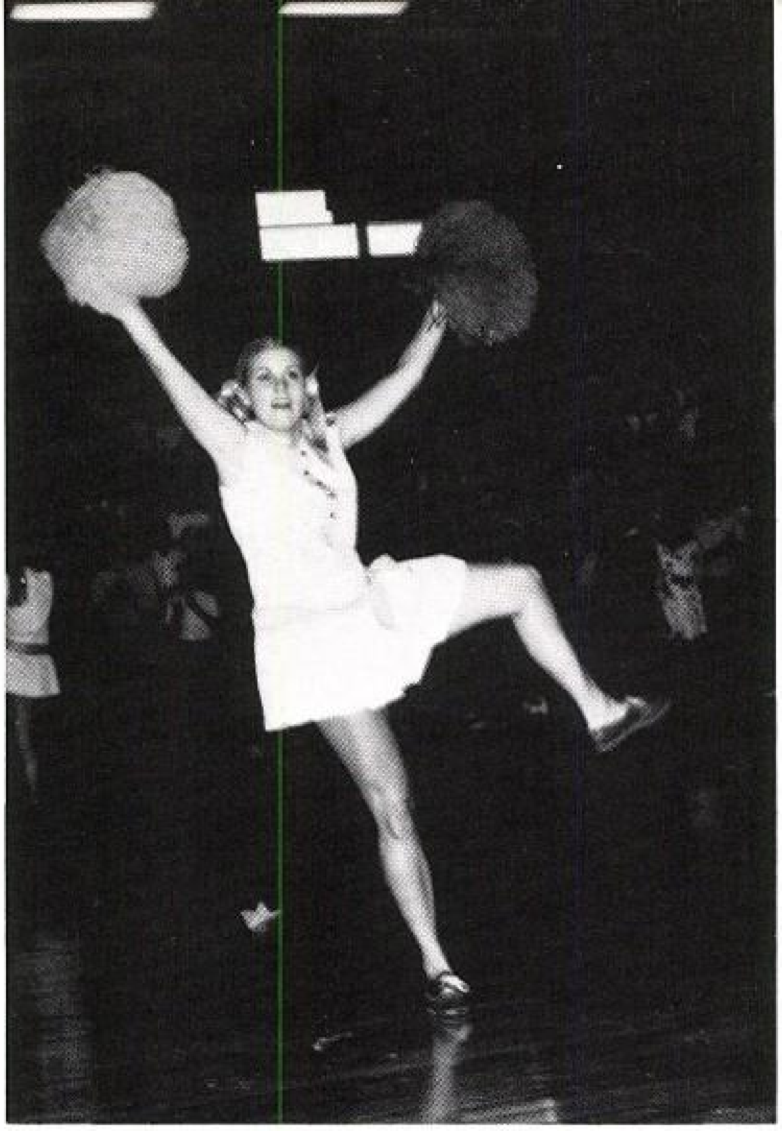
The one characteristic of a school that is most noticed by the community in which it is located is the number of outstanding students we claimed. Airline had many such students. There were two main reasons for this: the first was that there were so many different fields for a student to excel in at Airline, and the second was that Vikings excelled in everything that they undertook.

In our Viking world, we ventured into each new challenge with stronger determination and more steadfast courage than before. For each reached goal, a higher one was set.



Achievement was the key note for seniors on their graduation night.

Patriotic students showed respect as Key Clubber, Kevin Luter, raised the flag.

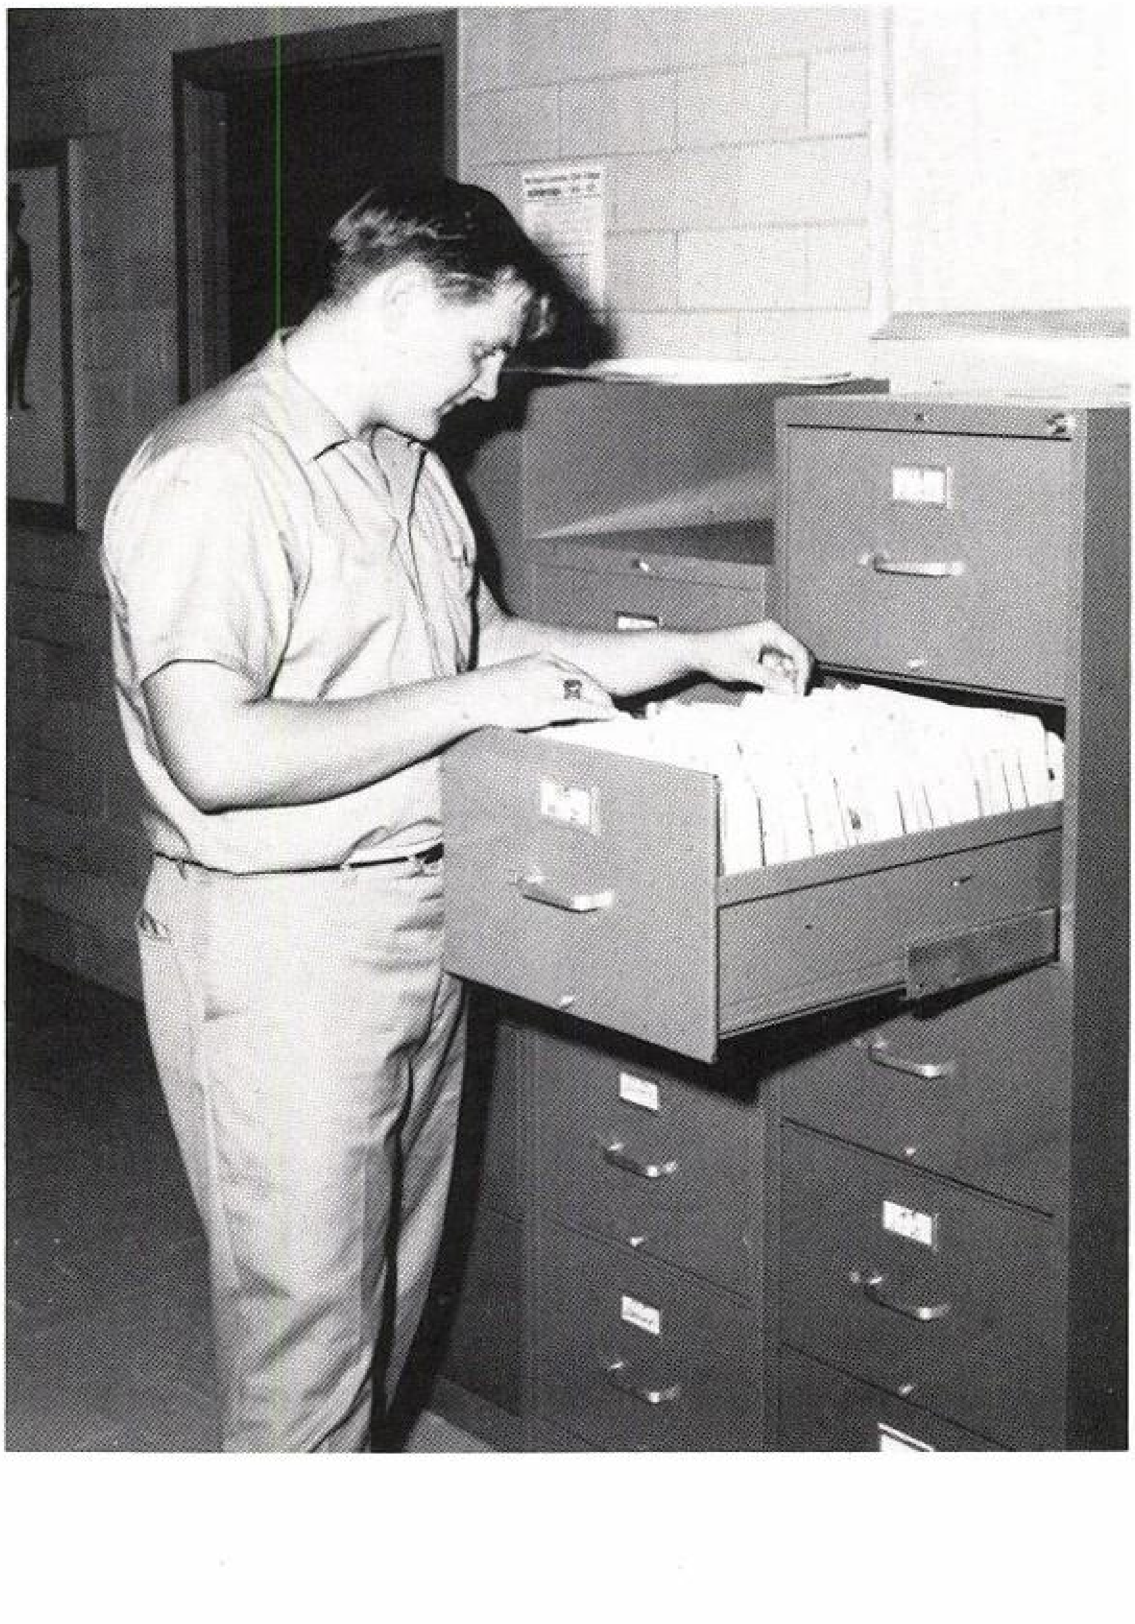


Marilyn Coffey displayed her abilities during a pep rally.

PARTICIPATION

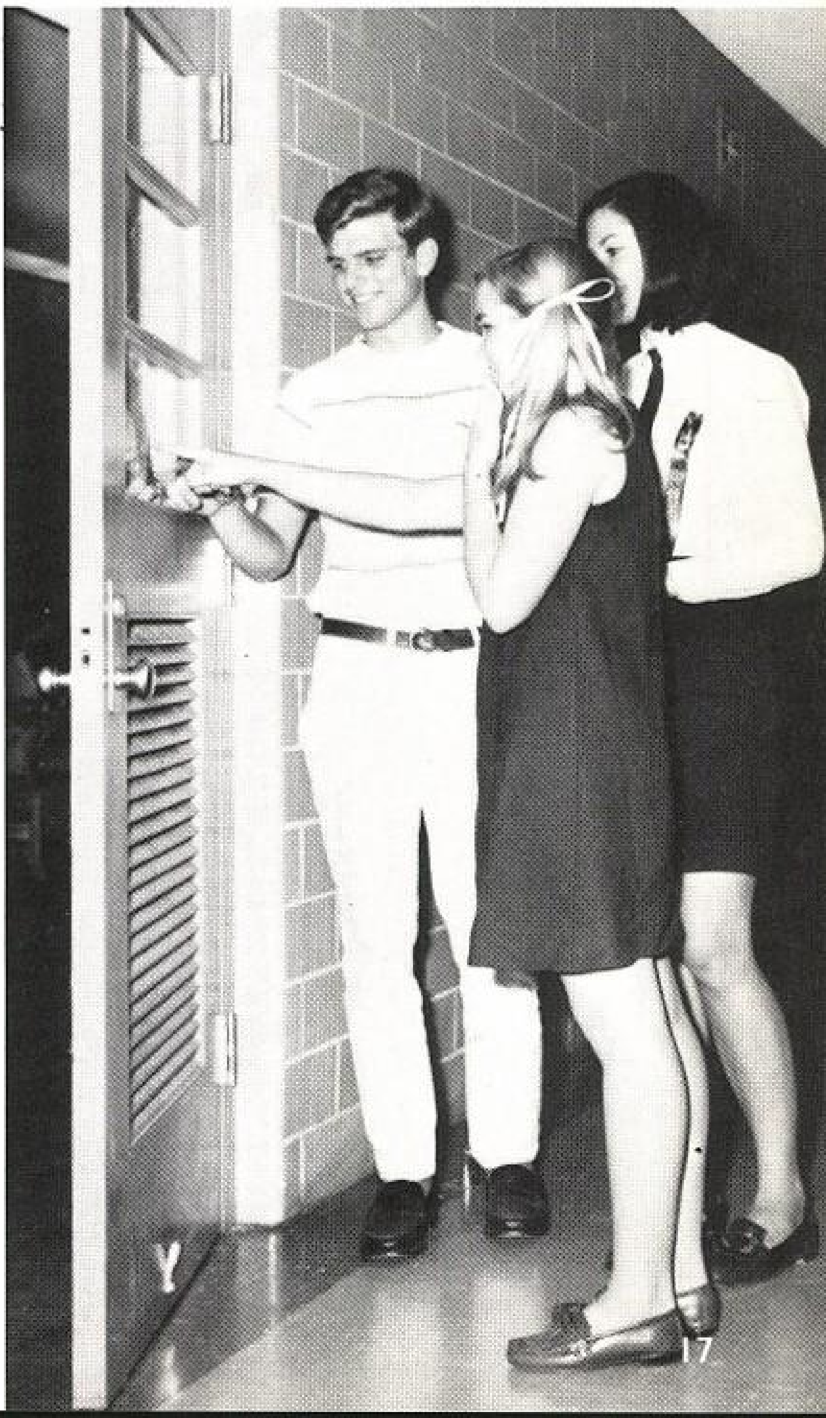
In our Viking world this year, there seemed to be opportunities on every hand for participation. Service and improvement to our school and community were the main goals of the participating individuals. At Airline these goals were almost traditional because for each preceding year there were new services performed and new improvements made.

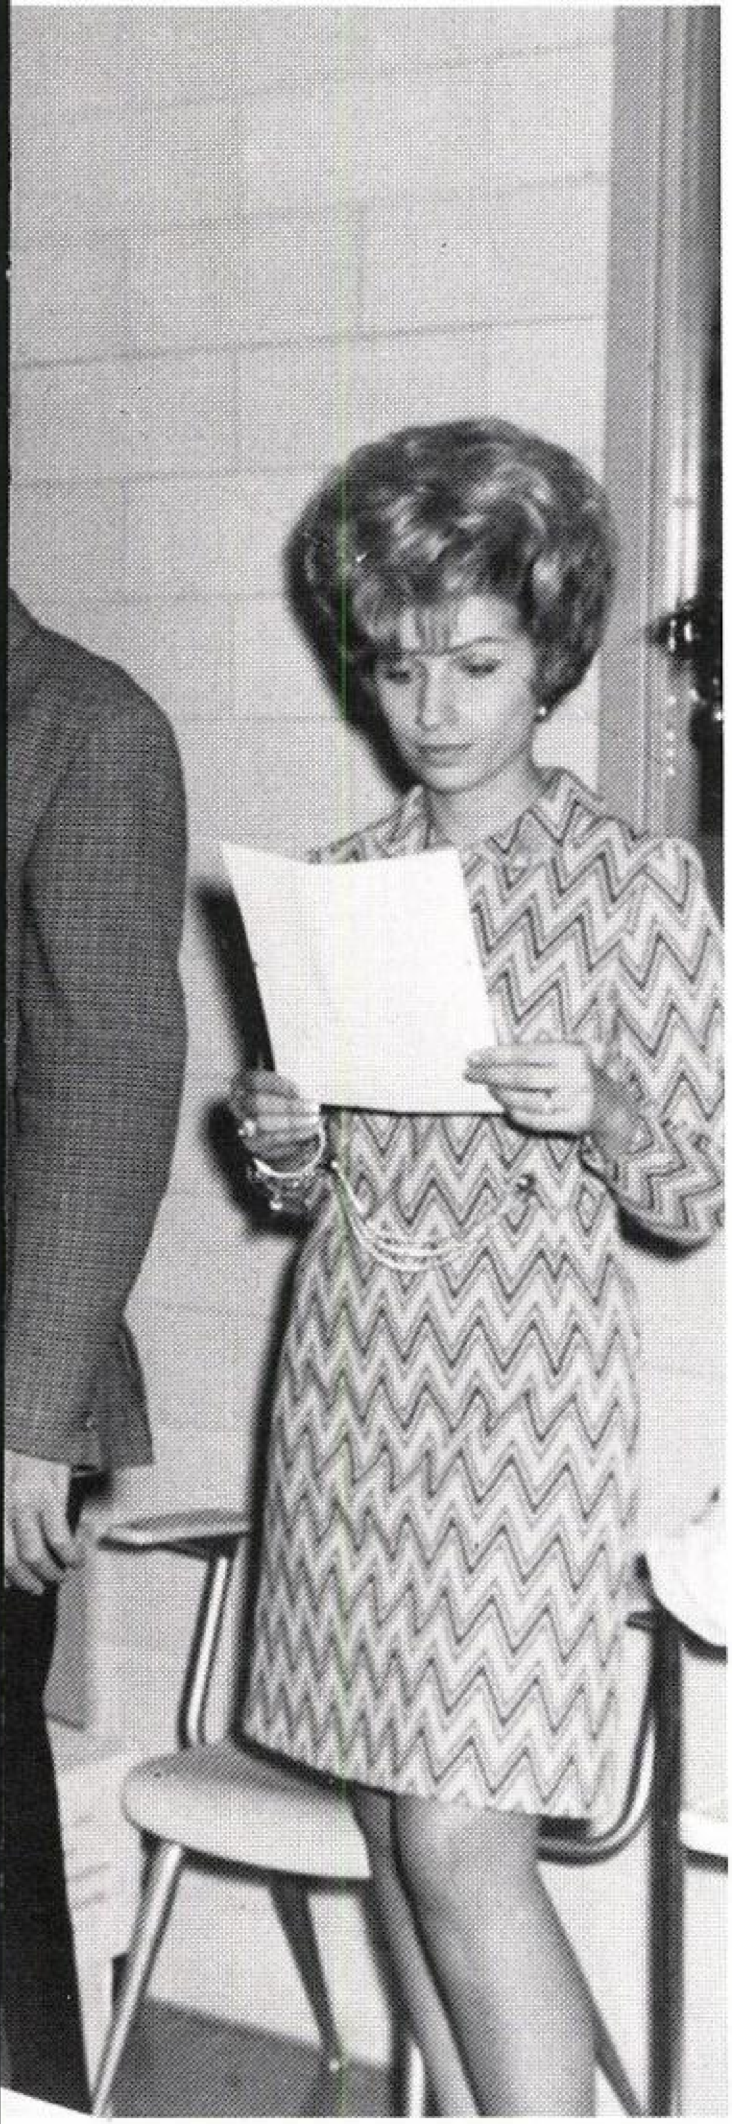
Our great, Viking participation was what helped keep Airline Number One material.

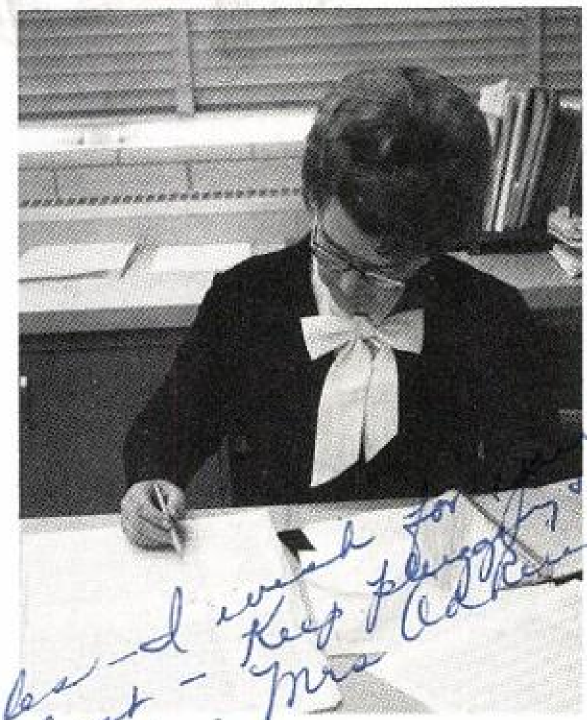


LEFT: Richard Wallesverd helped counselors by keeping the files in order.

Seniors registered surprise as they learned that they had been selected for the senior play.



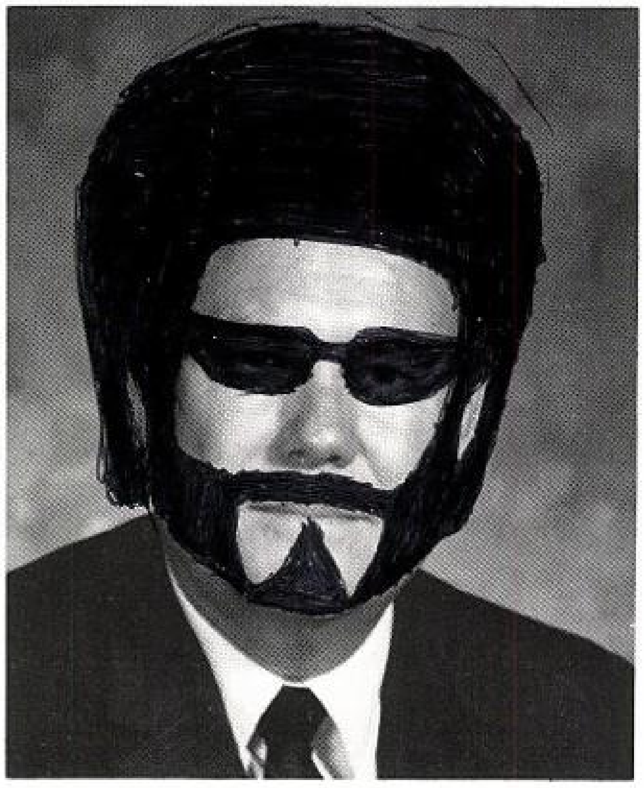




Charles - I wish for you
the best - Keep playing & you'll
make it. Mrs Adkins

ADMINISTRATION

Robert Horneman
Principal

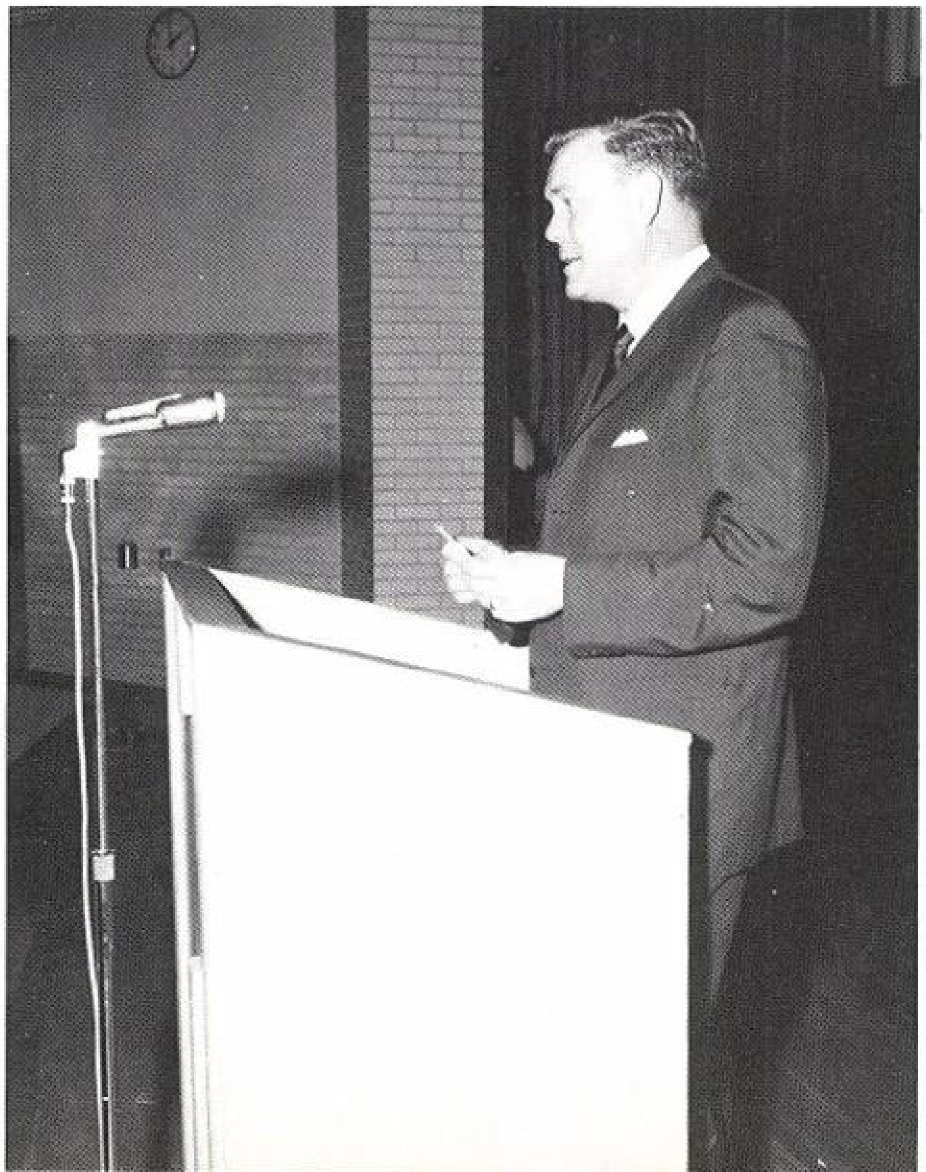


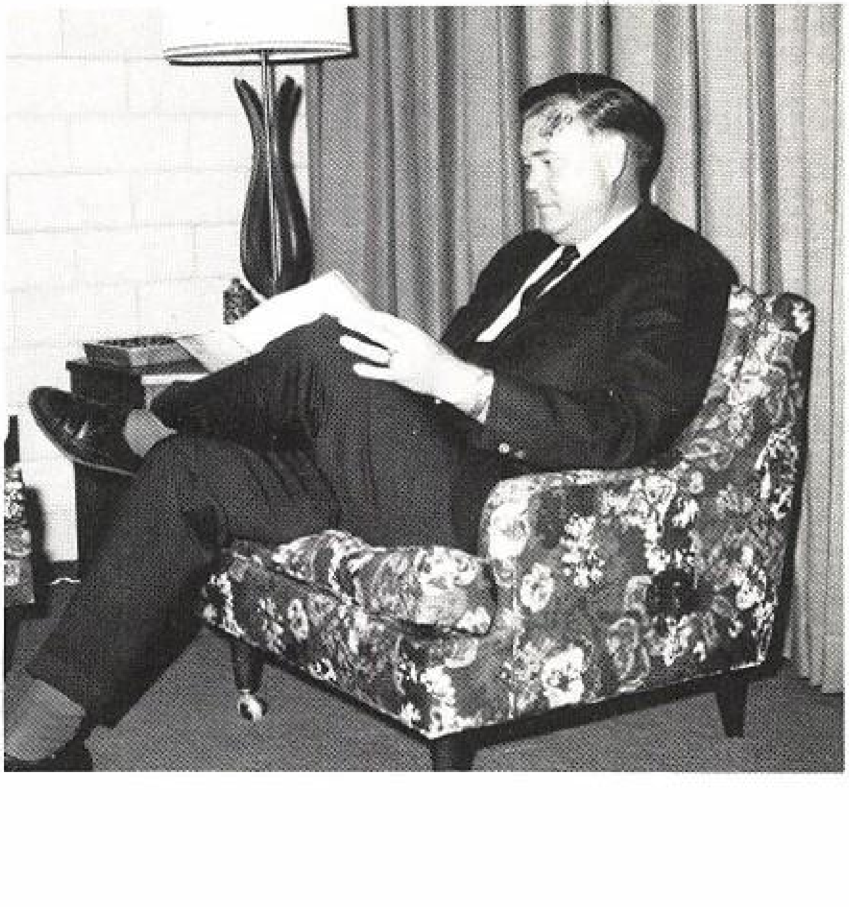
Mr. Horneman varied his daily routine by walking the halls and relaxing with a cup of coffee.

Mr. Robert D. Horneman has remained Airline's principal during the past six years. Expansion and progress have found him collaborating with the school's new computer program and his responsibilities have been furthered as he also presided as Dean of Airline Junior College.

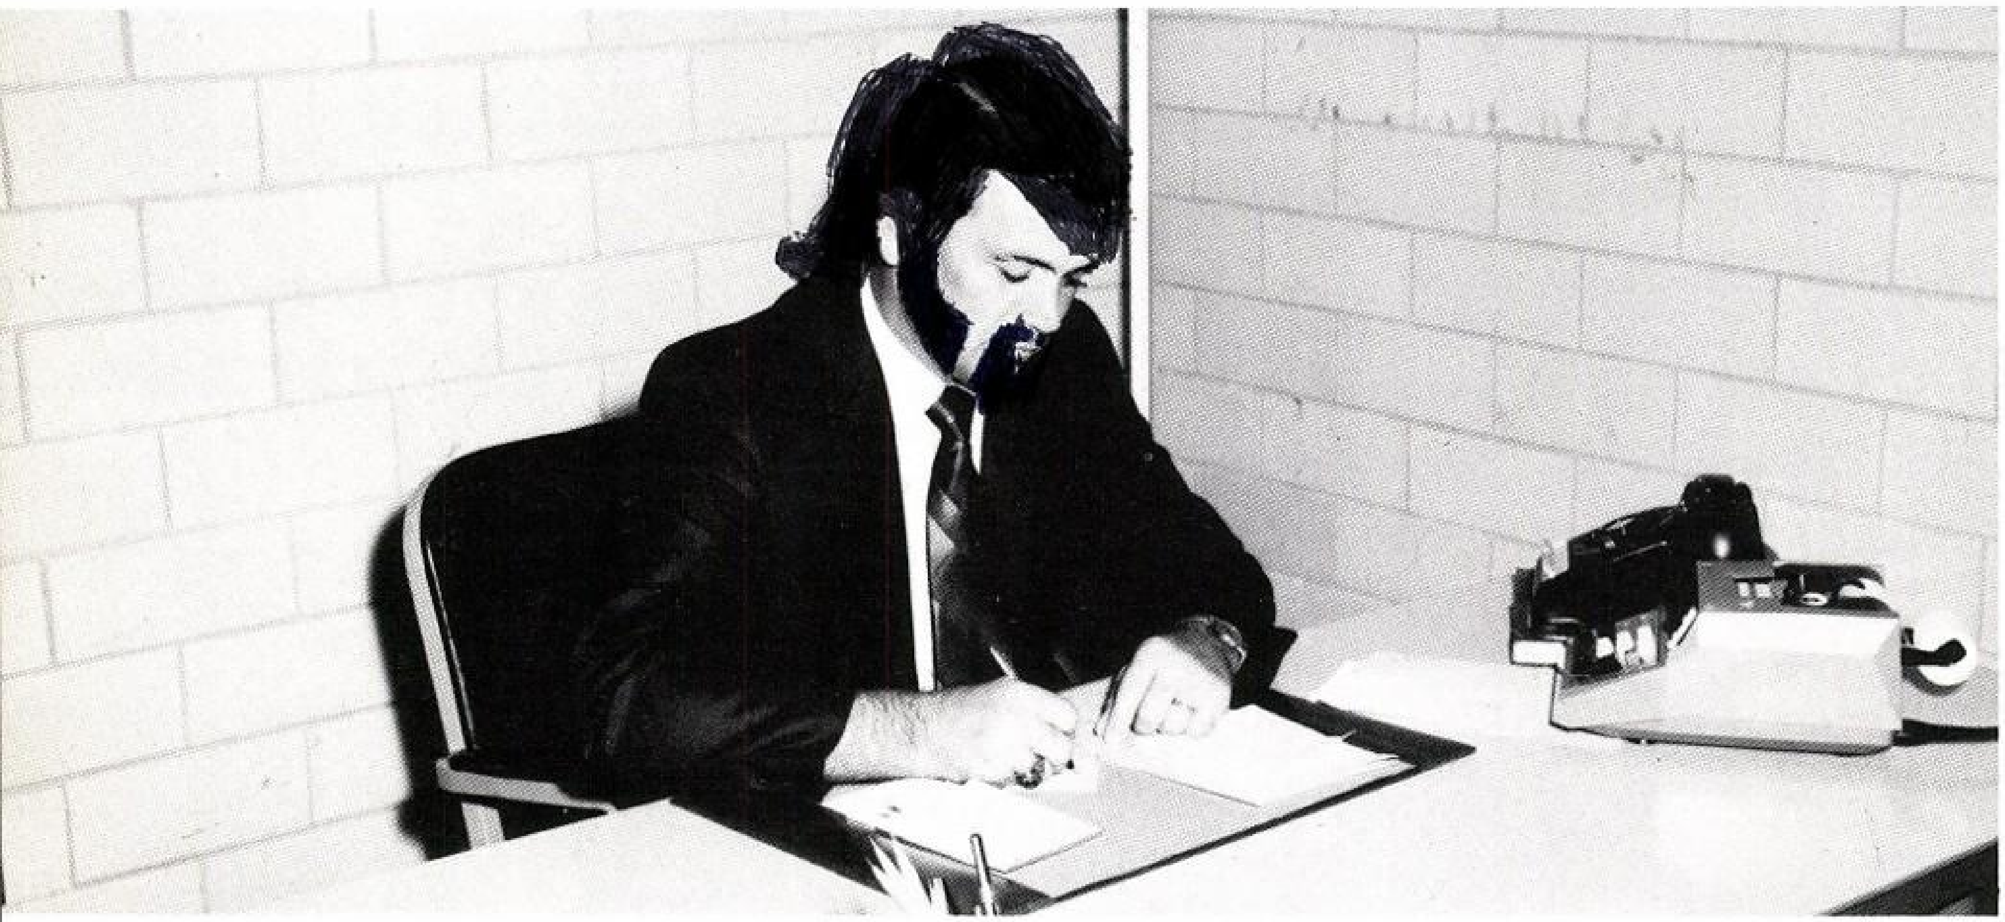
Of Airline's past six years of tradition and spirit, Mr. Horneman has been extremely proud of such a changing and growing institution.

Mr. Horneman stood with Diane Barksdale, homecoming queen, and his daughter; told freshmen of their duties at Airline, and read a yearbook in his office.

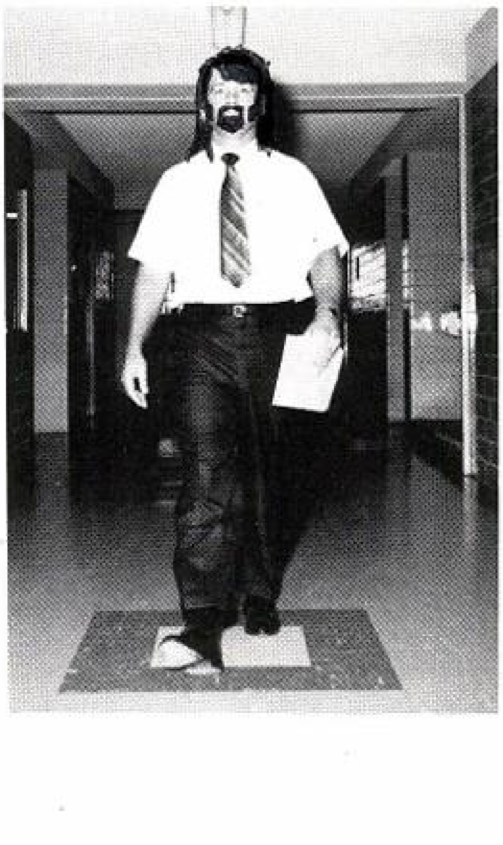


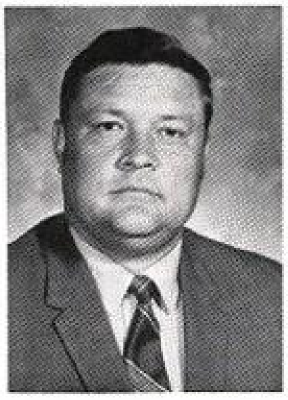


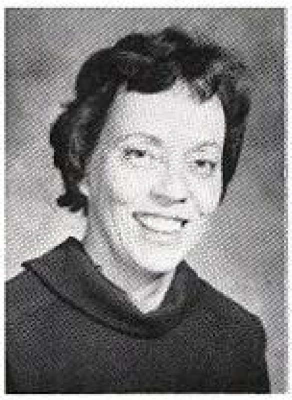
Earl Haynes
Assistant Principal



Mr. Haynes' duties, though varied, were necessary to have a better school in discipline and order.







Counselors Assisted Students in Subject Choices

The counselors, Charles Anderson and Polly Stroud, helped students during the year to schedule subjects, solve problems, and plan future careers.

ACADEMICS

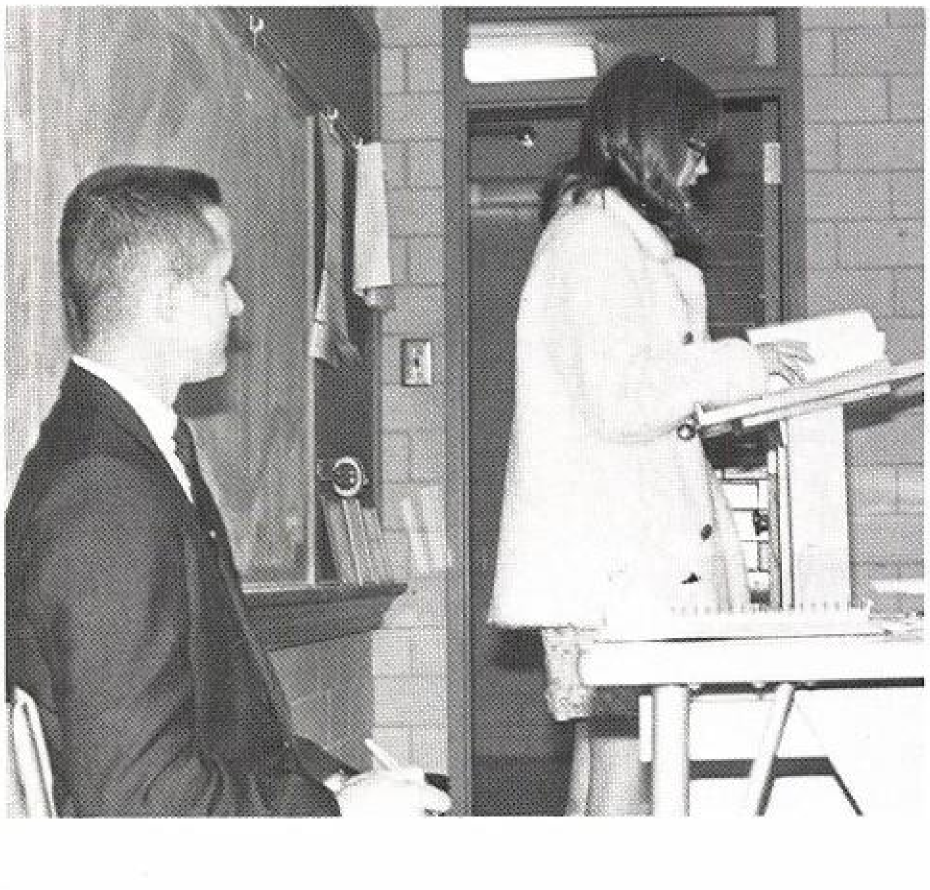
English—Provided Challenges to All

The English courses at Airline prove to help students with their every day life. Each English teacher puts forth his best effort to teach his students the importance that it brings.

English courses are stressed very much and though only three years are required many students take the fourth year as it will help prepare them for college years.

Mr. Parnell listened attentively as Sue Lovelady gave her book report (right).

Miss Jones daily displayed her "good-morning" smile.



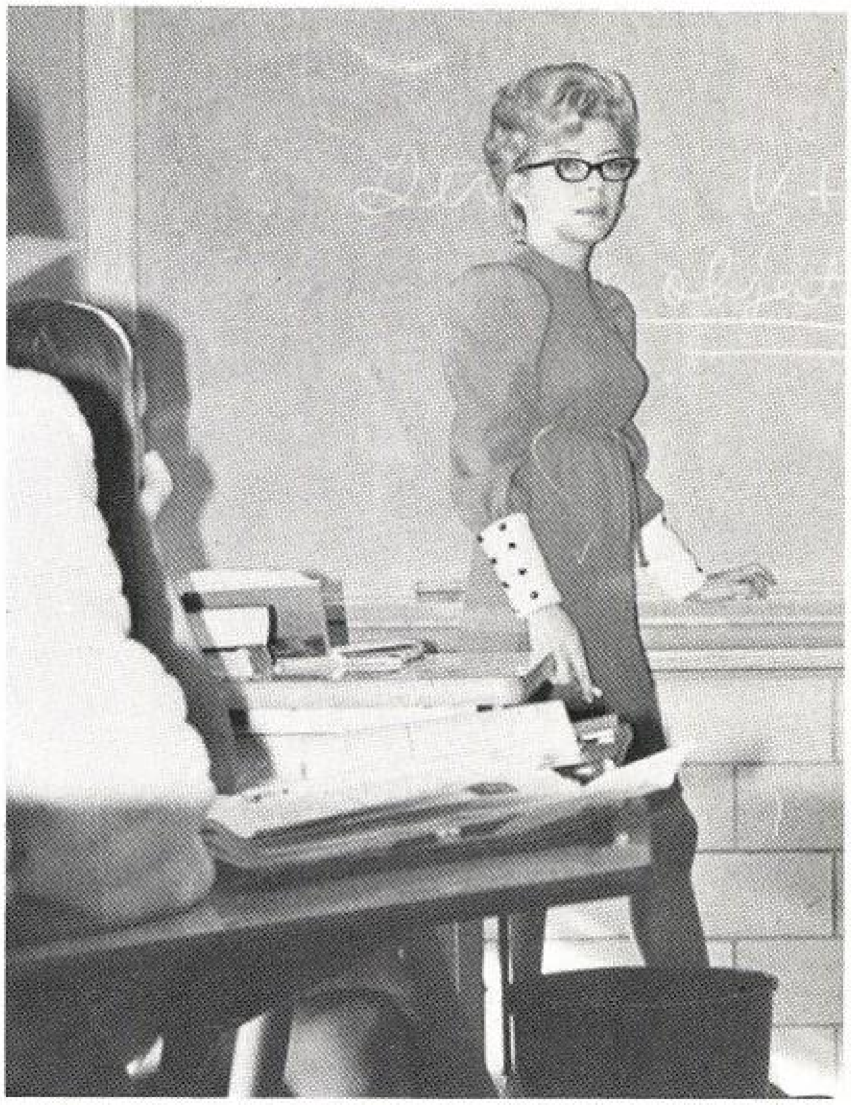
Mrs. Gillian often talked to her students about the importance of English (top right).

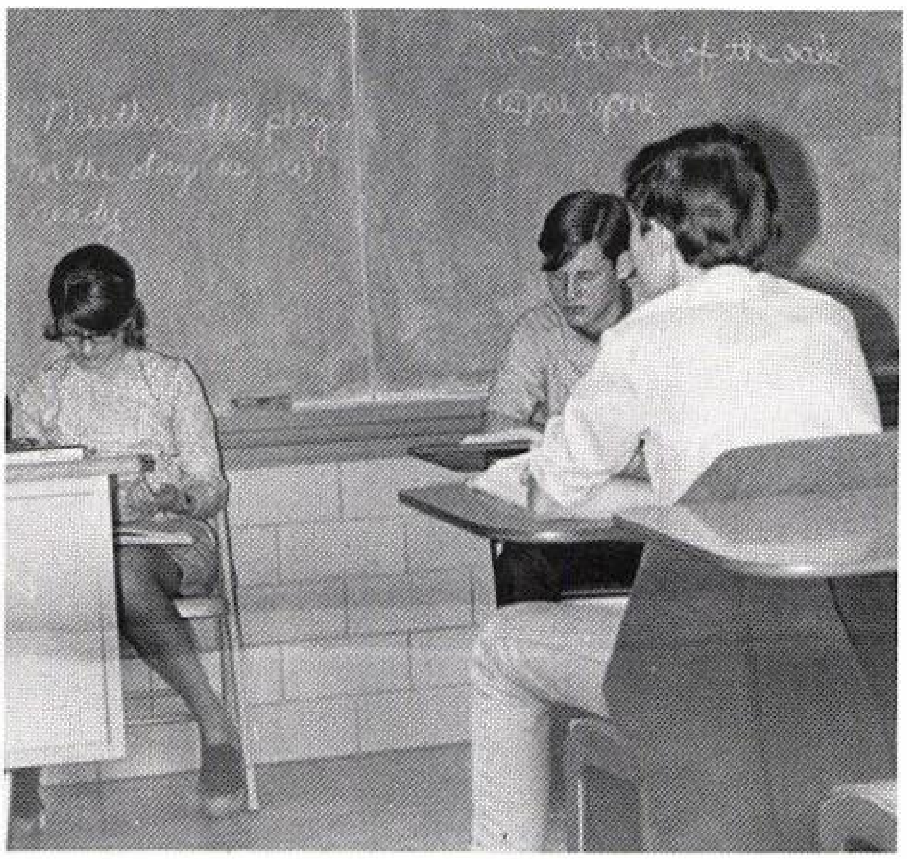
Students in Mrs. Stevens English class awaited their instructions for a test (middle right).

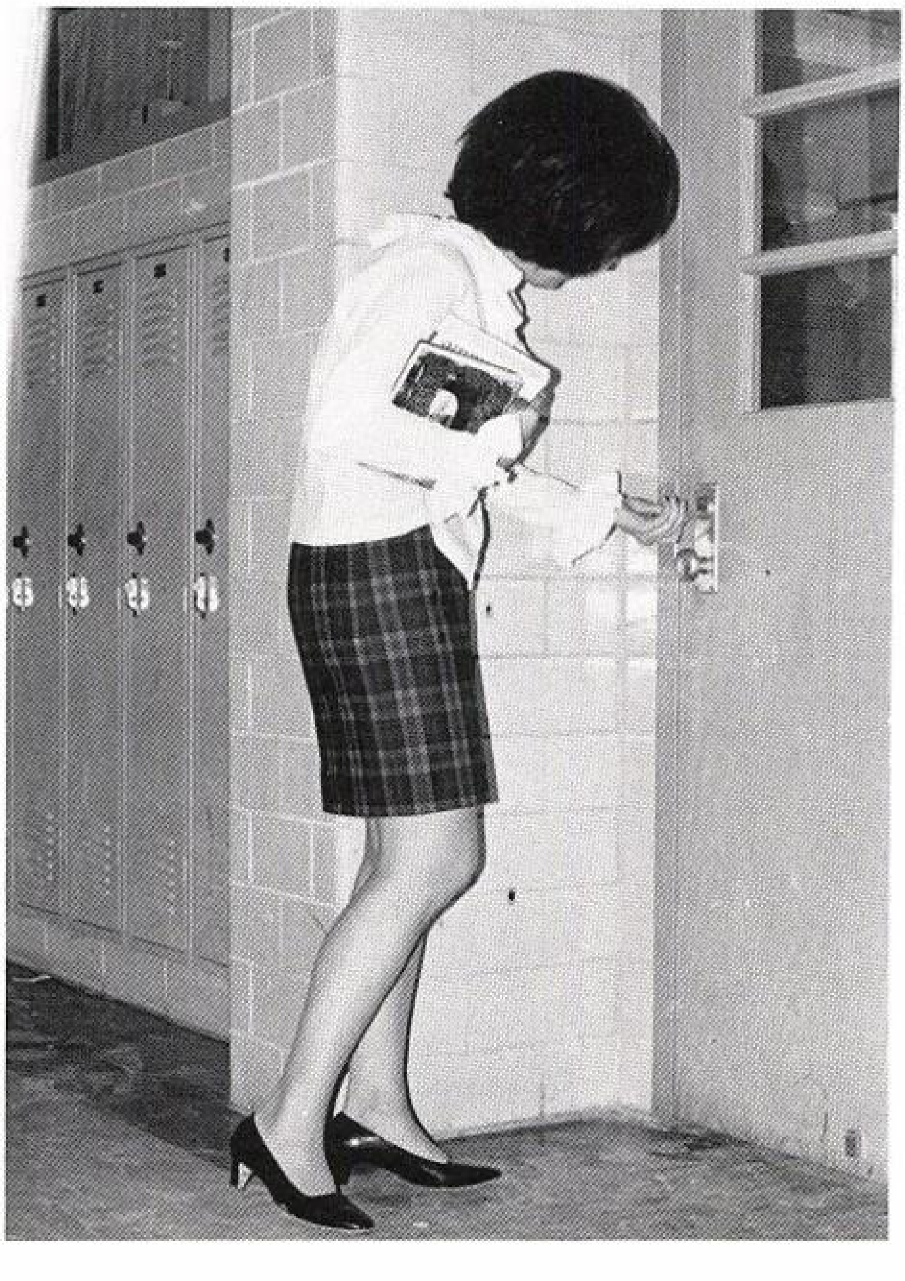
Mrs. Rodgers' class listened closely as she reviewed the lesson for the day (bottom right).

Mrs. Blackadore locks her door at the end of a very busy day (bottom left).

Students in Mrs. Walden's English class were always learning to do the correct things.



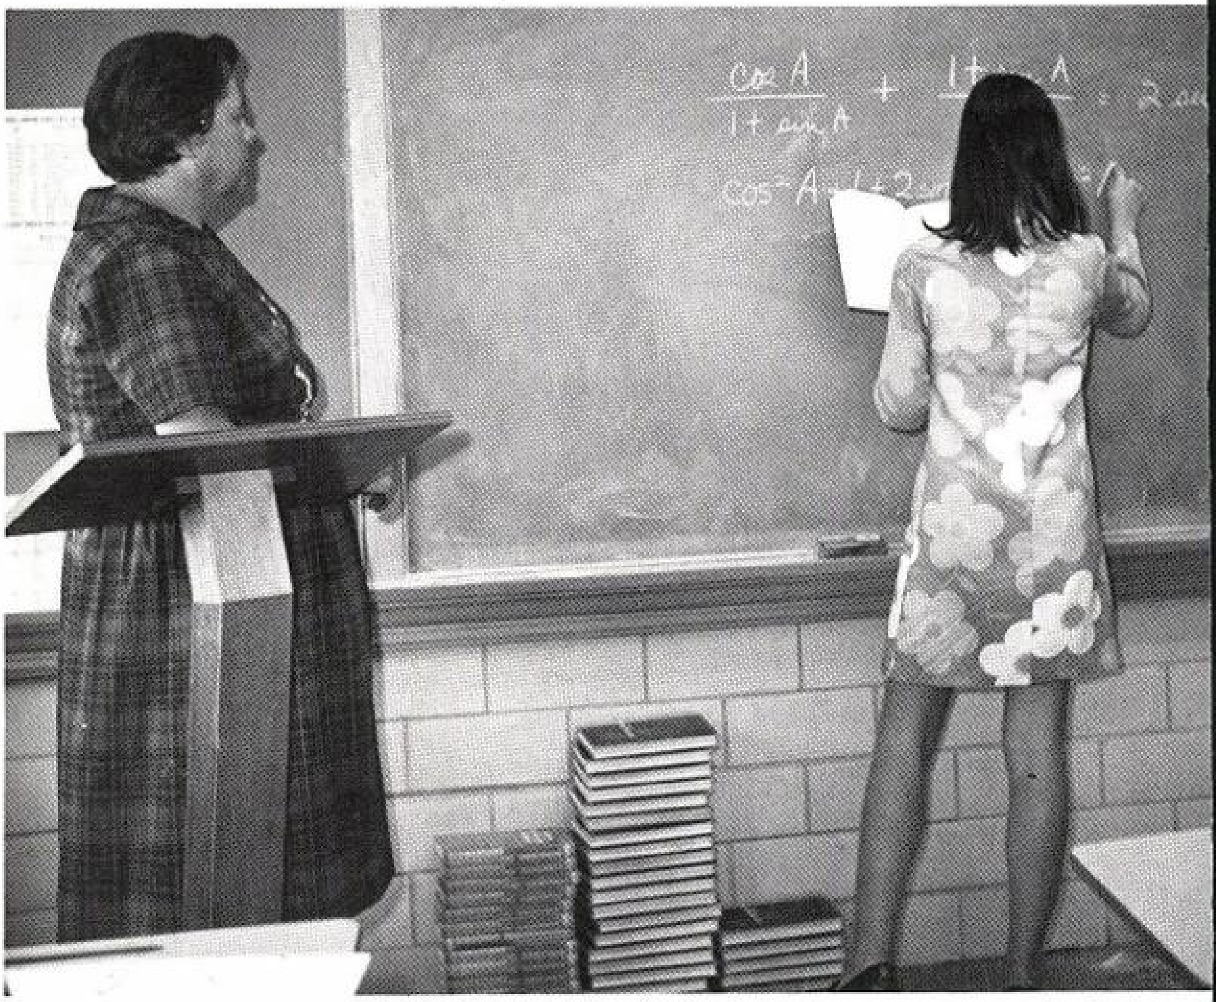


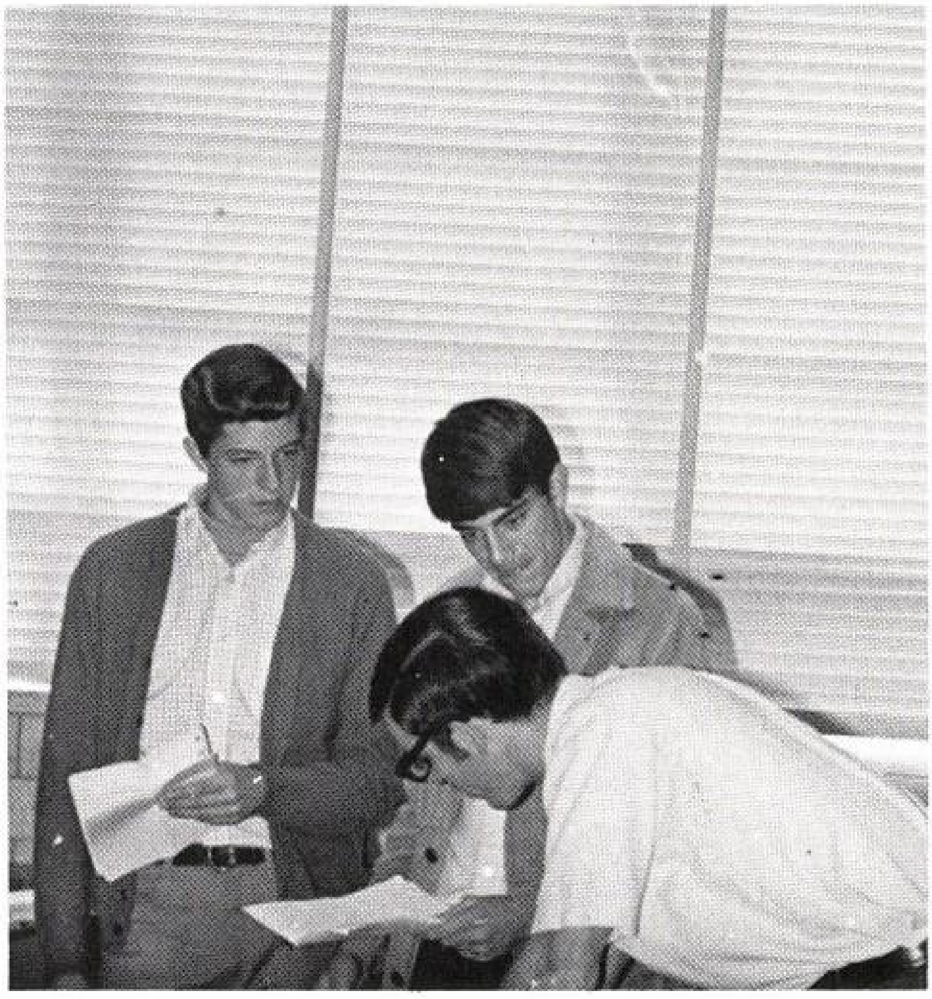


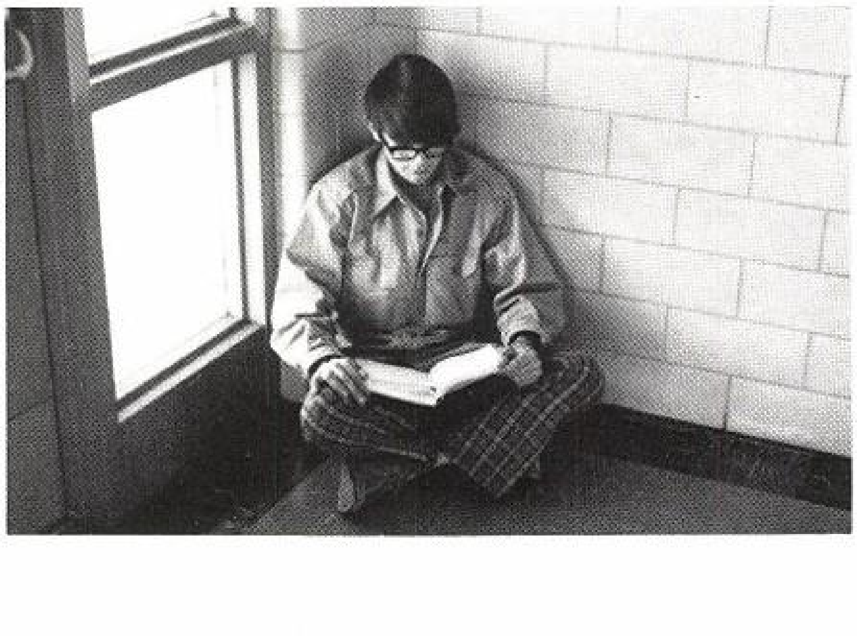
Mathematics—Vital for the Future

Problems, problems everywhere. That is the main reason Airline has math classes. These courses enable a student to solve these problems and prepare him for more to come.

With the aid of good teachers, each student is given a chance to learn the importance of solving problems that occur in everyday life.







Mr. Ruttle looks over very cautiously the papers of David Vaughn and Berry Shipp.

Mrs. B. Cox assisted Gail Sturdivart with her Algebra problem (top left).

Come on Steve, is that the only place you could find to study . . . in the corner (bottom left).

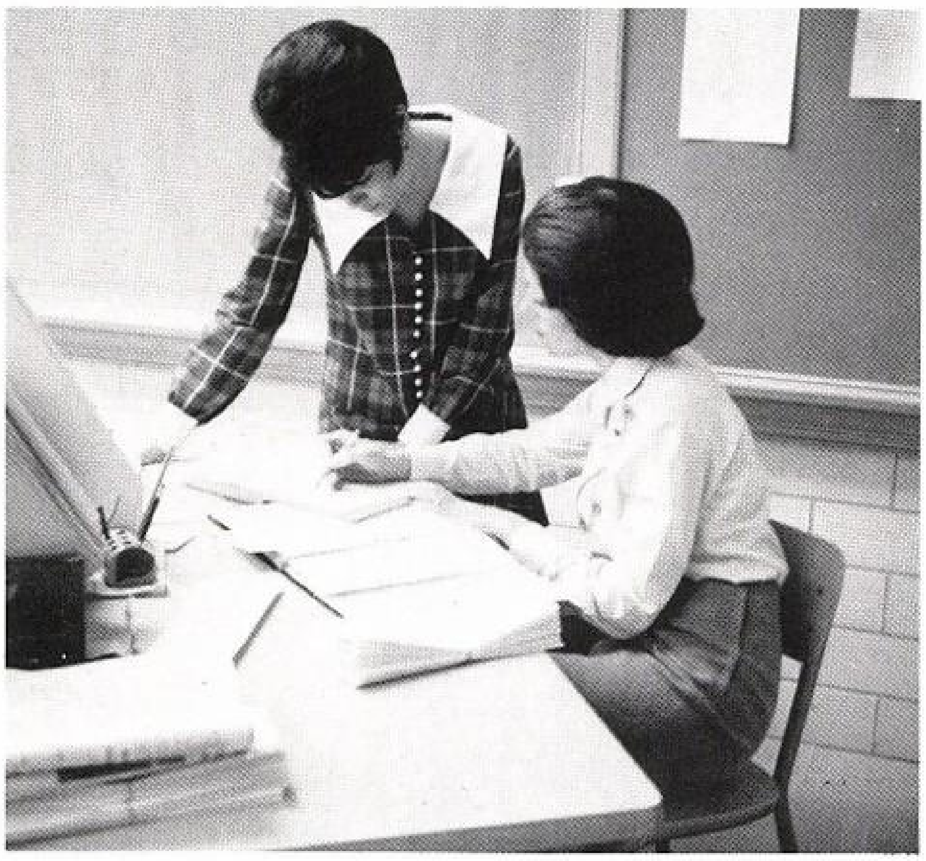
Mrs. Samuel observed the trig problem done by Pat Wyatt.

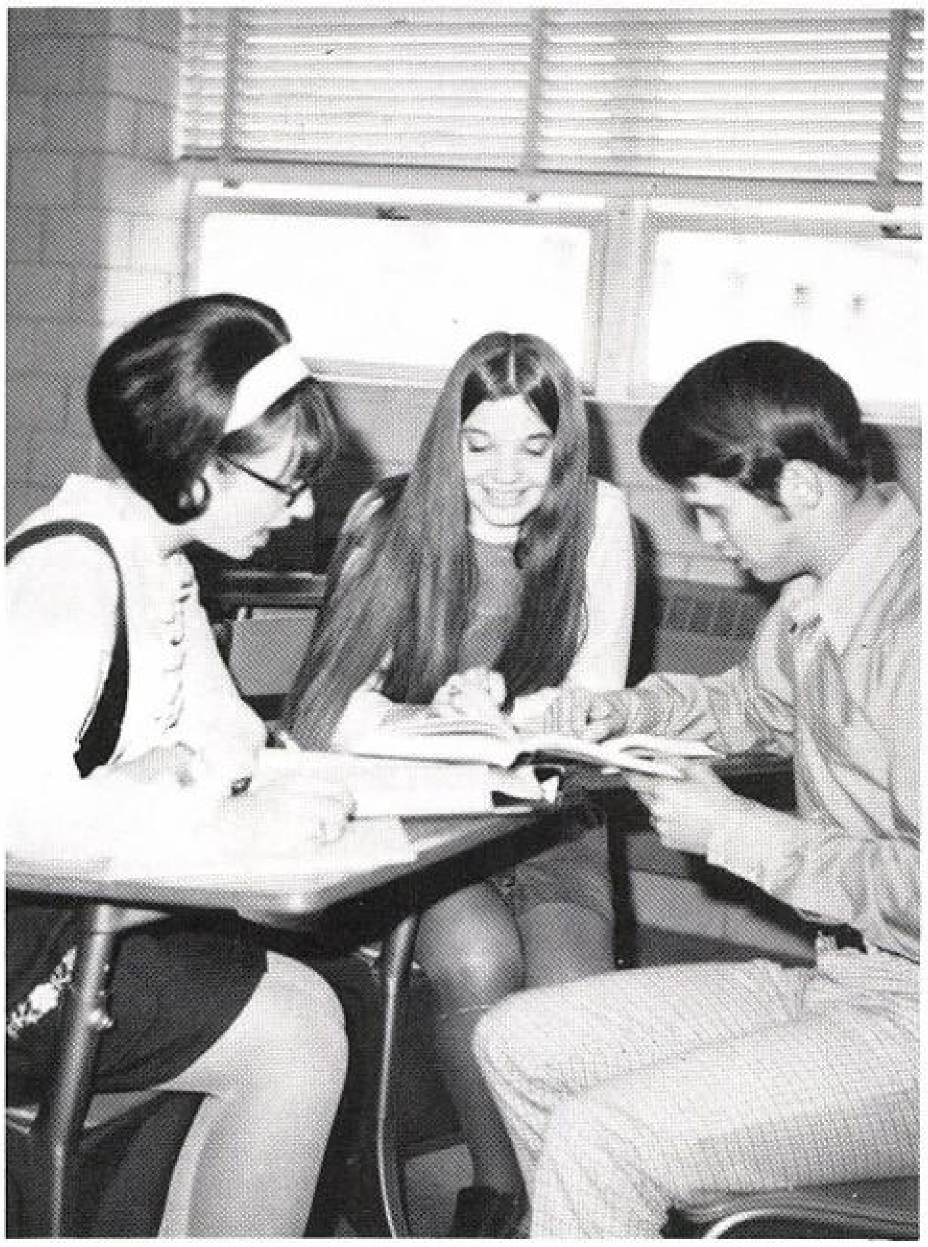
Pat, Barbara, and Ken discuss their advance math problems (bottom left).

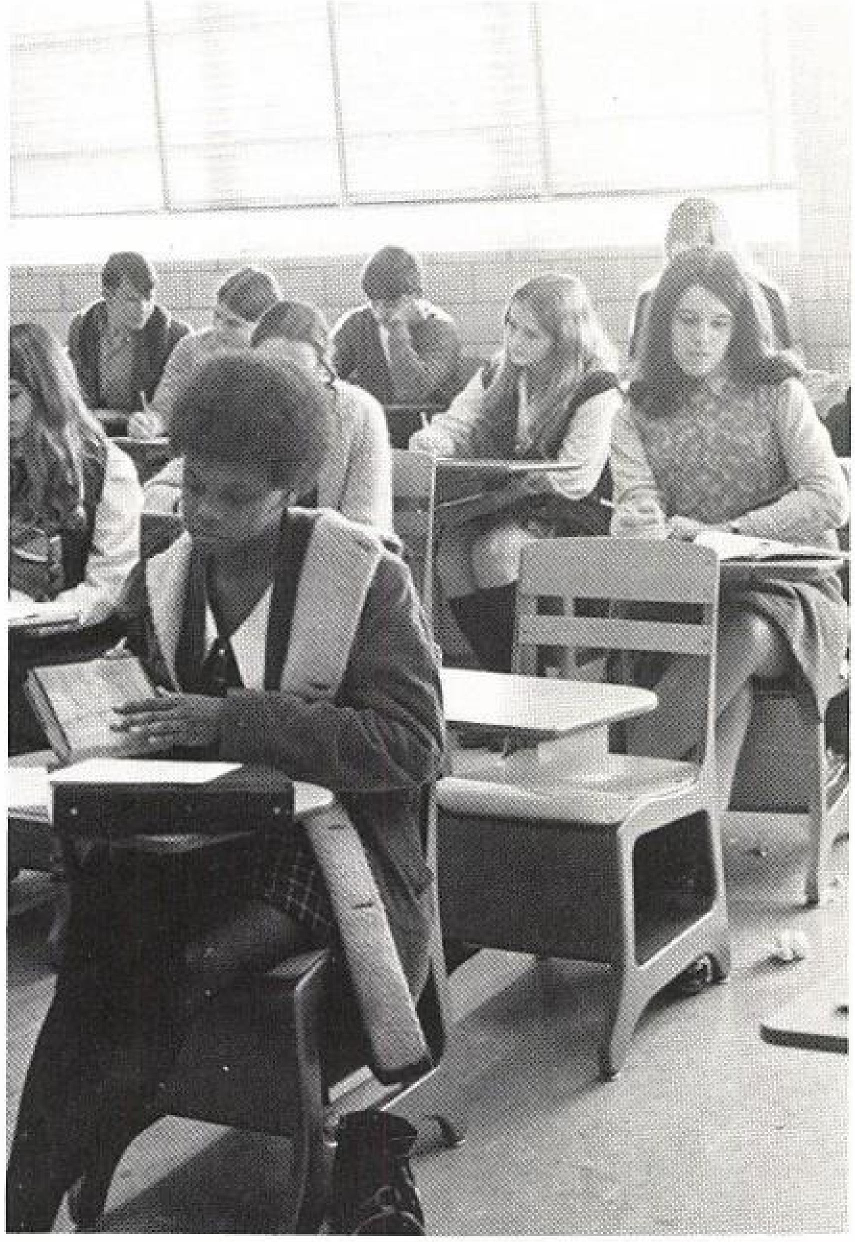
Miss Nolley explains math to her students using the overhead projector (top right).

Students are given time to get most of their math homework done in class (bottom right).

Mrs. M. Cox explained to Jill Freeman the correct way to work her math problems.







Science—Todays Subject for Tomorrow

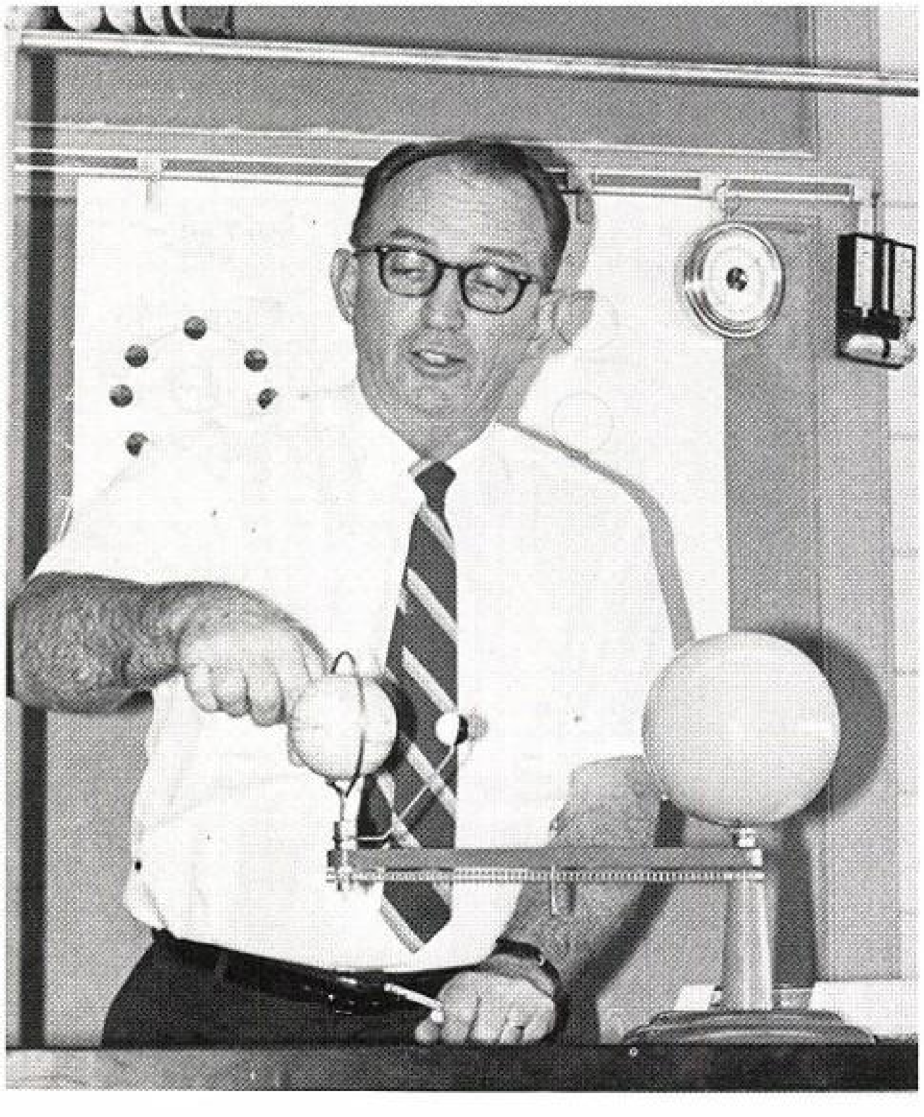
Because we live in such an industrial world, our science courses set out to help the students understand what makes the world tick. The students are taught, lectured and do experiments that acquire the knowledge they gain throughout their science classes.

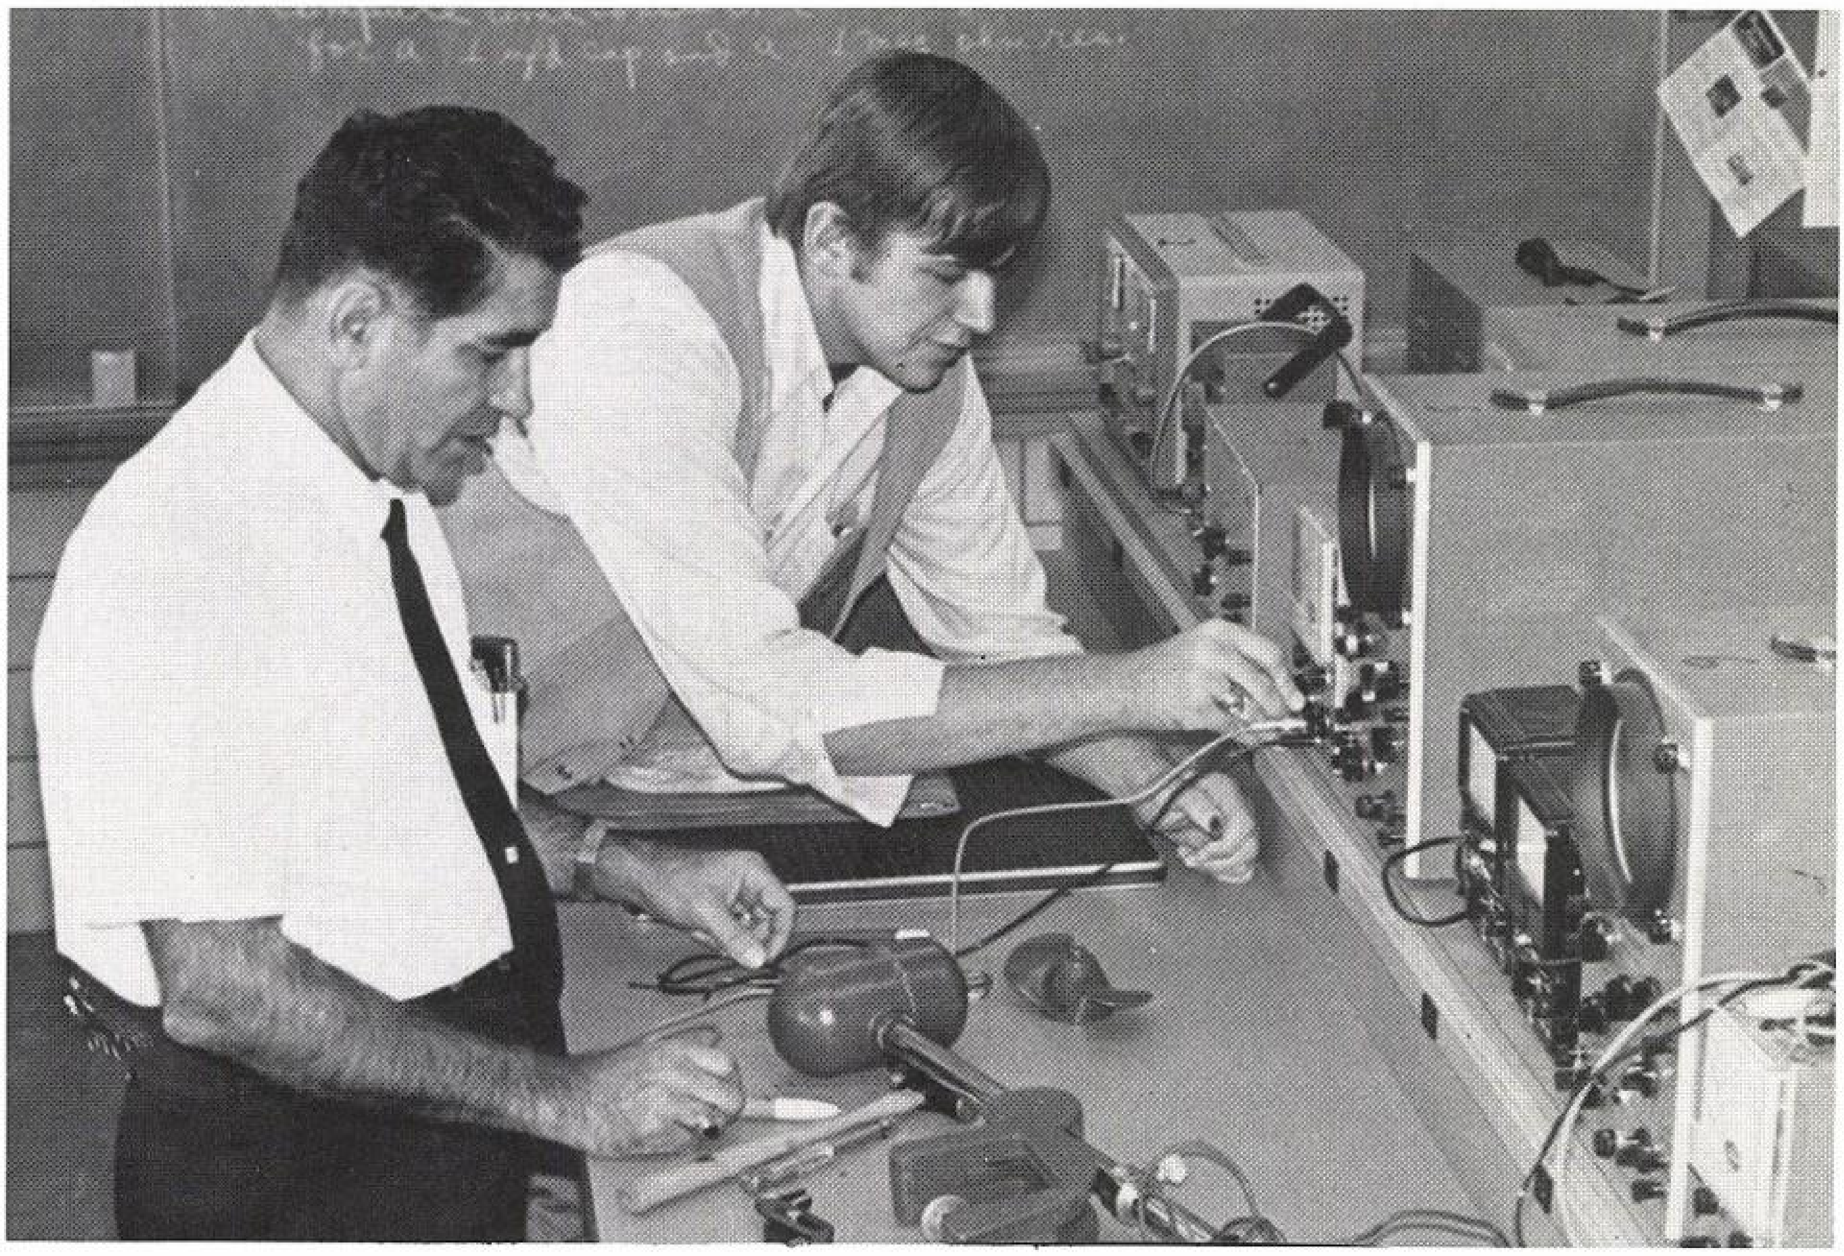
Each teacher of science tries to give his students the opportunity to learn for himself what nature has given man. Because of the wonderful equipment Airline has, this provides each student with a chance to find things out for himself.

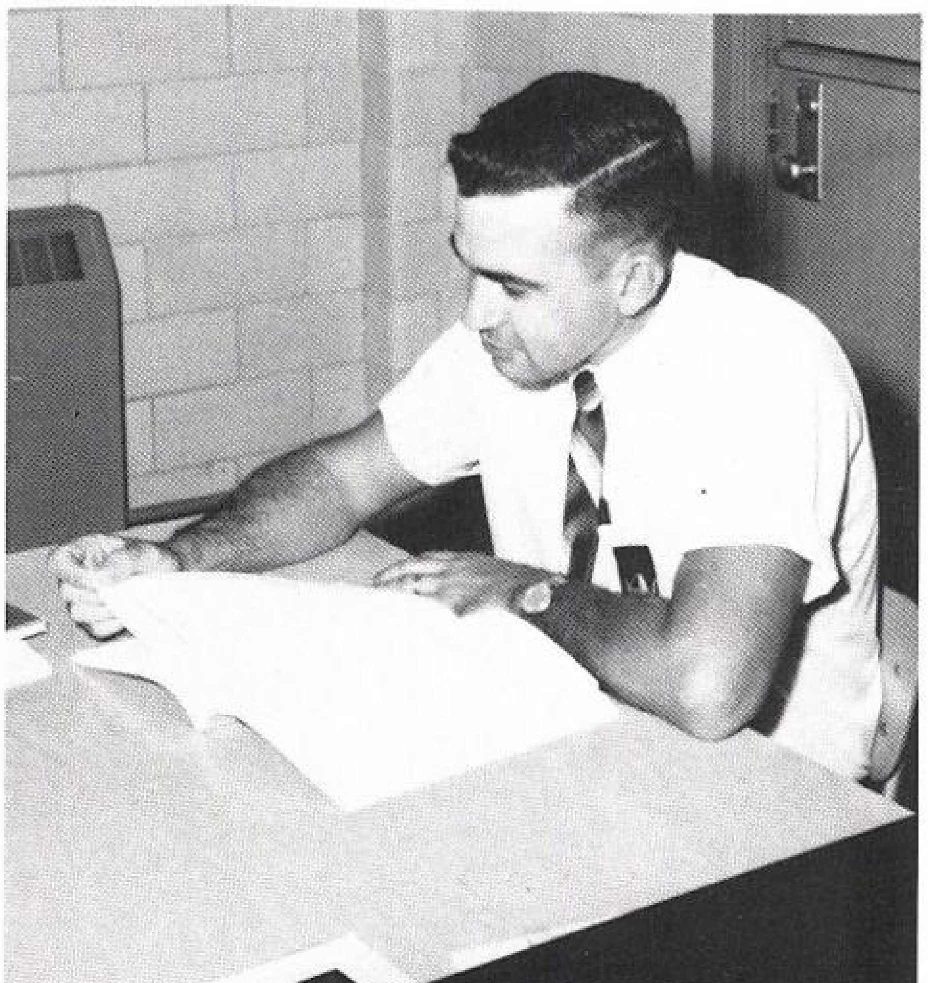
Mr. Hinkie often took his classes "around the world" in science (bottom left).

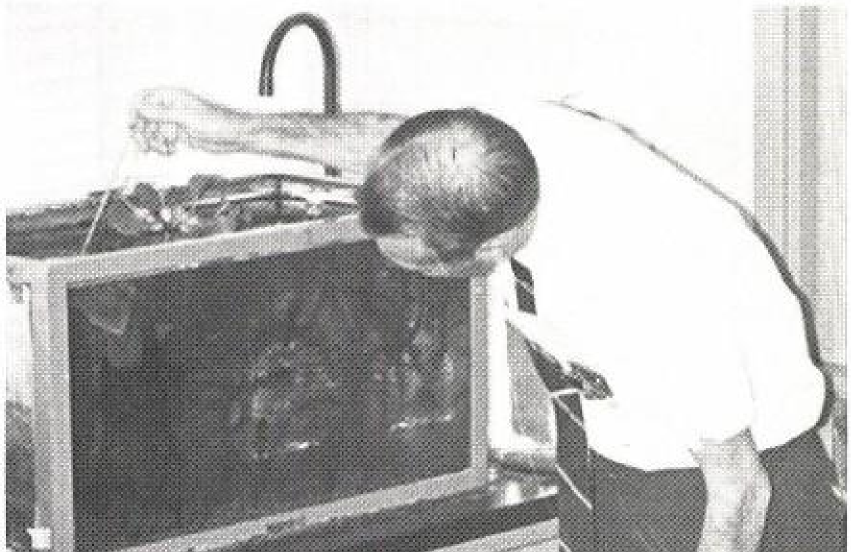
Don't forget Carolyn, Little Willie "was" a chemist (bottom right).

Mr. Hawkins paused as he explained a physics problem.





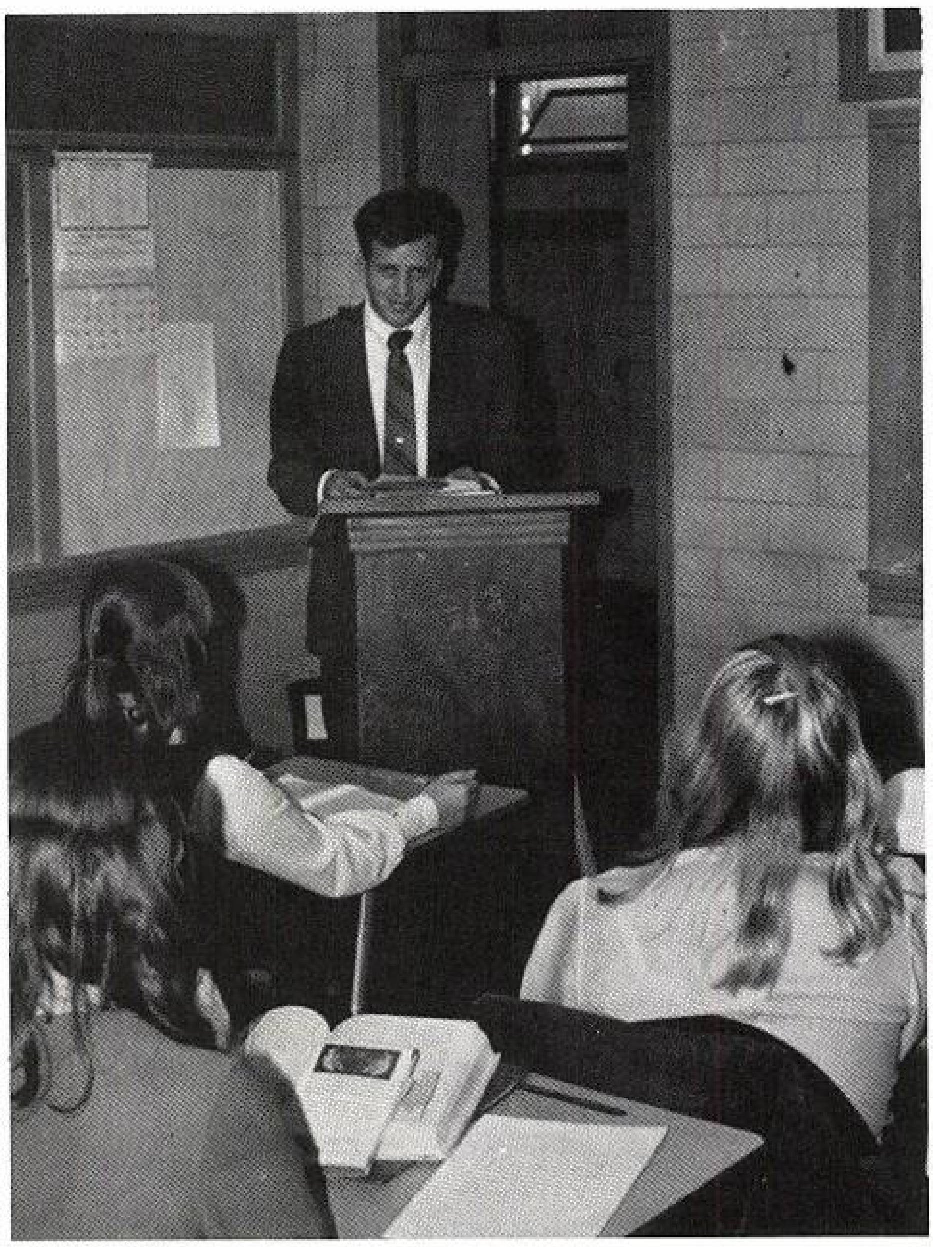


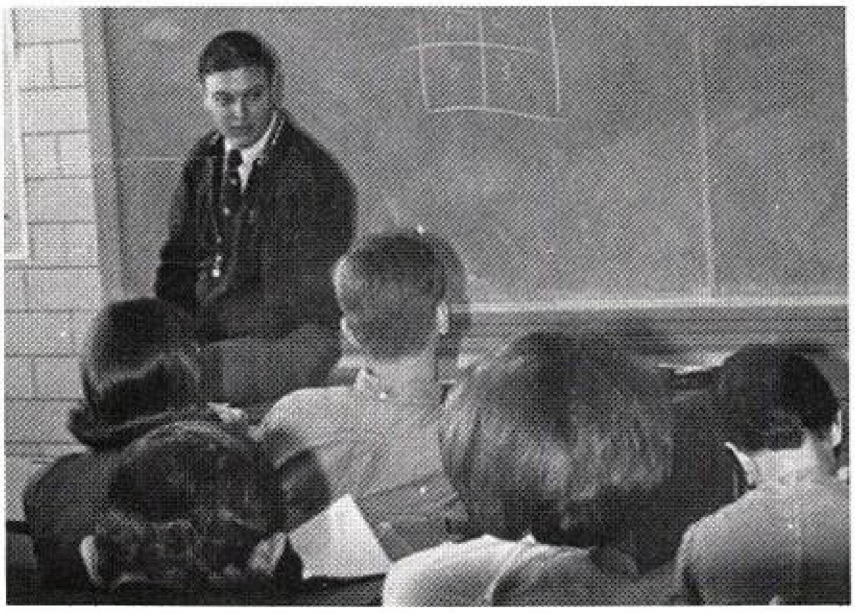


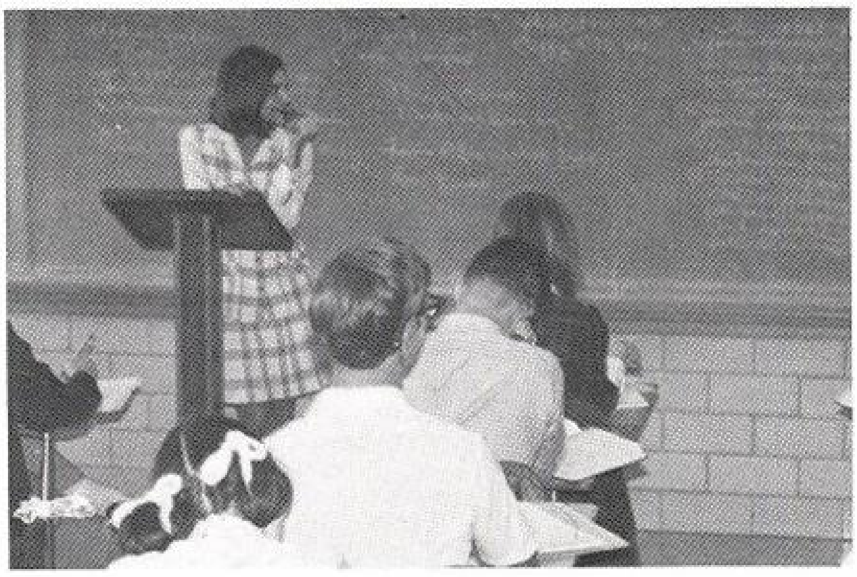
Fishing again, Mr. Humphries?

Mr. Jones looked through the Chemistry workbook for problems on his tests (left).

Mr. Sepulvado and Paul Anderson constantly worked experiments with electronics (top).



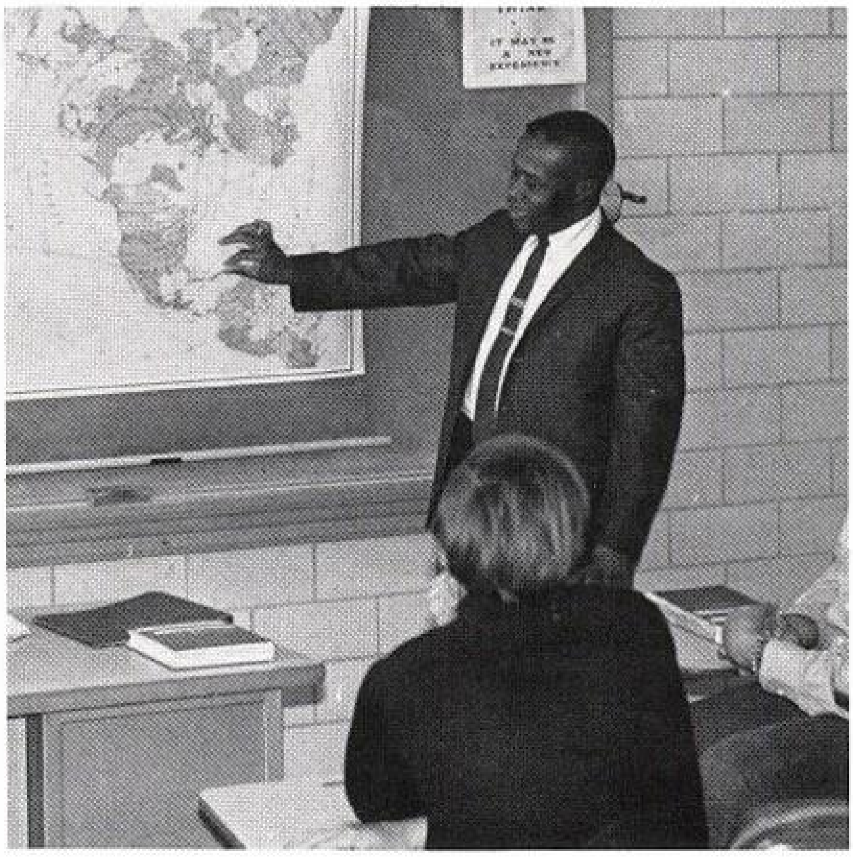




History— A Look at the Past

The past is always made interesting with Airline's great history teachers. Looking back enables us to look forward with more knowledge. The history that is taught to students at Airline gives them the understanding of America, as well as other countries and their backgrounds.

The history department is made to keep the students interested in the past and from the past, we should look forward to the future and be able to solve most problems in this vast world of ours.



Students paid strict attention as Mr. Bryant pointed out an important spot on the map.

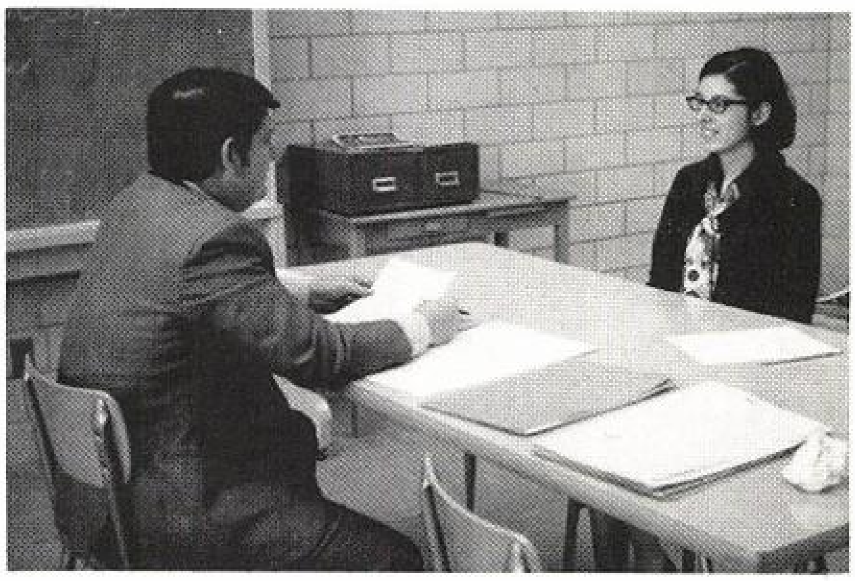
Mr. Carlton glanced up as he heard a smart remark from one of his students (left)

Coach Maples was always discussing government affairs to his students in American Government (top right).

Student teacher, Miss Pedula, often had her students take notes from the board (middle right).

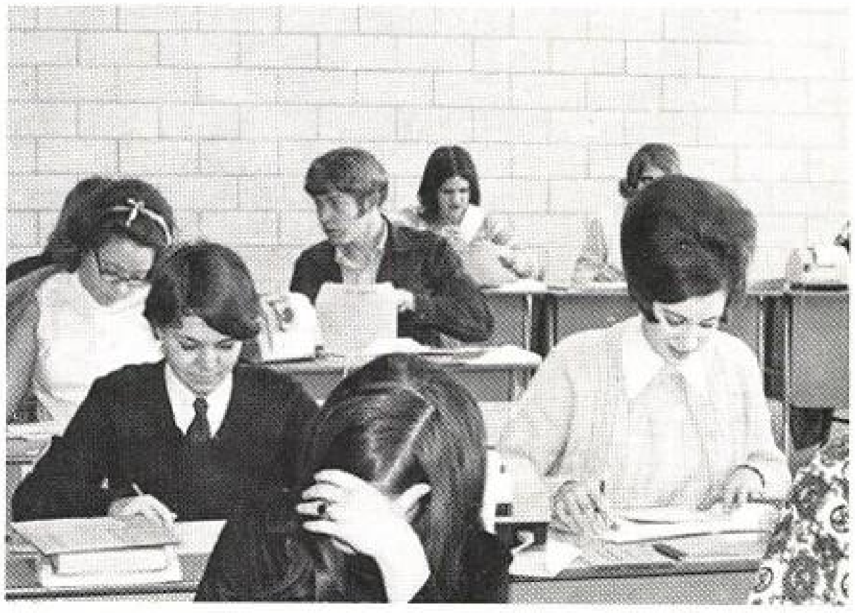
Typing, under Mrs. Adkins, developed skills that were once unknowing to students (top left).
Colleen Farley and Liz Hounsell worked hard to get their data processing cards in order (bottom left).
Debbie Humphries talks to Mr. Jennings in a clerical practice interview (middle right).
Booking students worked hard on their practice sets (bottom right).
Mrs. Caldwell waited as she gave Cindy Silas and Barbara Ferrell a time-writing test in shorthand.

Business — The World of Tomorrow



The business offered at Airline is one of the best found anywhere. These courses teach students the business life and how to live and survive in it. With the equipment that has been set aside for their use, the students will leave Airline and be able to work in most business offices with the understanding and knowledge on how to run things properly.

We are proud of the business courses offered at Airline and the teachers who work so hard to place knowledge into the minds of students.

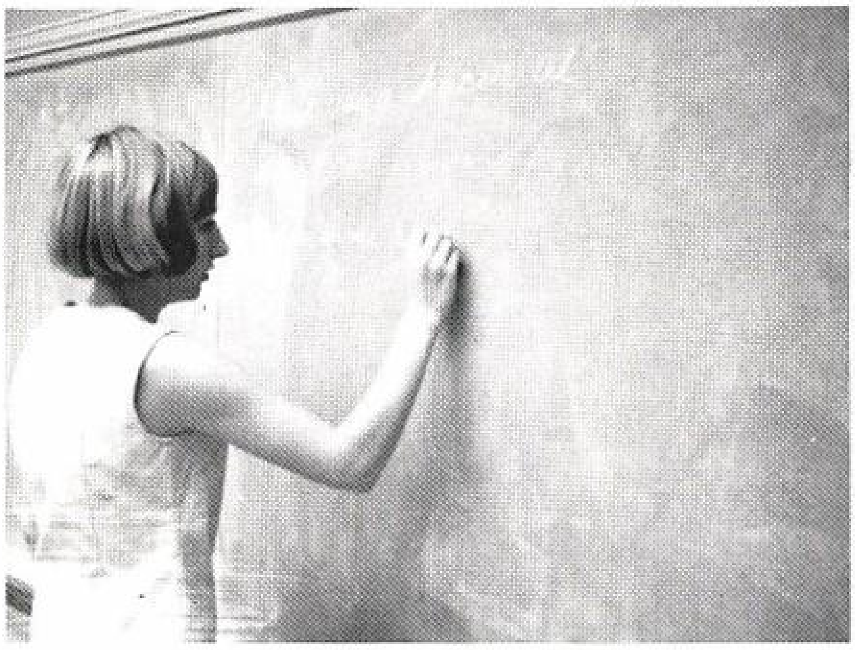


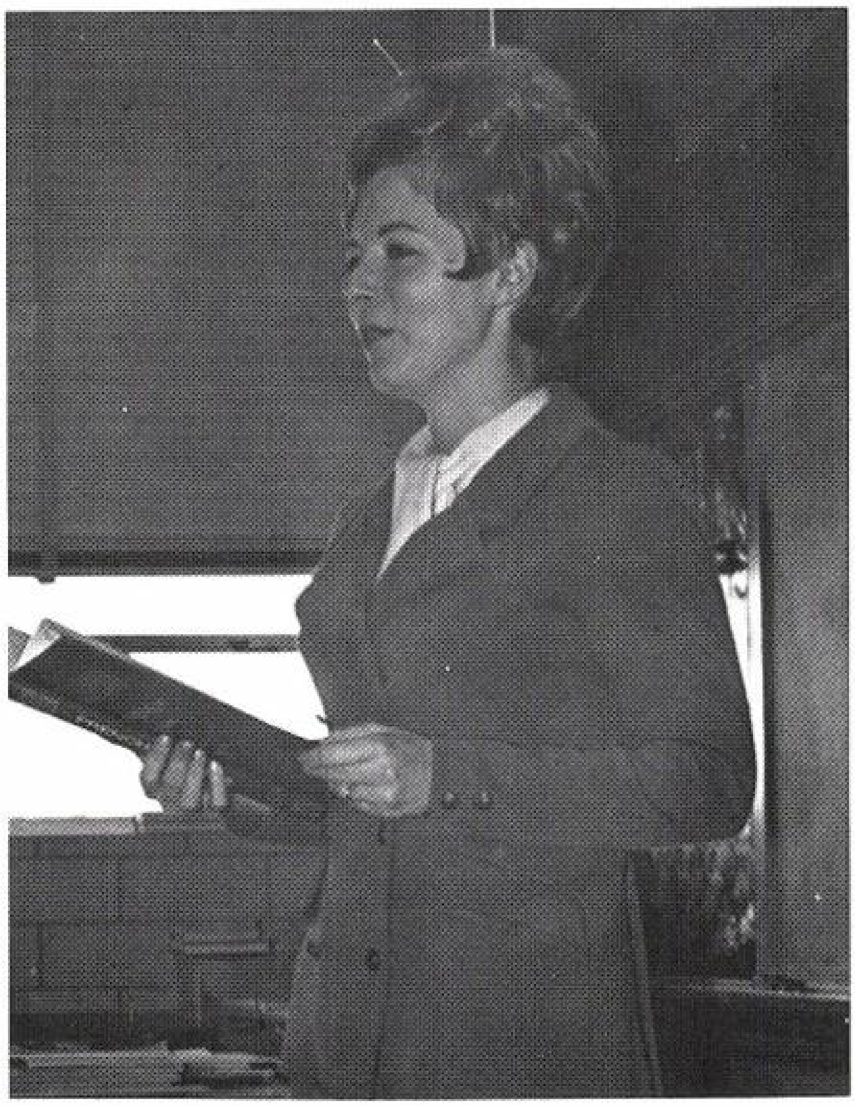
Marie Barnes was one of the many students in Mrs. Philyaw's Spanish class to write sentences on the board (top right).

Mrs. Wandry frequently discussed to her class the French dialogues in their books (middle right).

Mrs. Bucklew tuned in to one of her students during a lab class (bottom right).

Students in lab were able to relax and listen to French records.

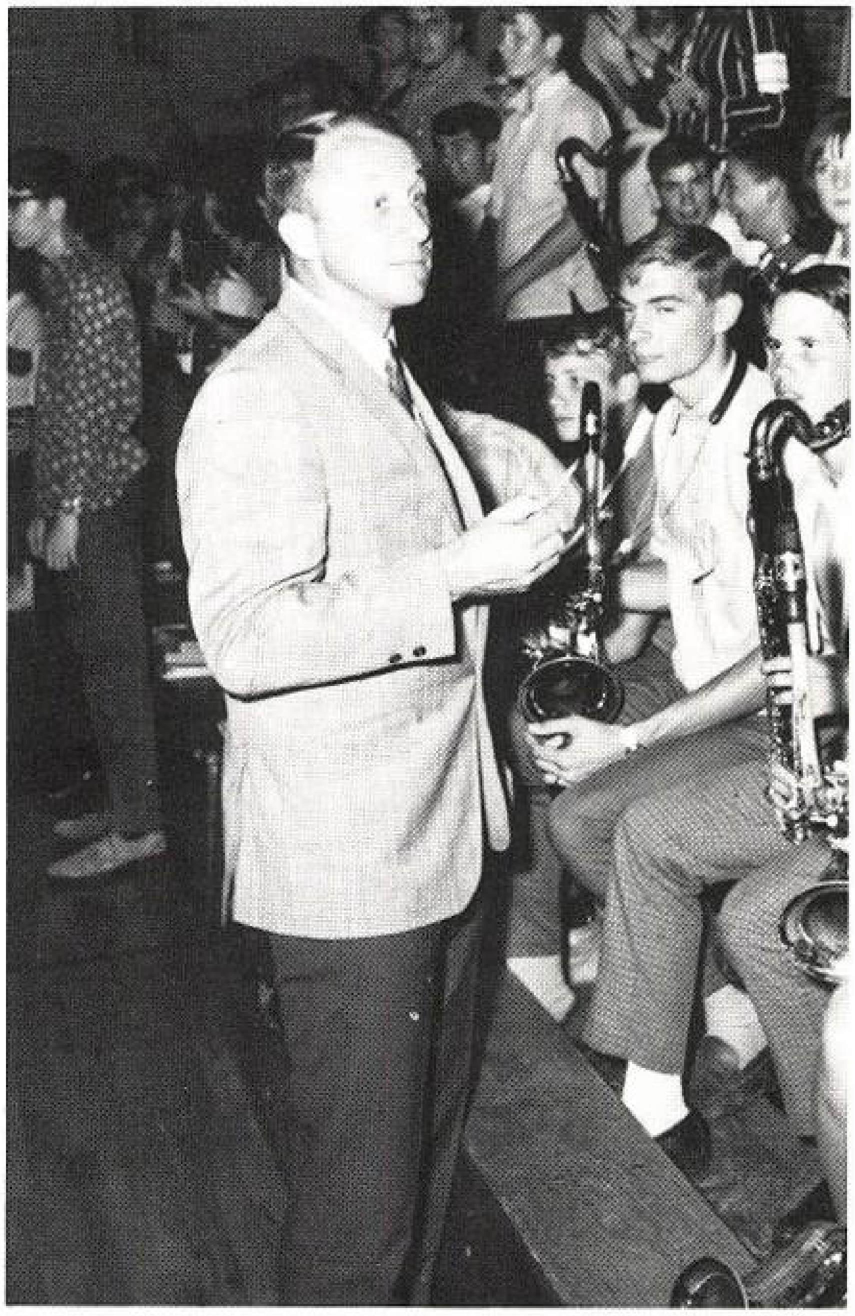




Language — Communication With Other Worlds

Only French and Spanish language courses are offered at Airline. Any student may choose to study one. With the lab, books, and special records that are made especially for language study, students are able to learn the language in a very short while.

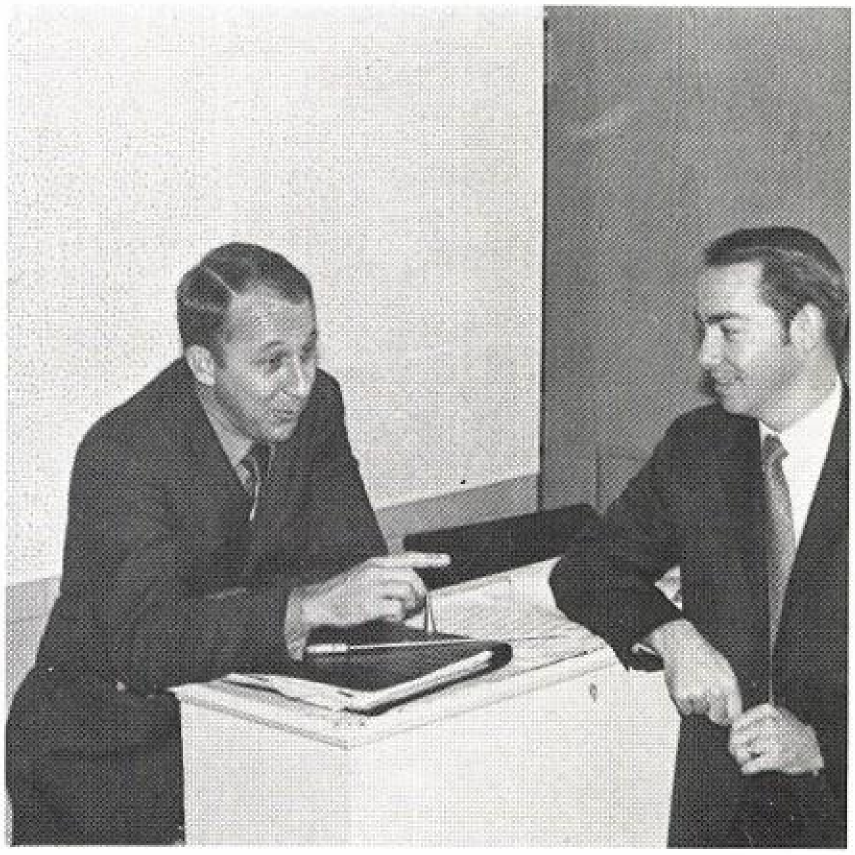
After a few years of language, any student should be able to speak the language very well, and be able to listen and understand what is being said in their particular language. Airline has very qualified teachers who put forth their best to teach each student the correct way to speak the foreign language that they have majored in and are teaching students.



Music — Enlightened the Viking's World

The life of music plays a very big and important part at Airline. Students that participate in the band or choir are able to develop skills and talents more abruptly. Throughout the year, concerts are given for the enjoyment and relaxation of the students and faculty.

Many hard hours are put into the music department and every one is worth it when performances are given to the school, or social functions. Airline is very proud of her music departments and a big appreciation to all those who work to make it successful is given.



Band students awaited eagerly to Mr. Smith's next command (top right).

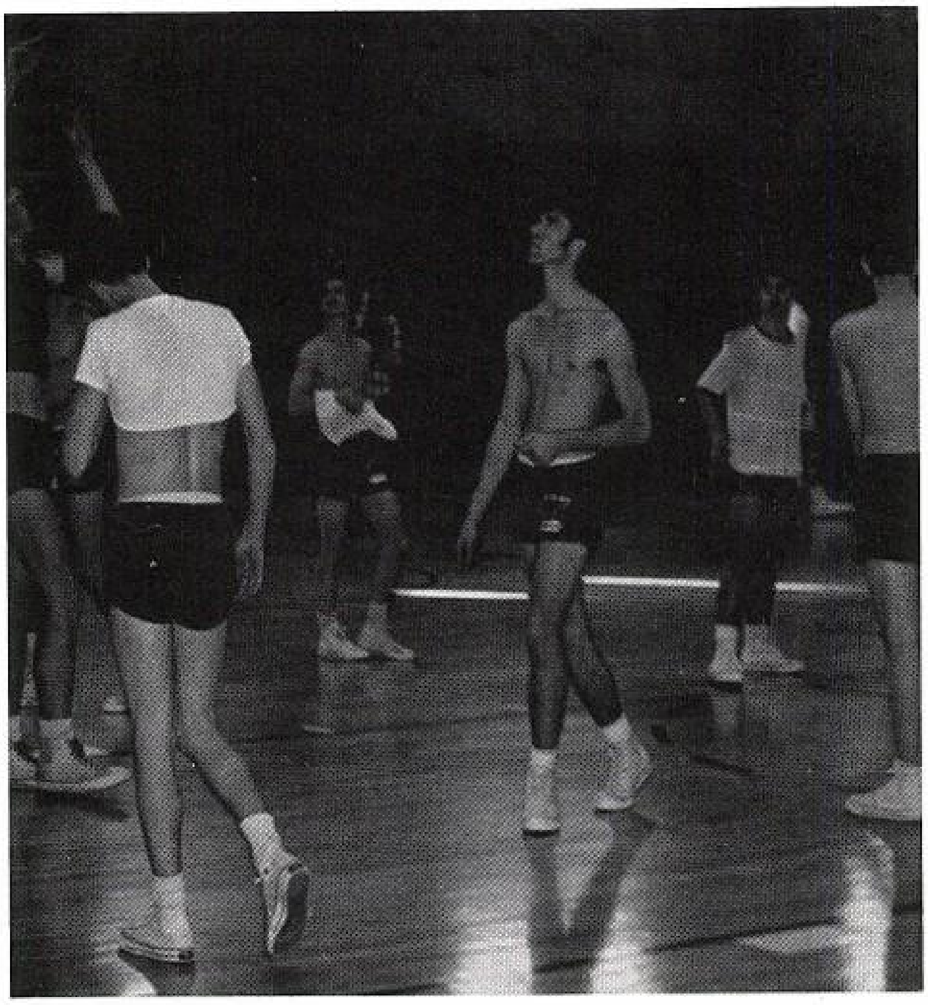
Mr. Williams directed the choir in one of their many songs (top left).

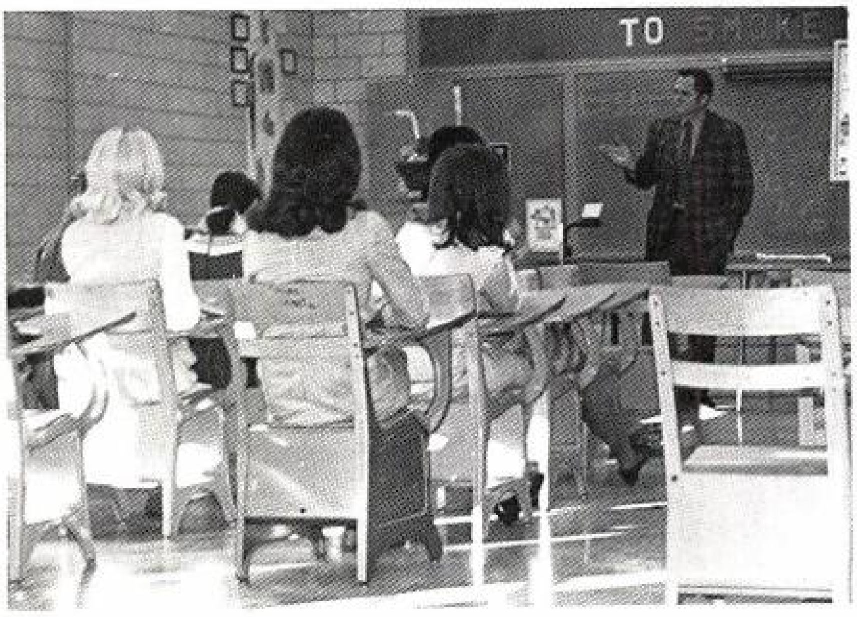
Mr. Smith and Mr. Williams constantly chatted on their off periods.

Physical Fitness Stressed at Airline

Keeping everyone healthy at Airline is a very important task indeed. The many programs of physical fitness that the P.E. departments have, enable the students to stay fit and enjoy themselves while they are doing it.

Sportsmanship and team participation were stressed and carried out throughout the year. With the friendly attitudes that were present by each student, the physical fitness program at Airline was made a very successful one.





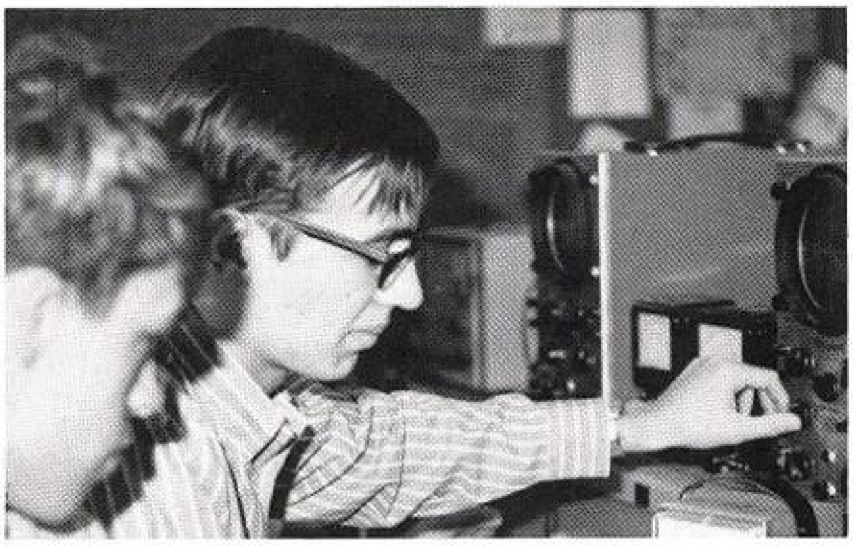
Students in Mrs. Coleman's modern dance class discuss new techniques to put into their dance.

No one can tell these girls that square dancing isn't fun (top left).

Lt. Bolton talked to health classes about the dangers of drugs (bottom left).

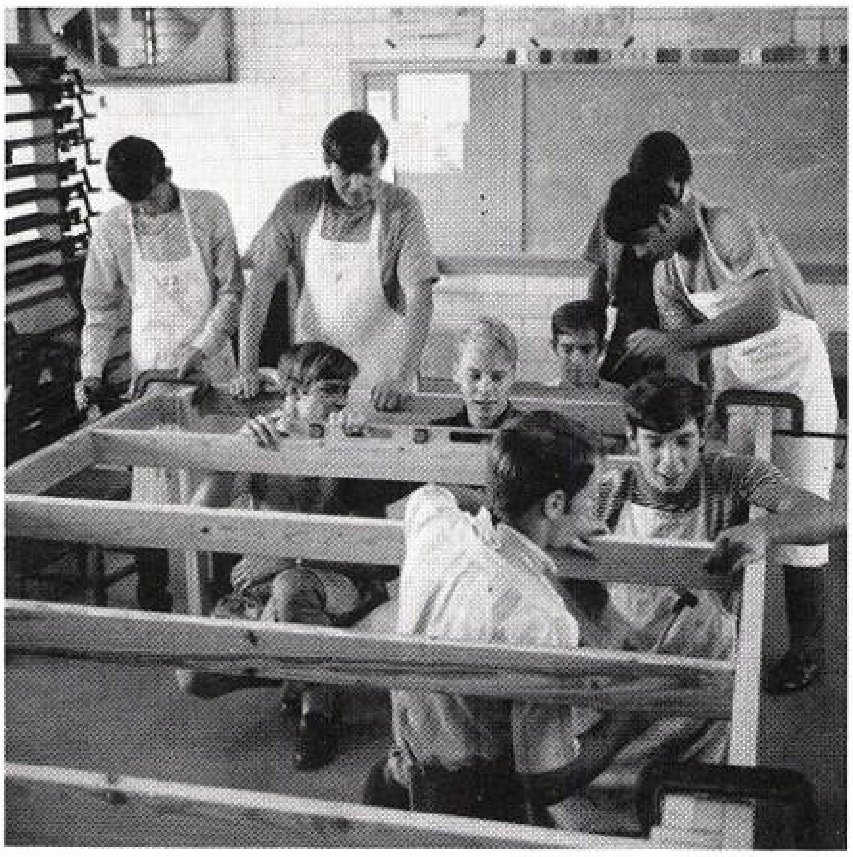
The basketball team constantly worked out during 6th period gym (top right).

Electives Developed Many Talents



There are so many electives to choose from at Airline that it is hard to believe classes are overcrowded.

The purpose of these electives is to give each student his choice of courses to take that will develop his skills for the future years of his life. With the equipment that has been placed to help the students, their studies in these courses are made easier and more practical.



Students' work on electronic machines is never done, for there is so much to learn (top left).
The boys in shop often built undescribable things (middle left).
Extra curricular activities in art classes was watering the plants (bottom left).

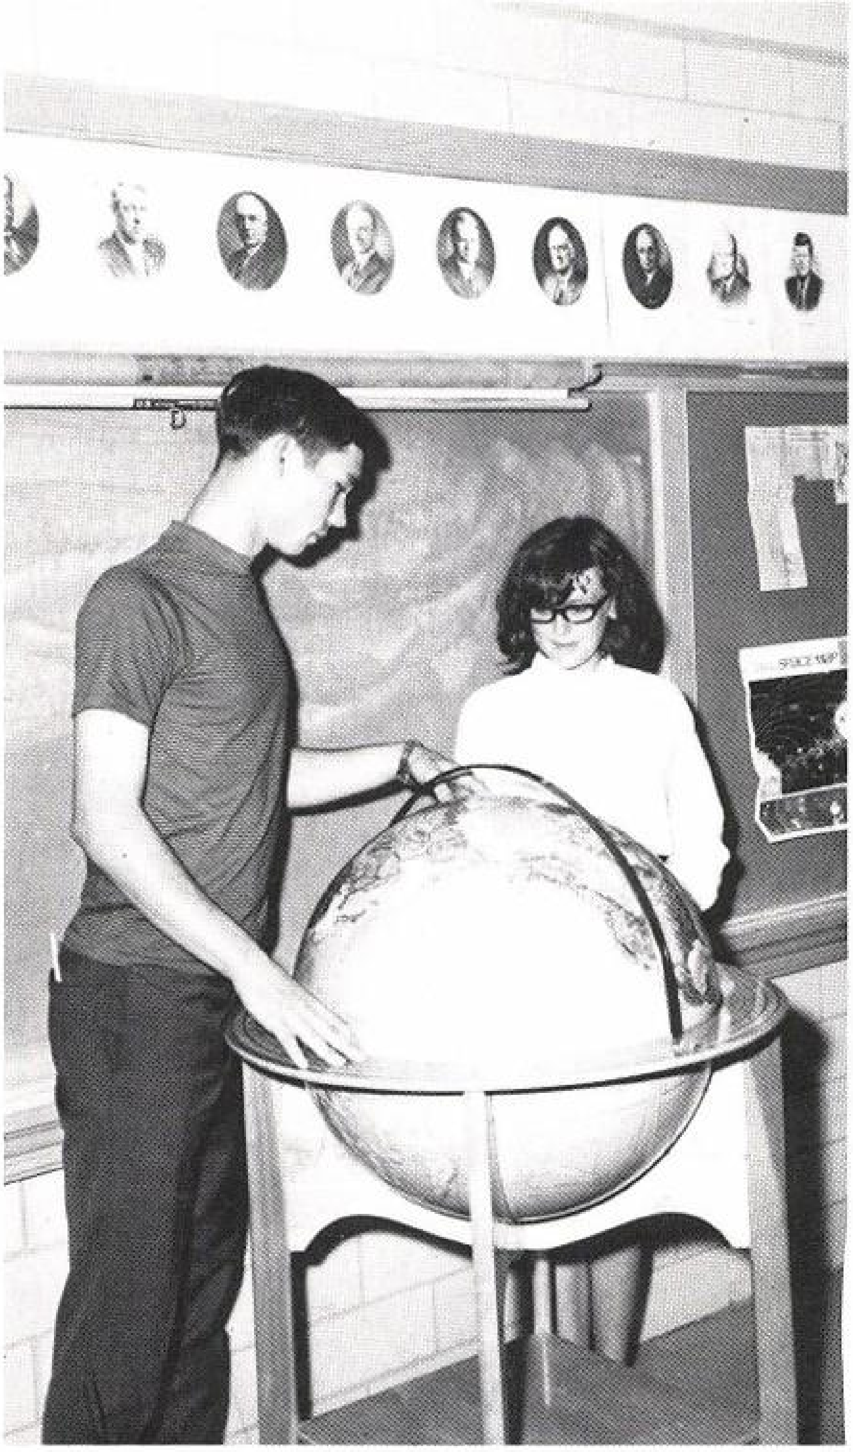
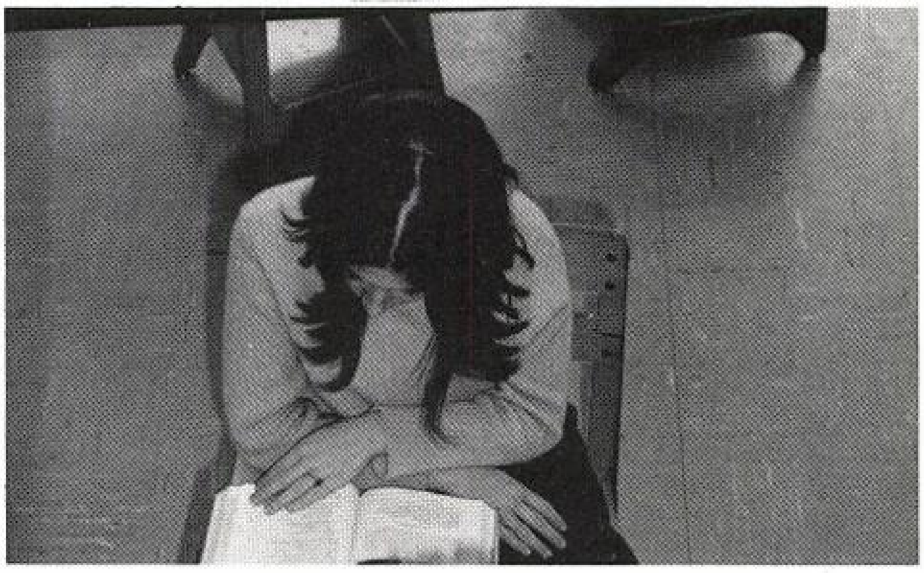
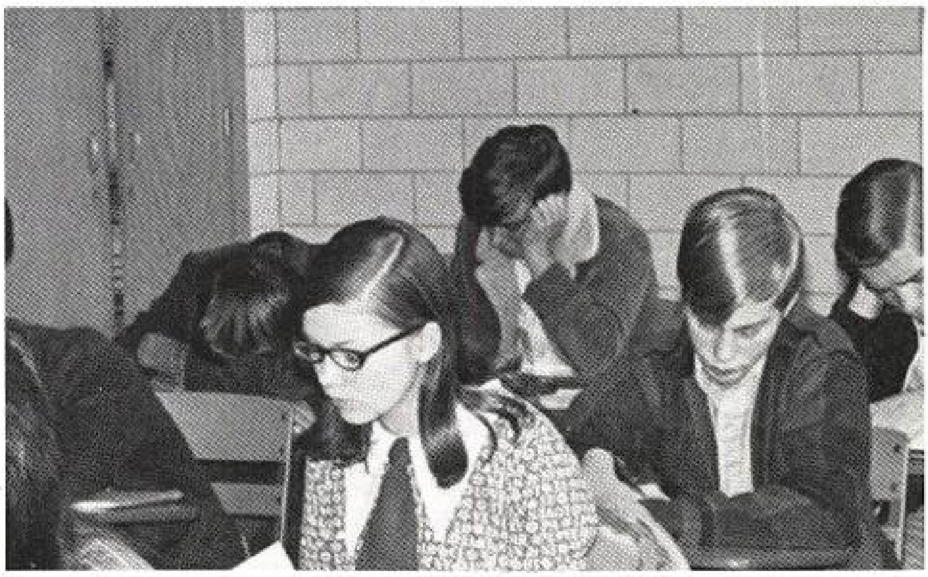
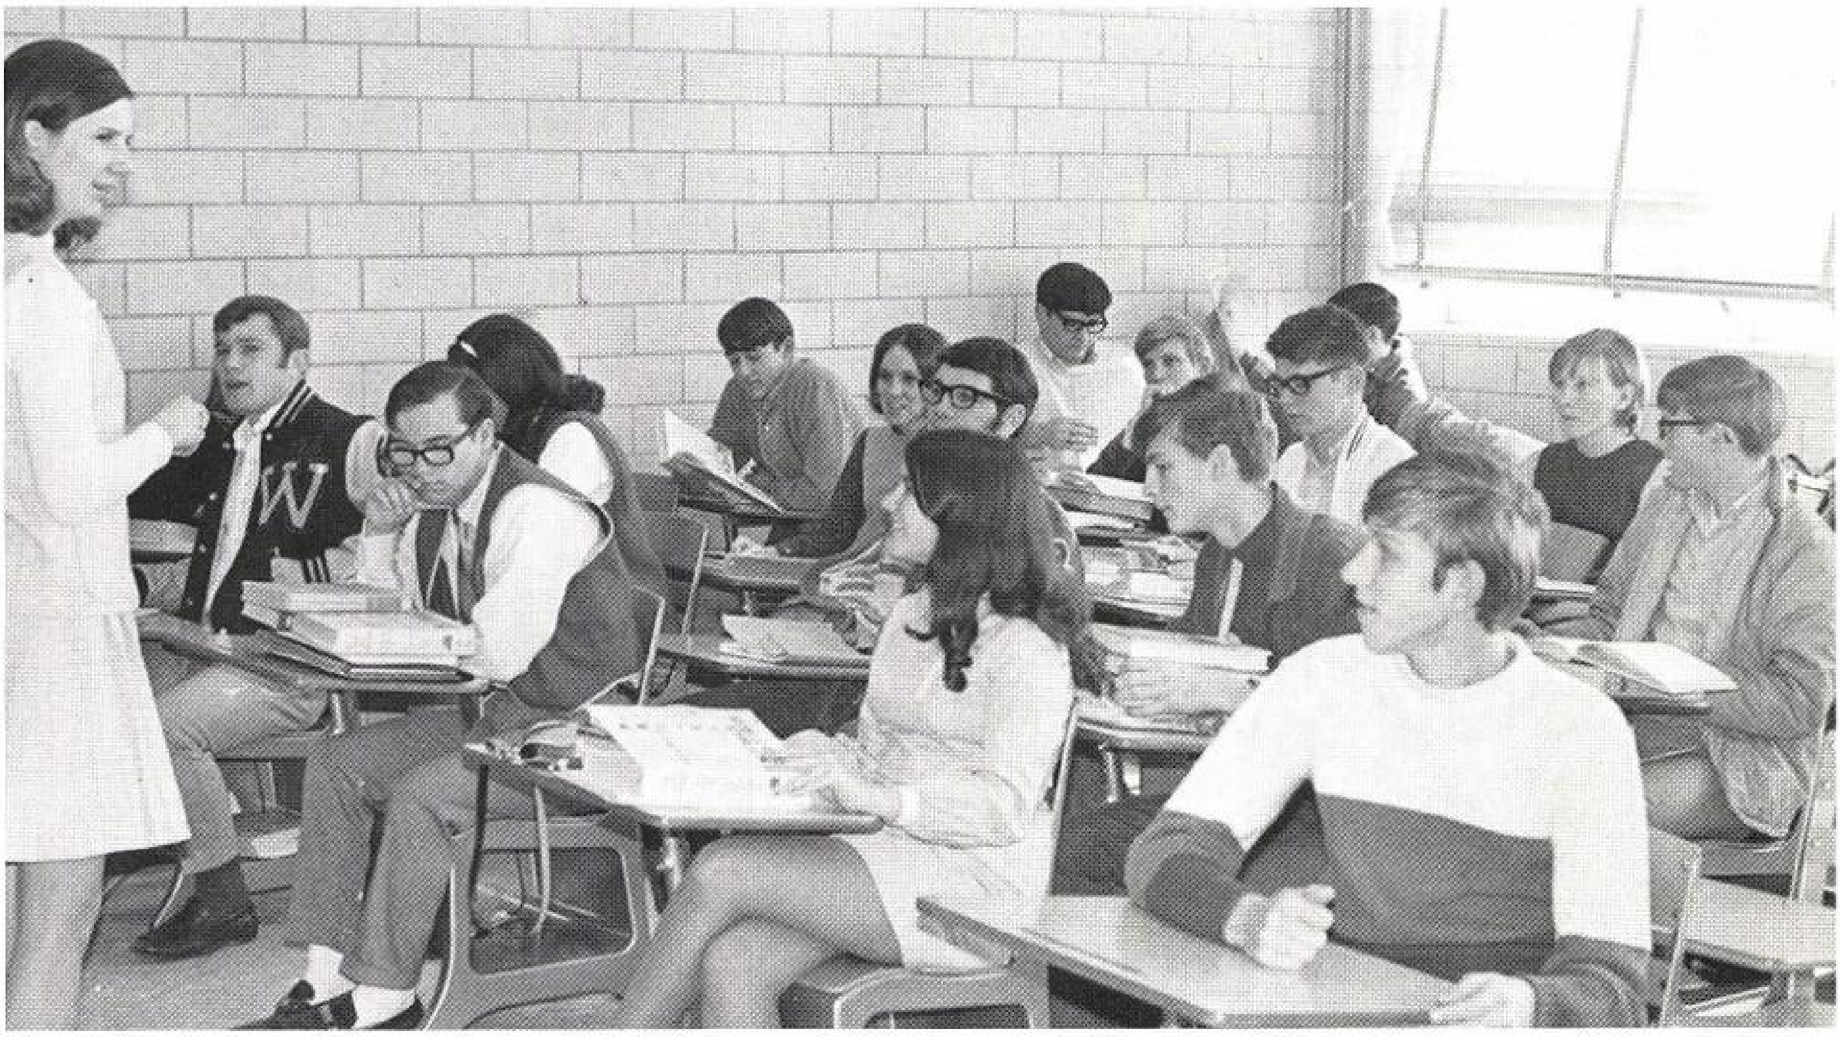
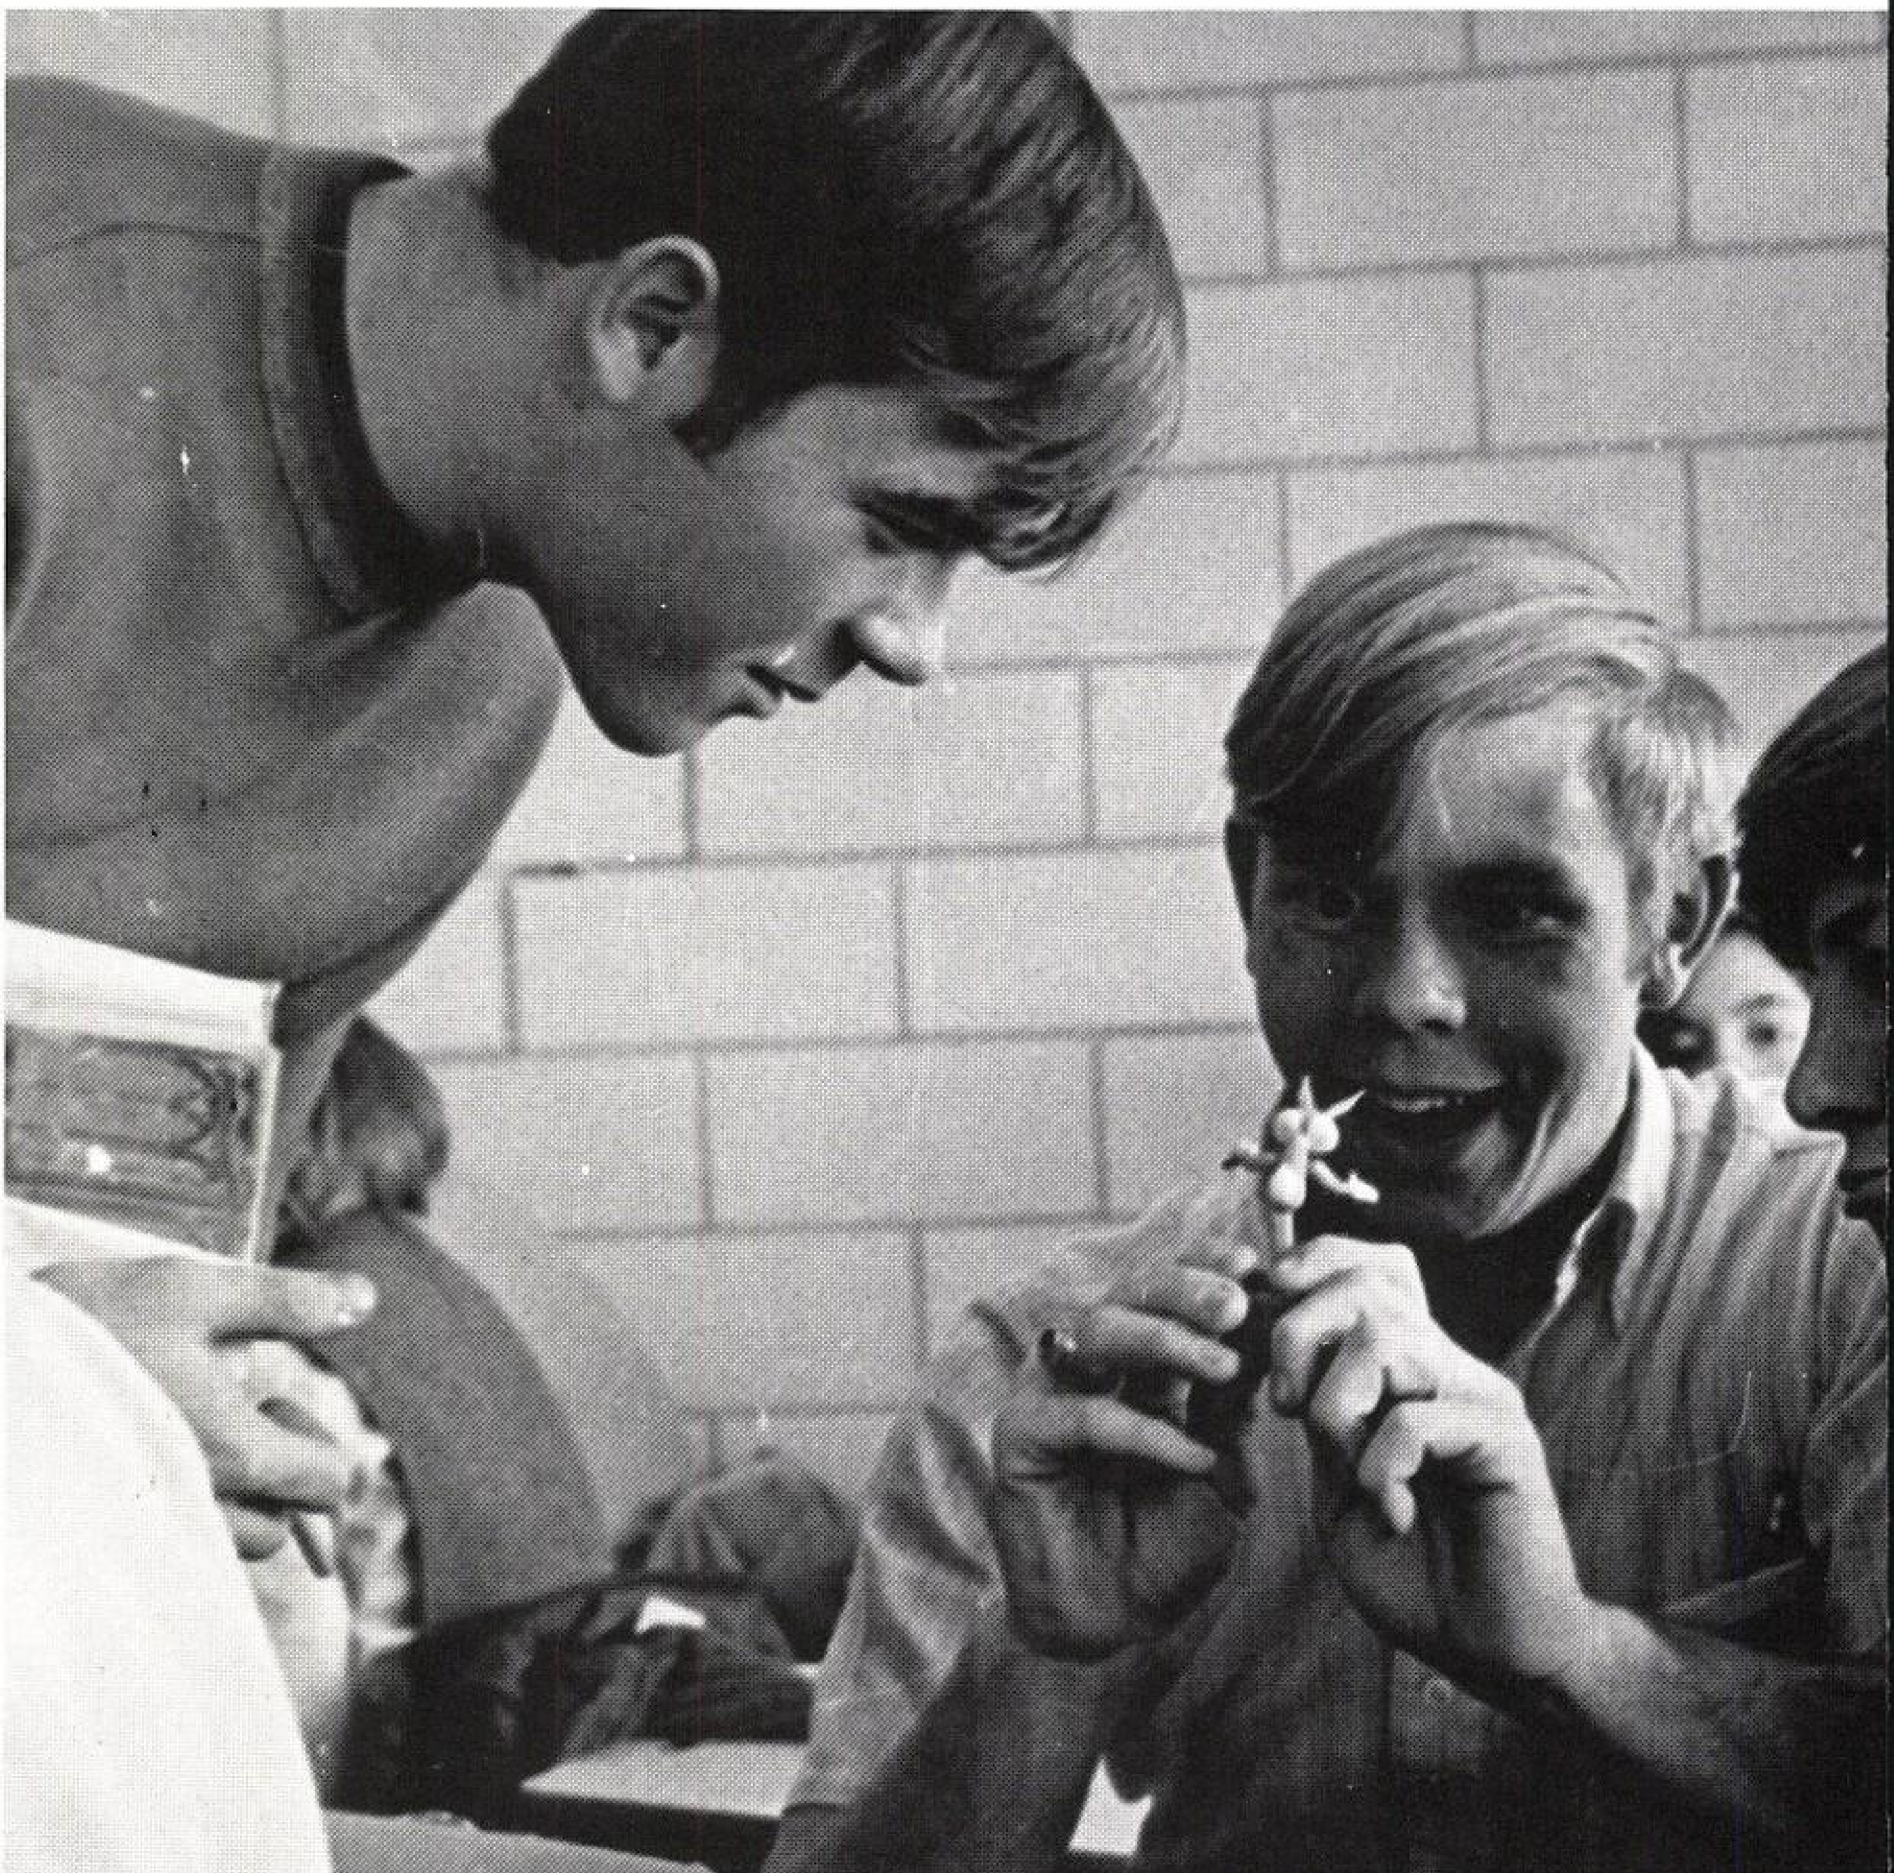
Students in history classes were always eager to learn (bottom).
There was always a need for studying in any history class (bottom right).
Reading literature was a favorite pastime by many students.

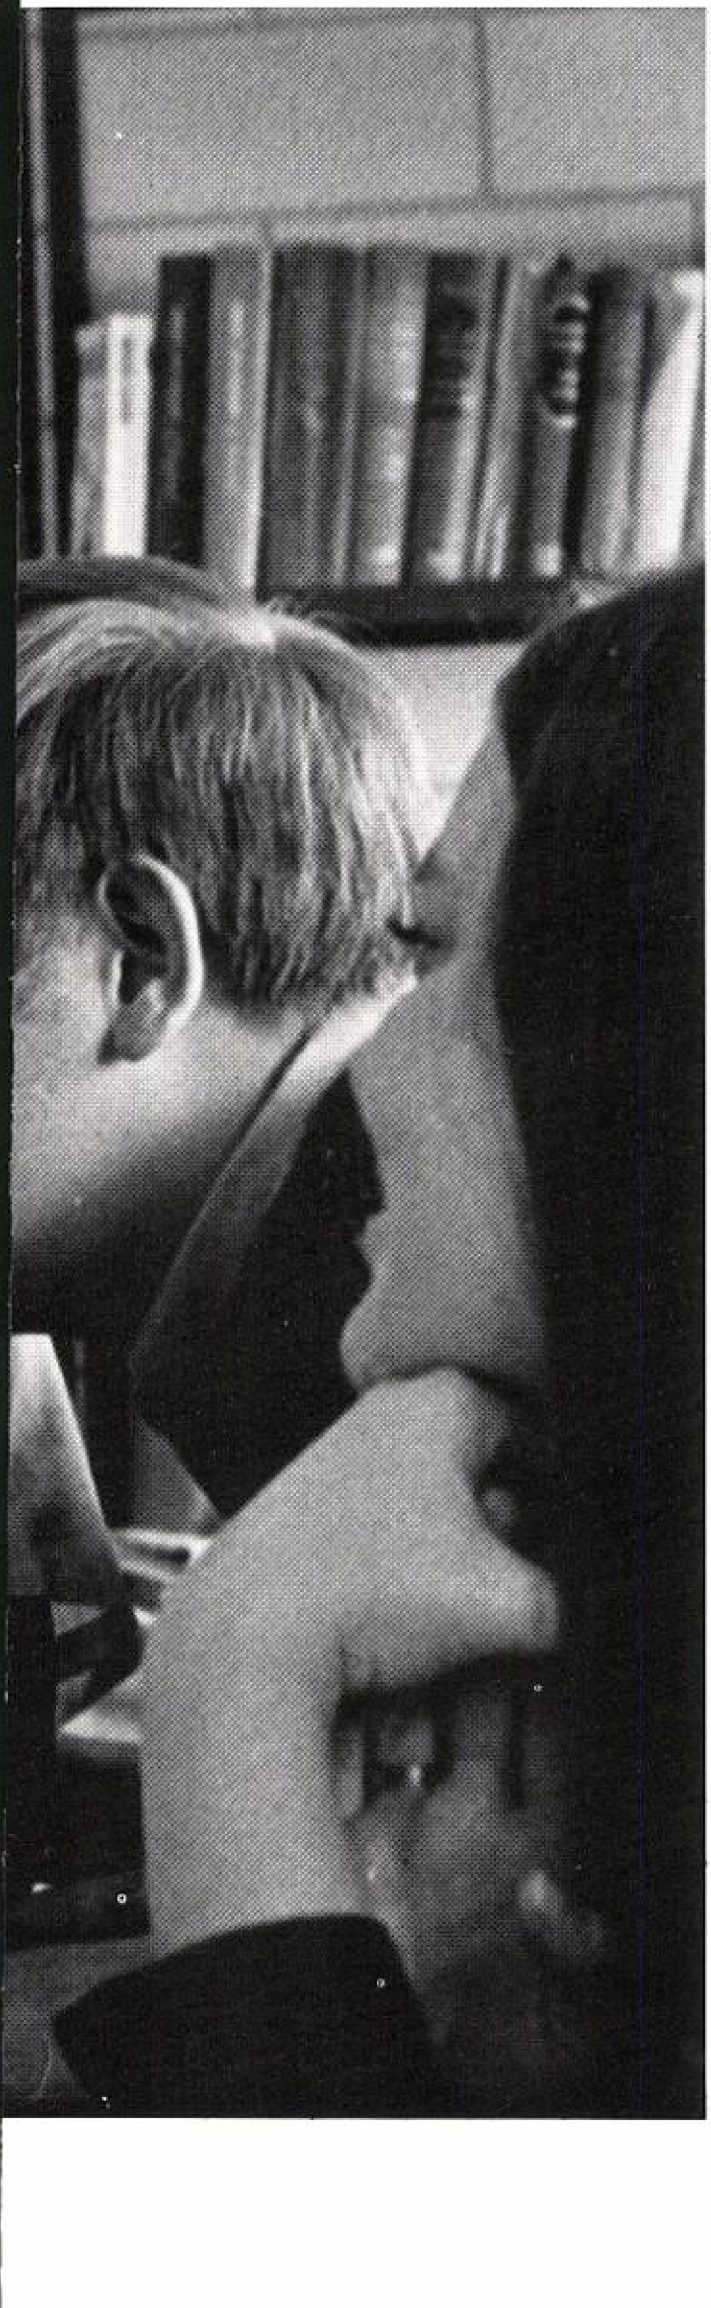






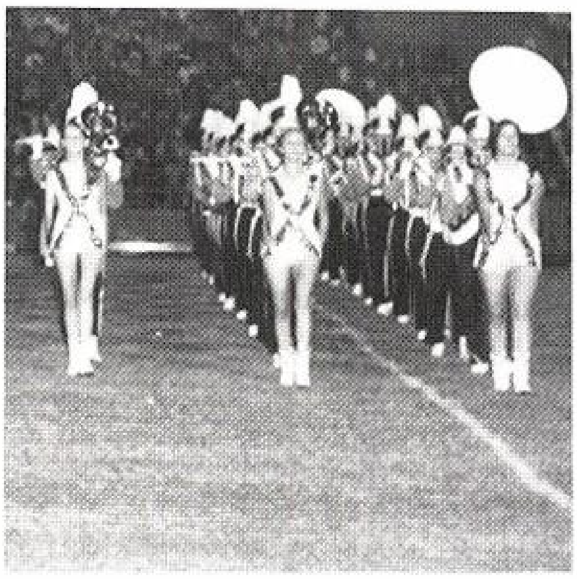


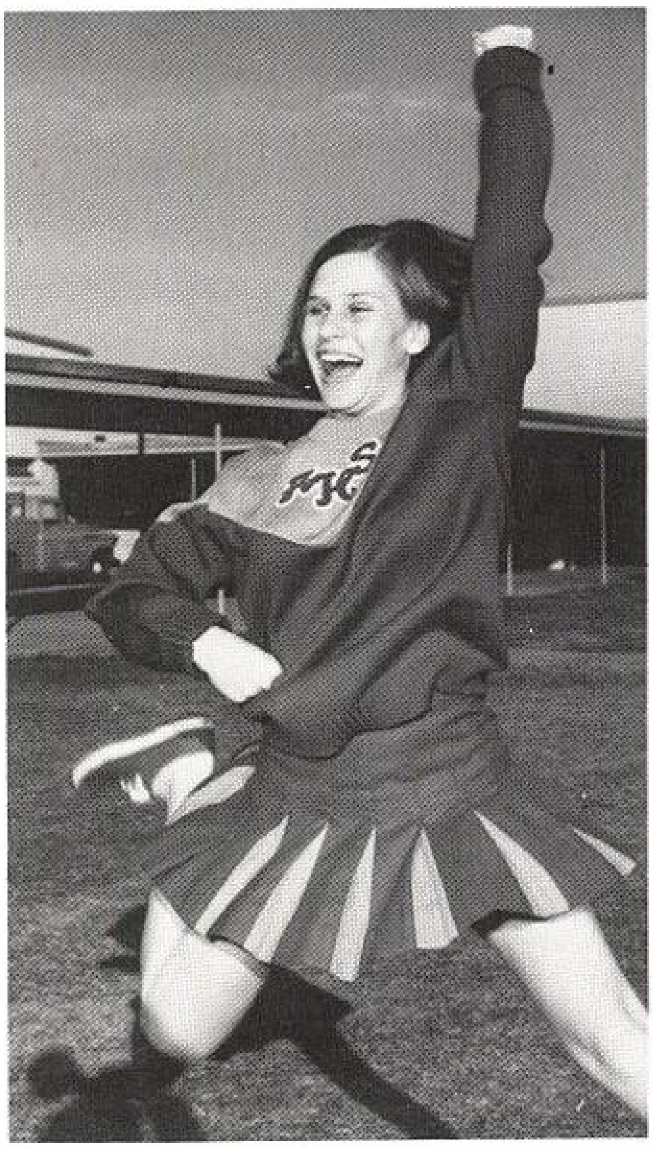


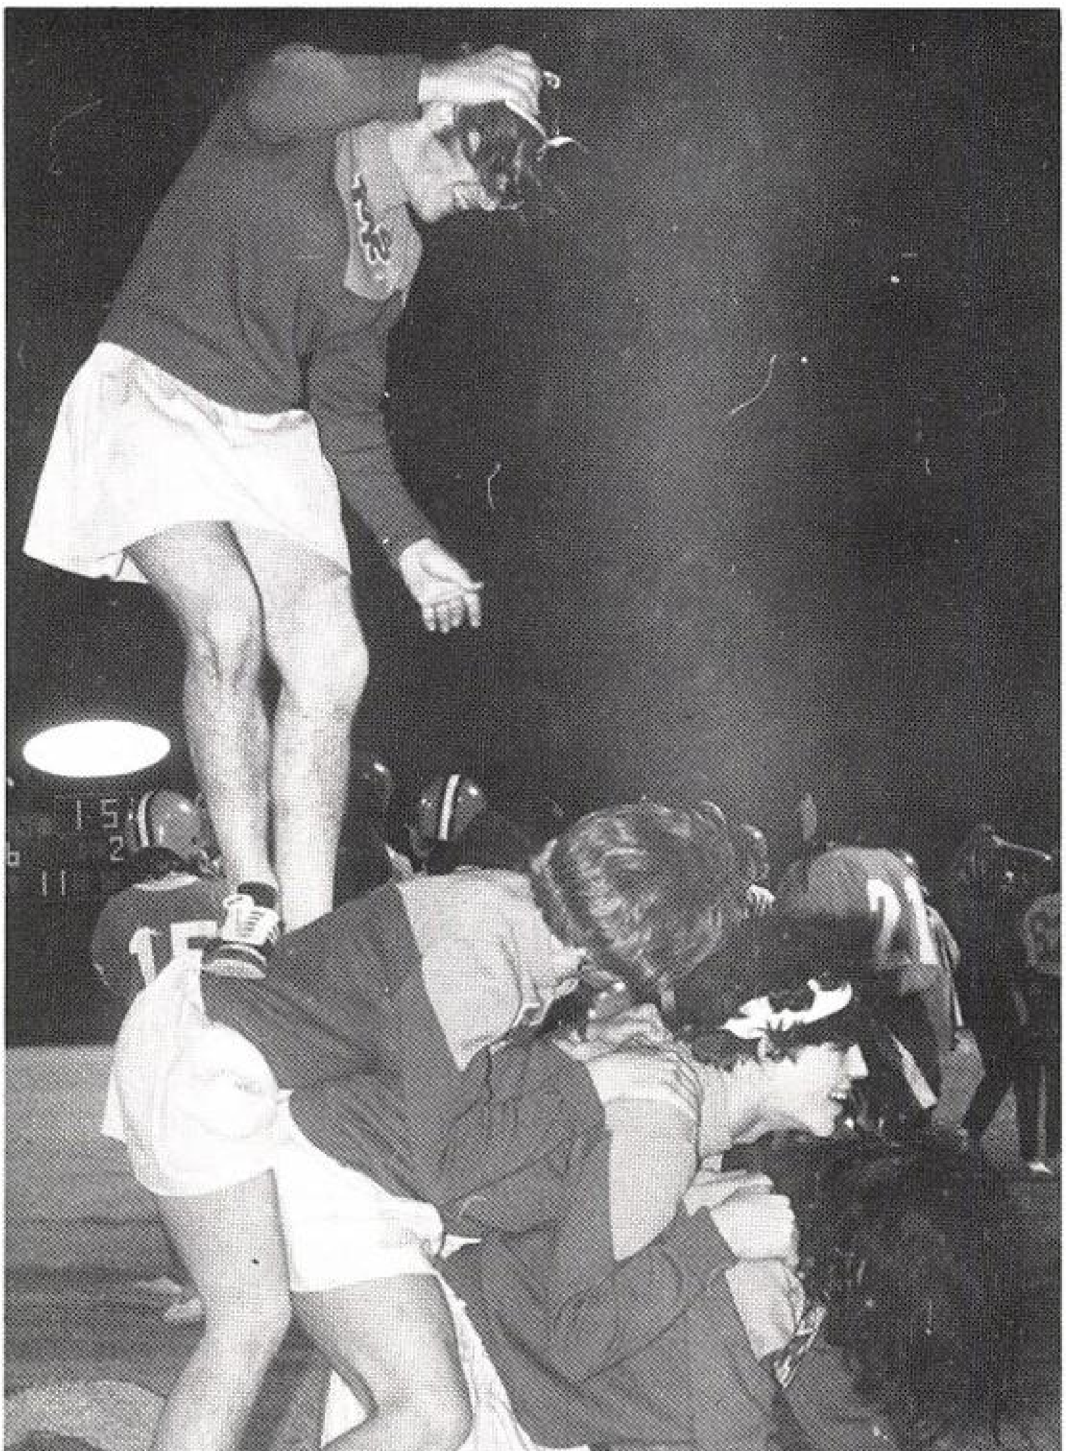


STUDENT LIFE

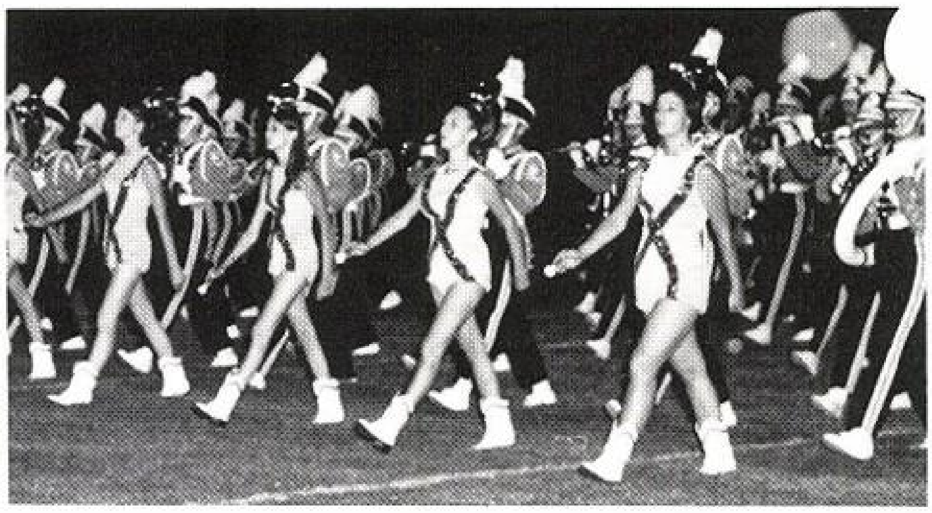
Through various activities students showed their devotion to Airline High School. Among these activities were cheerleading and band practice, skits and decorating for out-of-town games.



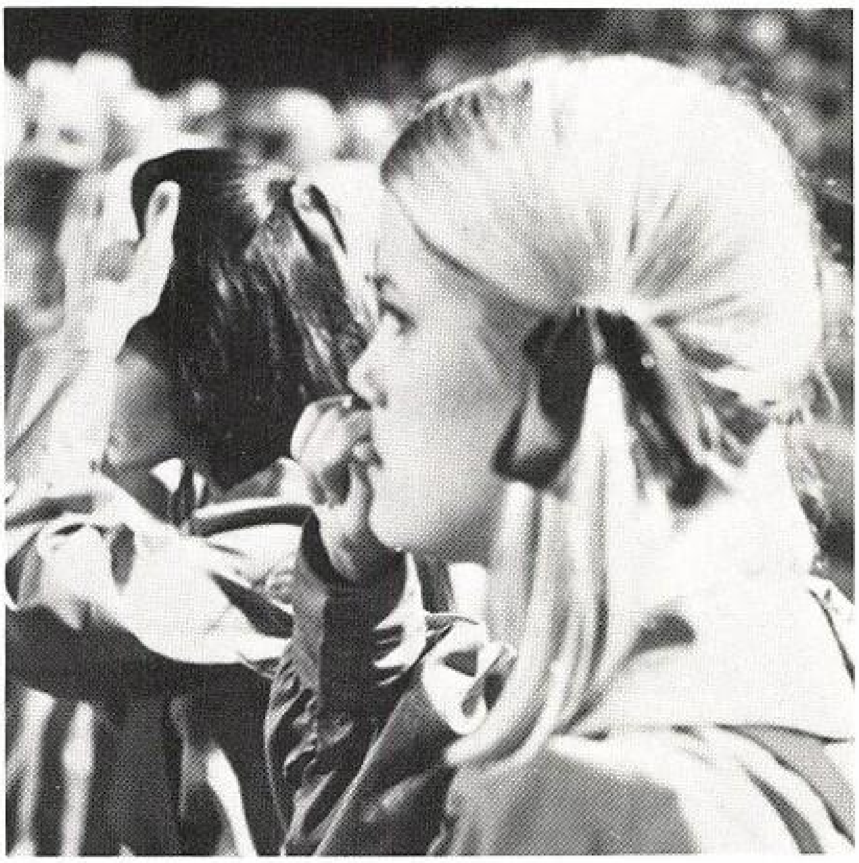


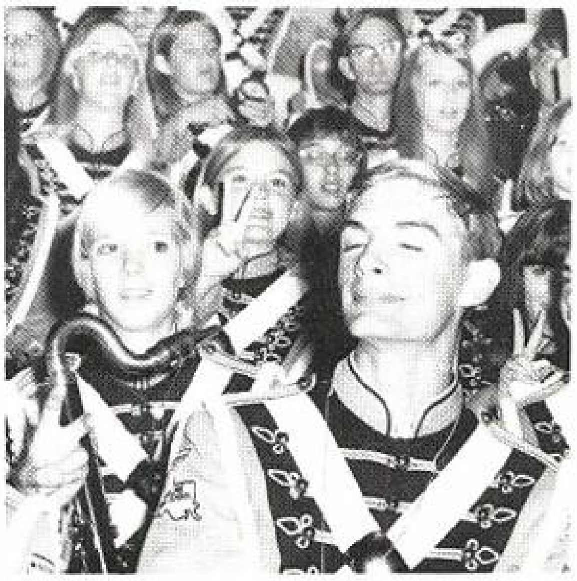


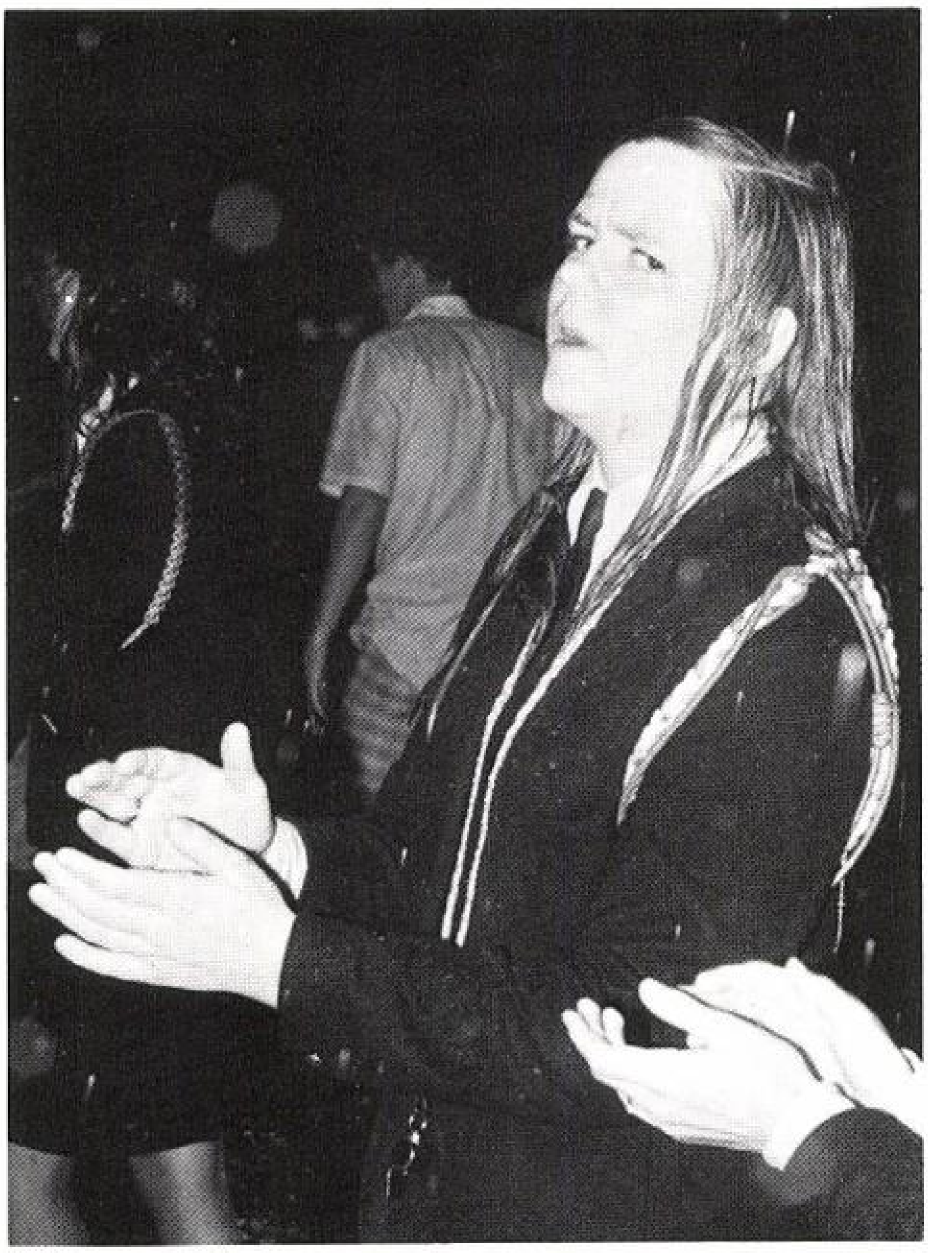
Spirit Formed a Bond Among Students



Cheerleaders called a cheer at a game (above). Band did a good job on their half-time show (above right). Marilyn Coffey showed anxiety during a game (right). Band member Dave Allen took a "break" during a game (lower right). Pep Squad Colonel Cindy Smith kept her Viking spirit even in the rain.

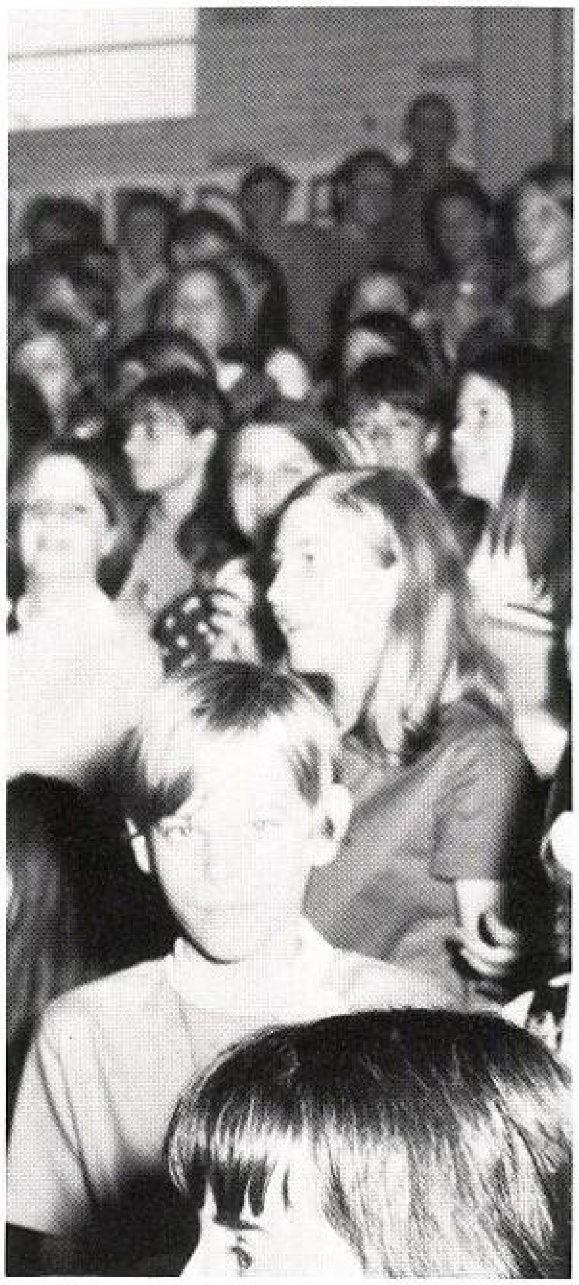


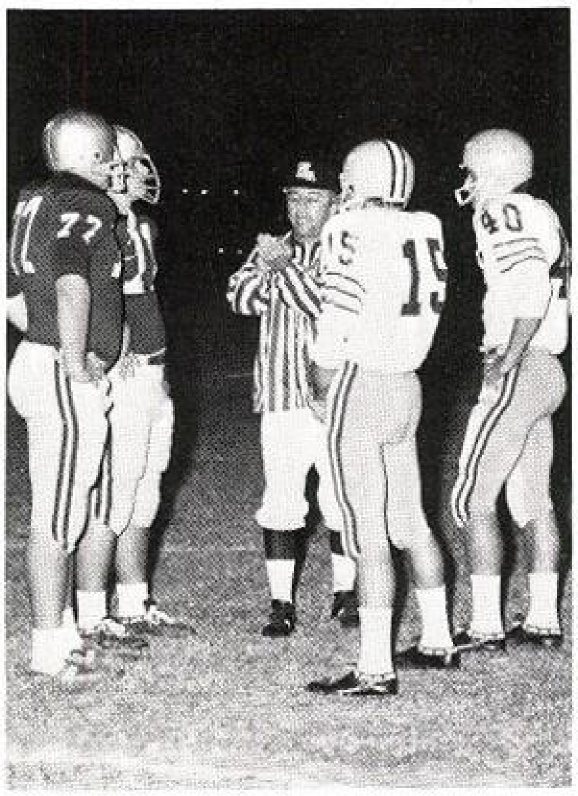


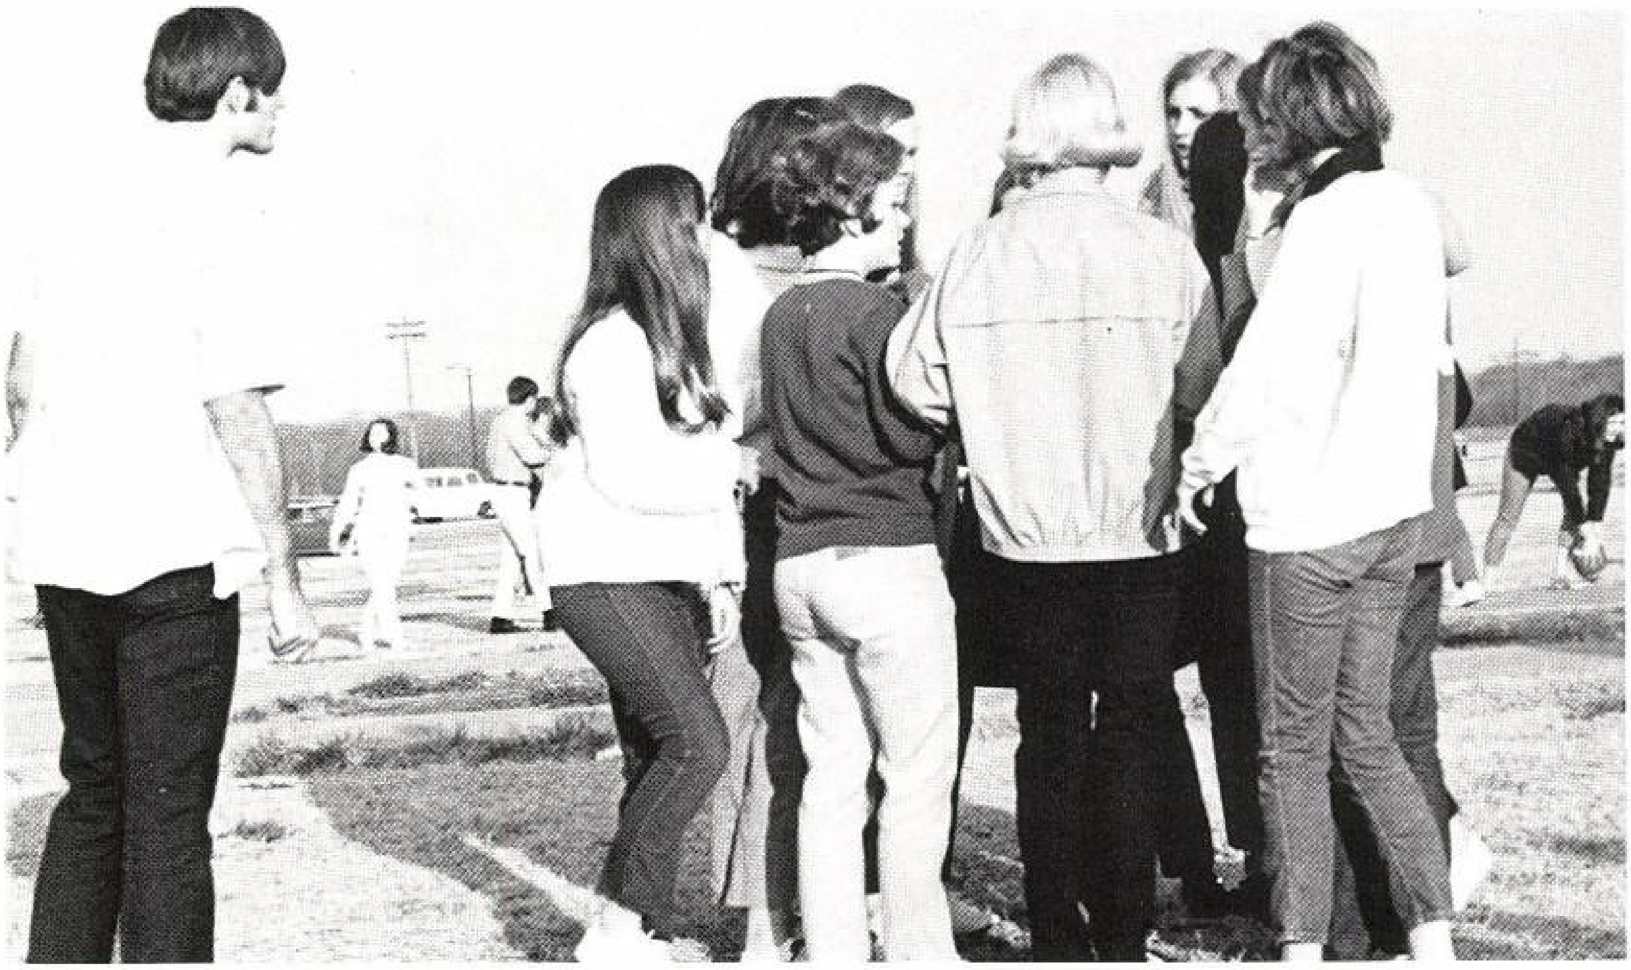


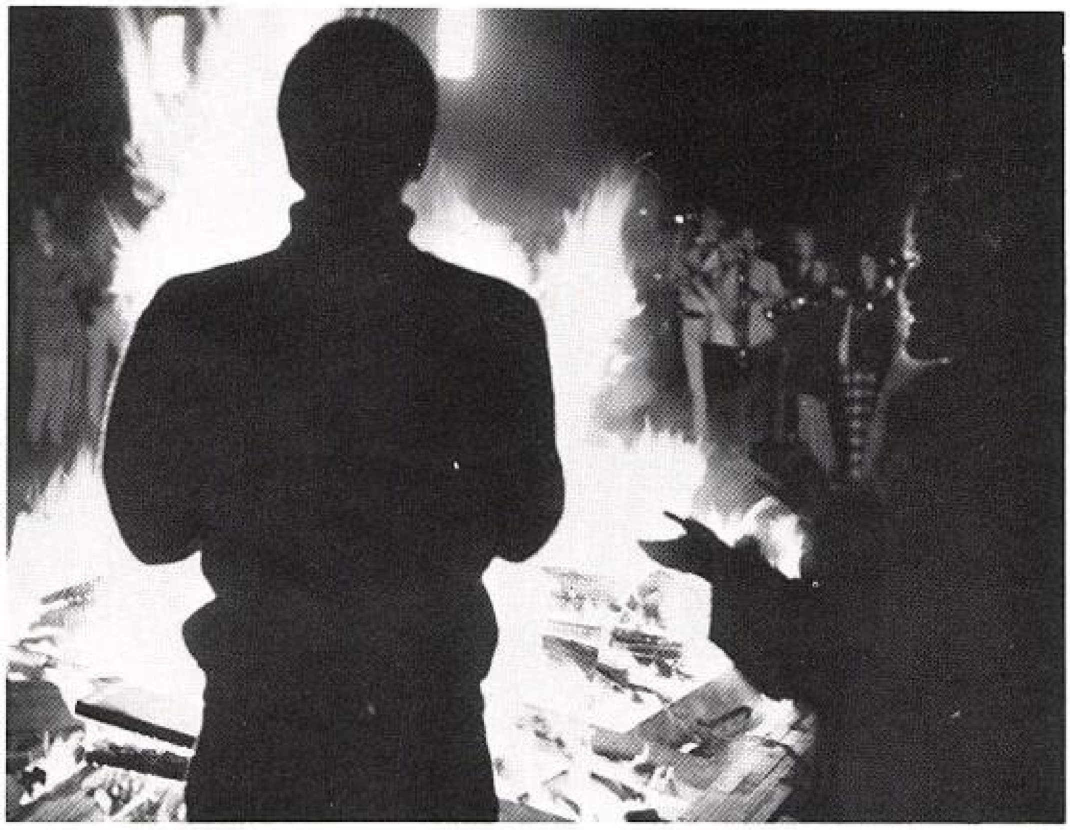
Vikes' Spirit — Always High

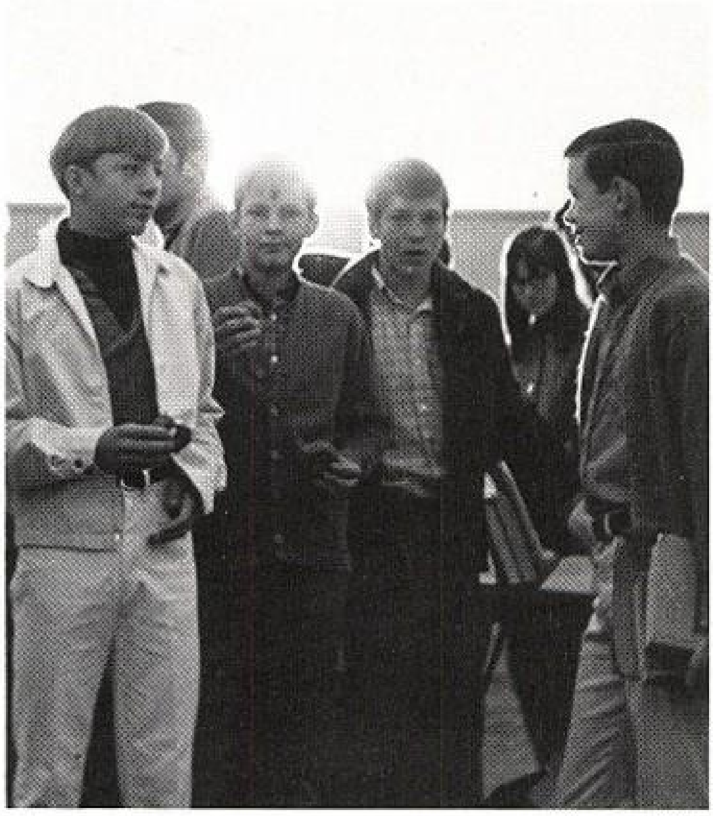
Viking spirit and pride formed a bond among almost all Airline students. Athletics gave a good vent for much school spirit.



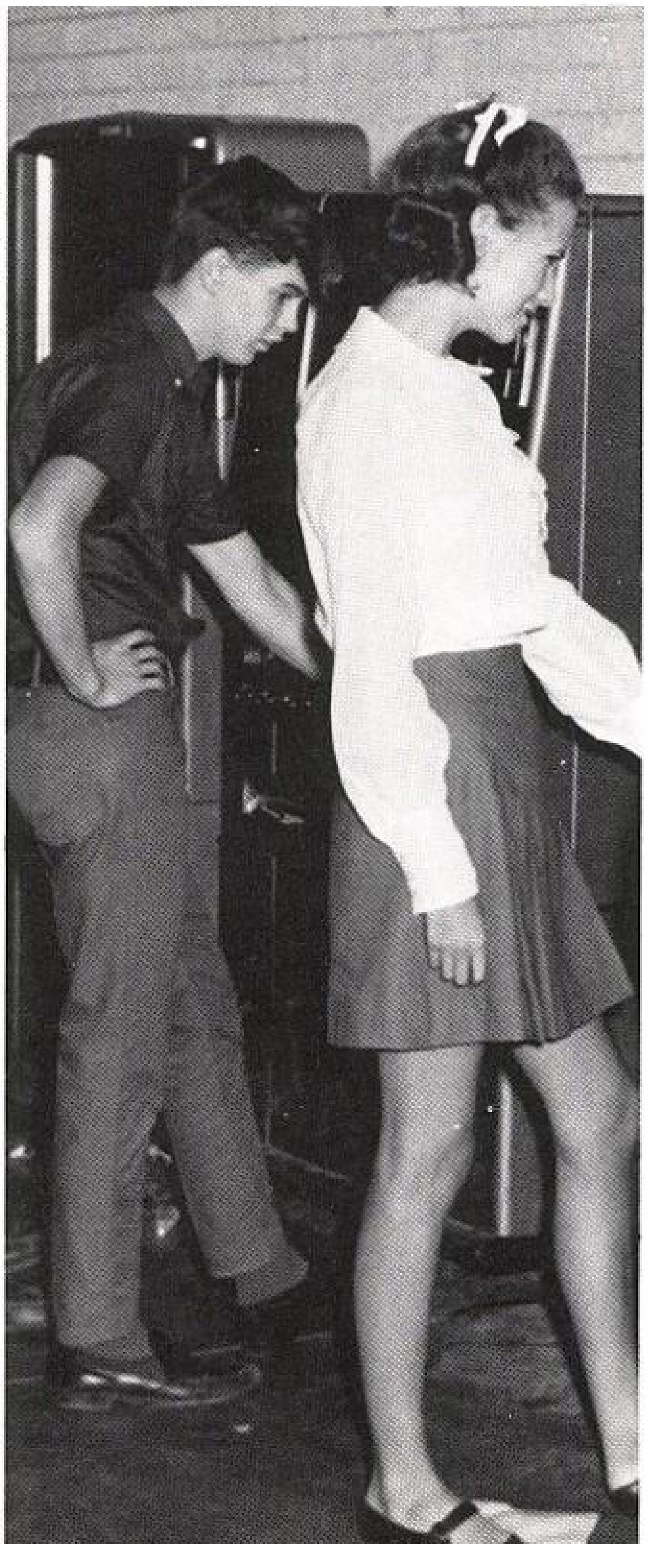






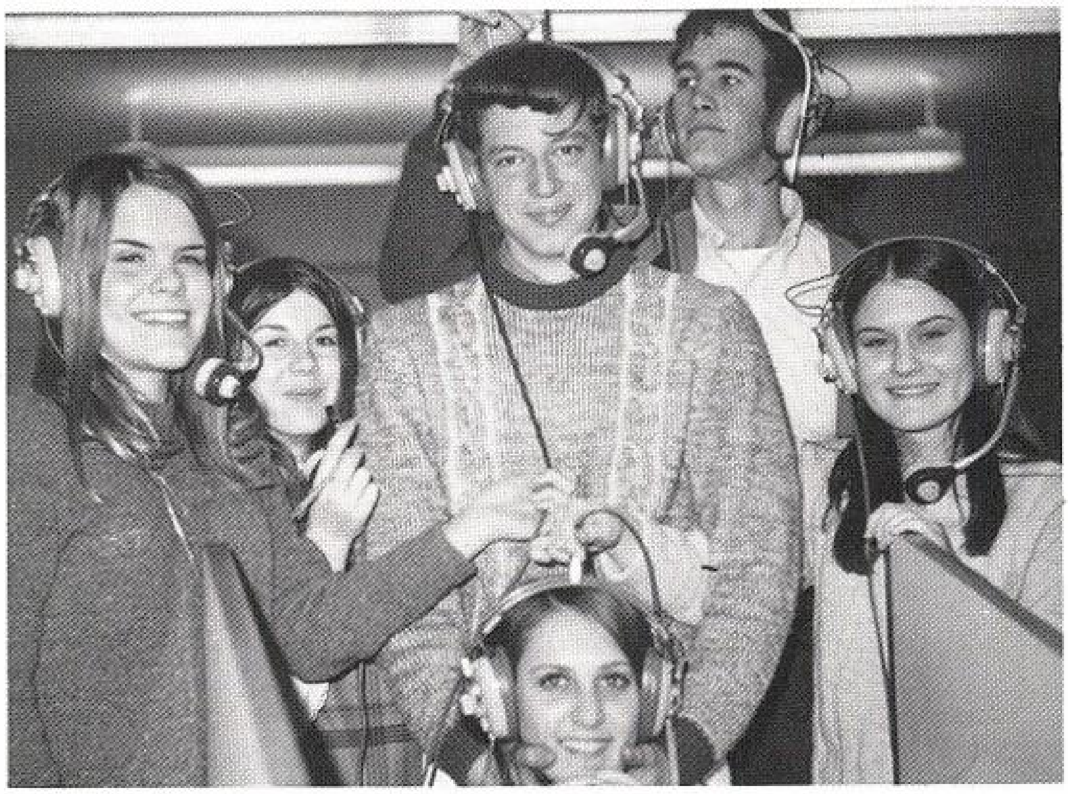


Spirit Was Shown in Various Ways

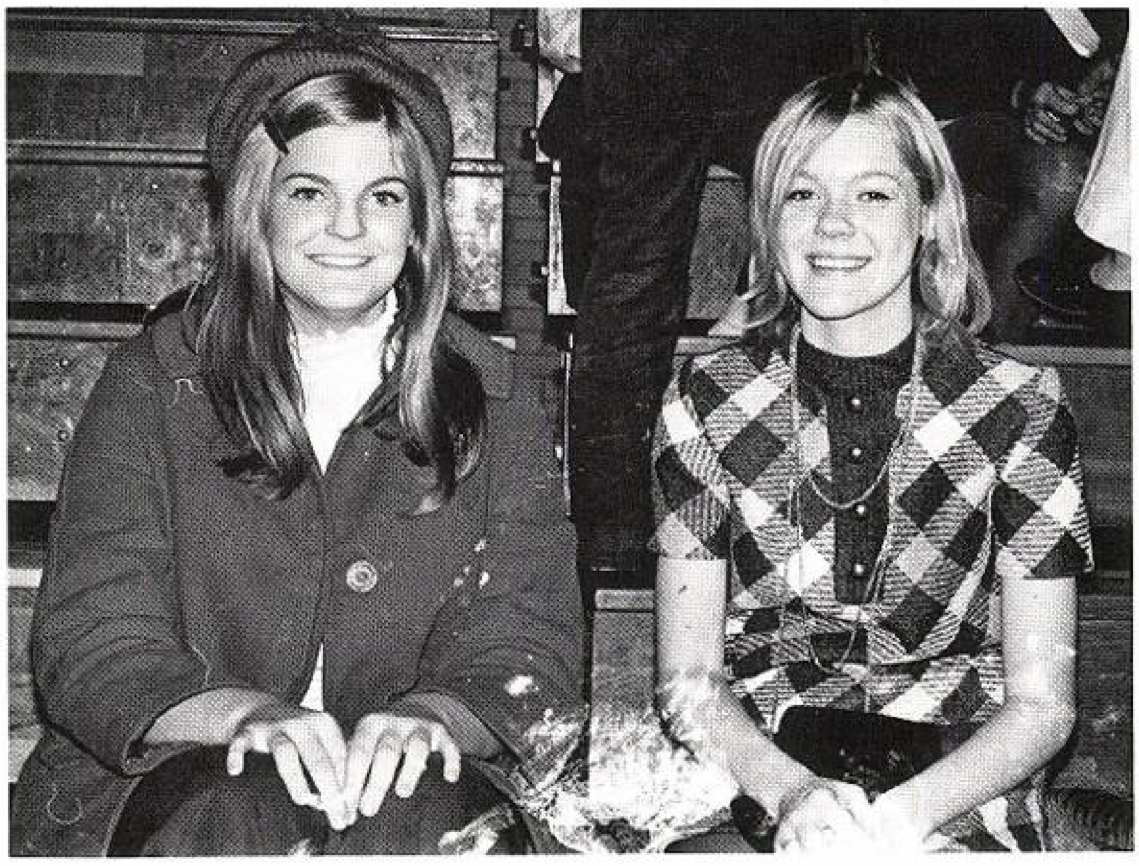


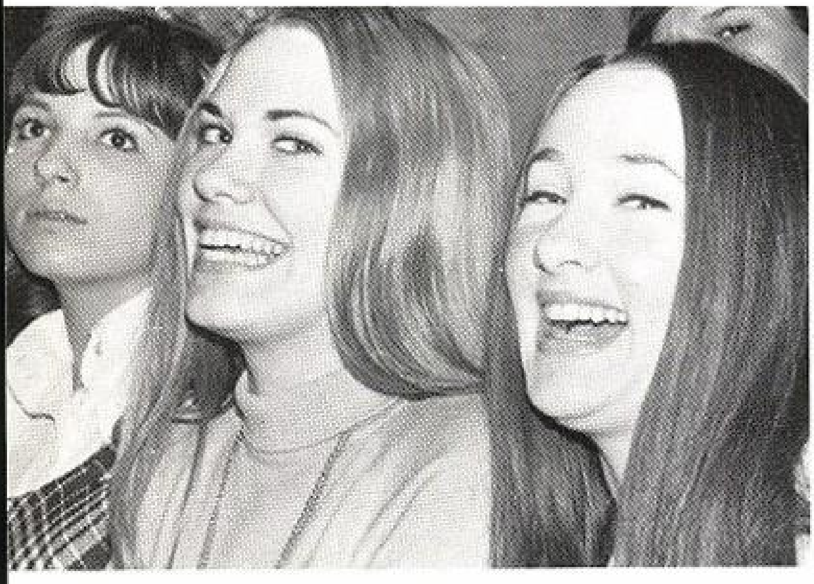
Student participation was great among the Vikings this year. School functions were well attended.

Different Expressions Found at A.H.S.

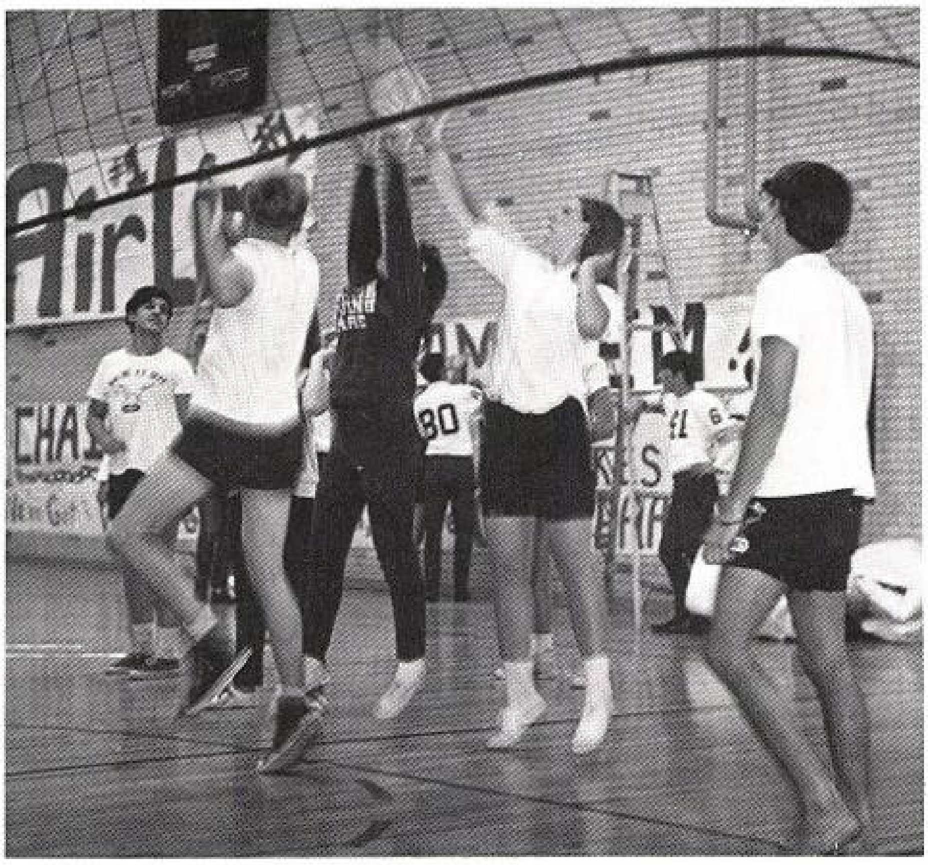


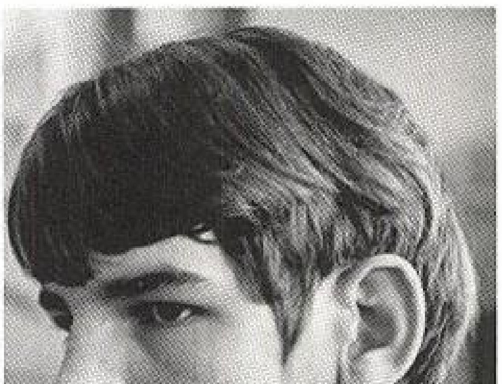
Many students discovered that schooling at Airline was not all work and enjoyed themselves throughout the year.



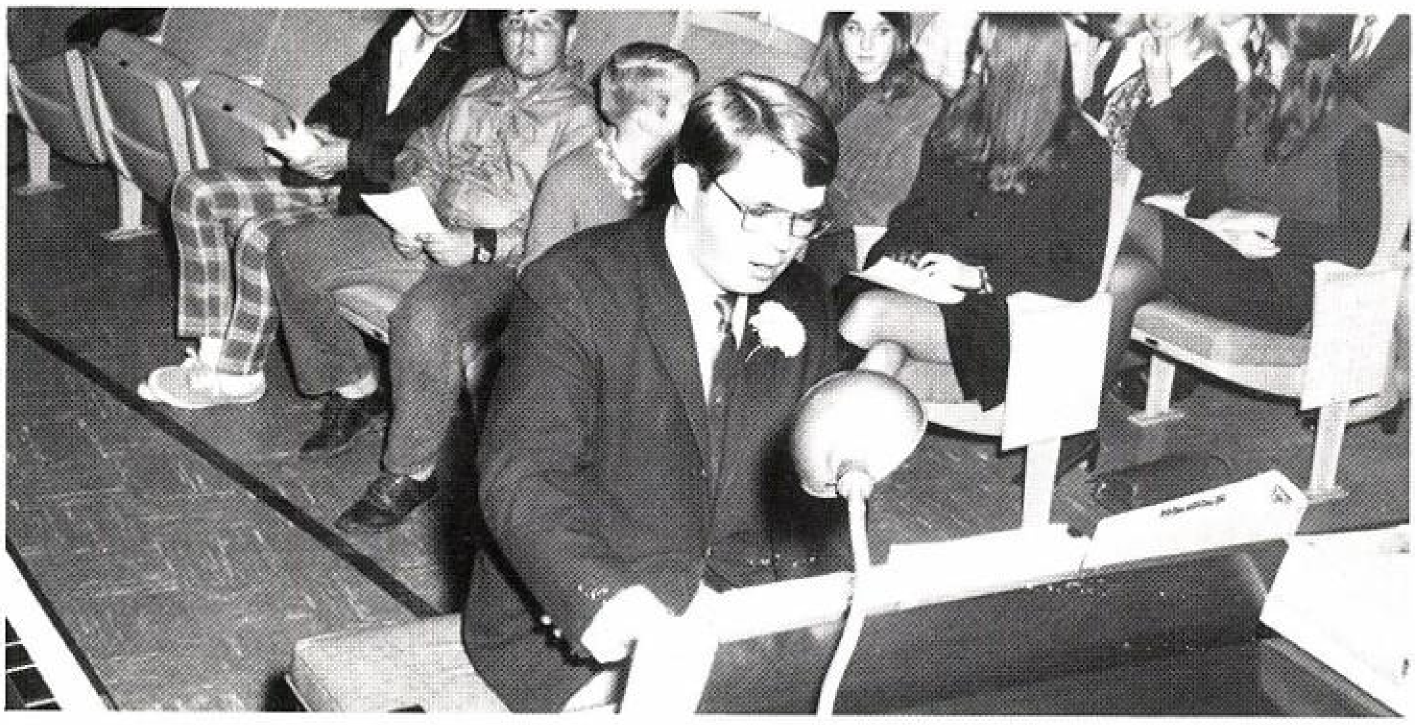


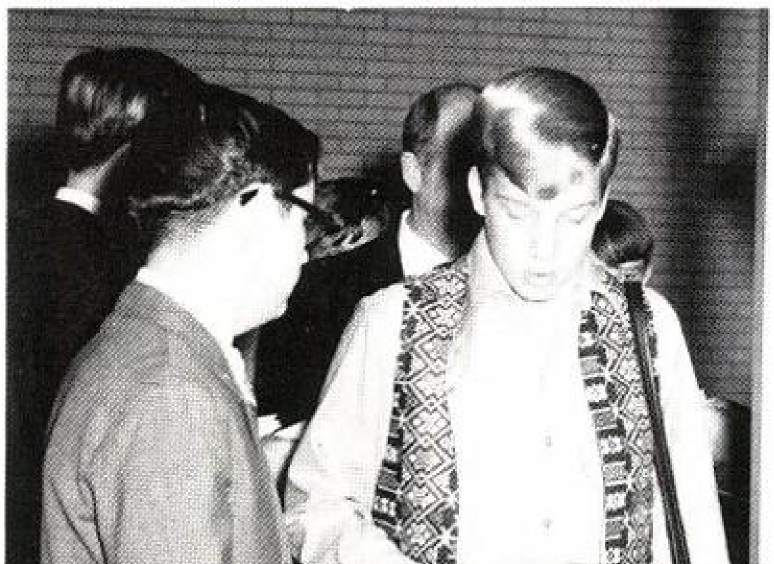
Throughout Airline, students were found mixing pleasure with their work, making the days easier.



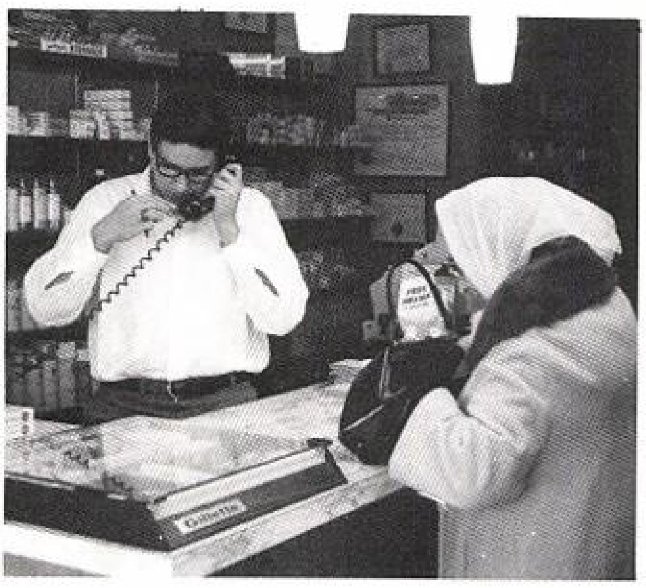


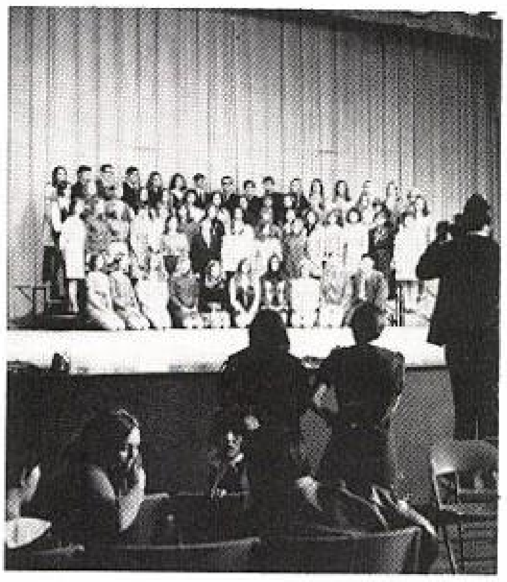
Students and teachers alike gave up leisure time to serve Airline.

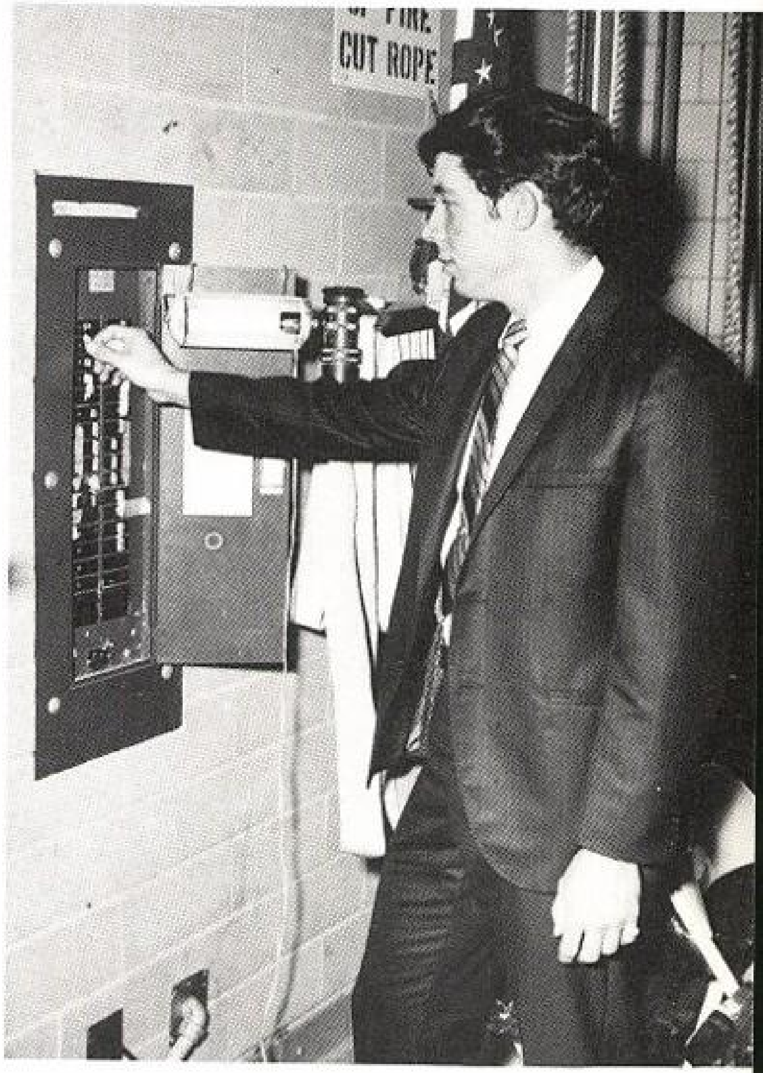




Students Served Diligently







During and after school, Airline students showed devotion to their school through the services they chose to render.

Senior Play, Bachelor

Exciting, hilarious, and successful were the words which would concisely have described this year's senior play, "Bachelor Bait." The determination and know-how of each person to portray his part was remarkable. There are times when a success is a must, and the two months preparation for the presentation of "Bachelor Bait" was such a time. The hours were long and the work was hard, but the pride, enthusiasm, and spirit of Vikings '70 ruled.

HONORS

Mr. A.H.S.

Gary Smith

Chosen as Mr. A.H.S. for 1970 was Gary Smith. Heading the list of Gary's responsibilities was Senior Class President. He represented the Senior class on the Student Council as a senator. Gary was also Secretary-Treasurer of the Key Club and held membership in FCA and the yearbook staff. Among his other honors were Vice-President of National Honor Society, and a Quill and Scroll member. Gary's excellence in football won him much athletic fame. Some of his football awards included membership on all of these honorary teams: All-City, All-District, All-State, and Prep All-American. His football career was climaxed by signing with Texas A&M.

Gary's worthiness of this title of Mr. A.H.S. was seen in his outstanding leadership abilities and Viking pride.

Miss A.H.S.

Diane Barksdale

Miss A.H.S., Diane Barksdale, has proven herself to be worthy of this title. She has been involved in student government here at Airline every year of her four years, topping it off by being the Senior Class Secretary this past year. Diane was a Freshman and Sophomore Homecoming Maid and this year reigned as the 1969 Homecoming Queen. She has been the editor of the yearbook for two consecutive years. Diane has been in the top thirteen in Airline's beauty pageant all four years and is also a member of the National Honor Society. She was a Pelican State delegate in 1969. She was an Outstanding Teenager of America nominee and was also one of the city's "Pat-Em-On-the-Back" Award recipients.

Diane has proved herself worthy of the title of "Miss A.H.S.," through her ability, determination, and undying loyalty to Airline High School.

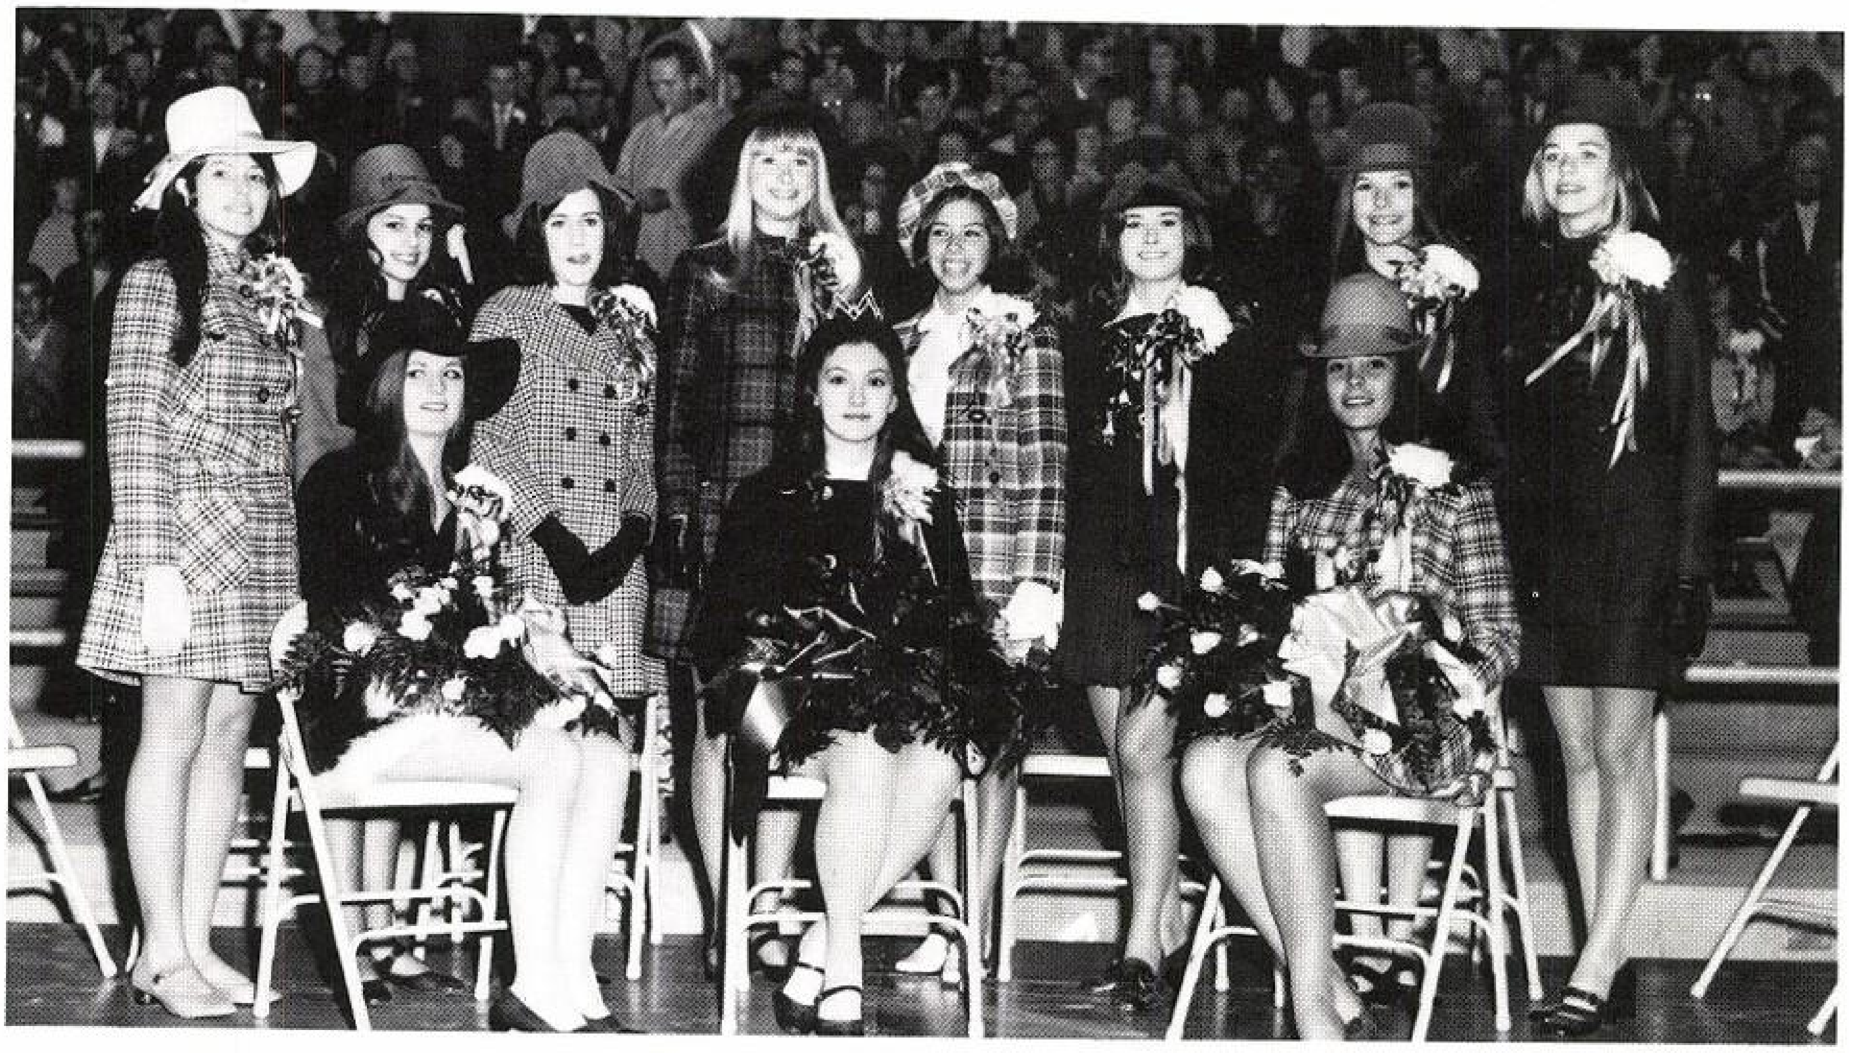
Homecoming 1969

Homecoming 1969 was a really special one—it was the first Homecoming to be held in Airline's new stadium. There were many fans in attendance for the presentation of the court and the game.

The theme for this year's Homecoming was "We Gotta All Get Together." A dance was held by the Student Council after the game; the entertainment was by The Rogue Show. The students of Airline helped to make Homecoming 1969 the great success it was.

Escort David Vaughn and her father James Barksdale watched as Mr. Horneman crowned Diane Barksdale.



The Homecoming Court watched the game from their special sideline platform.

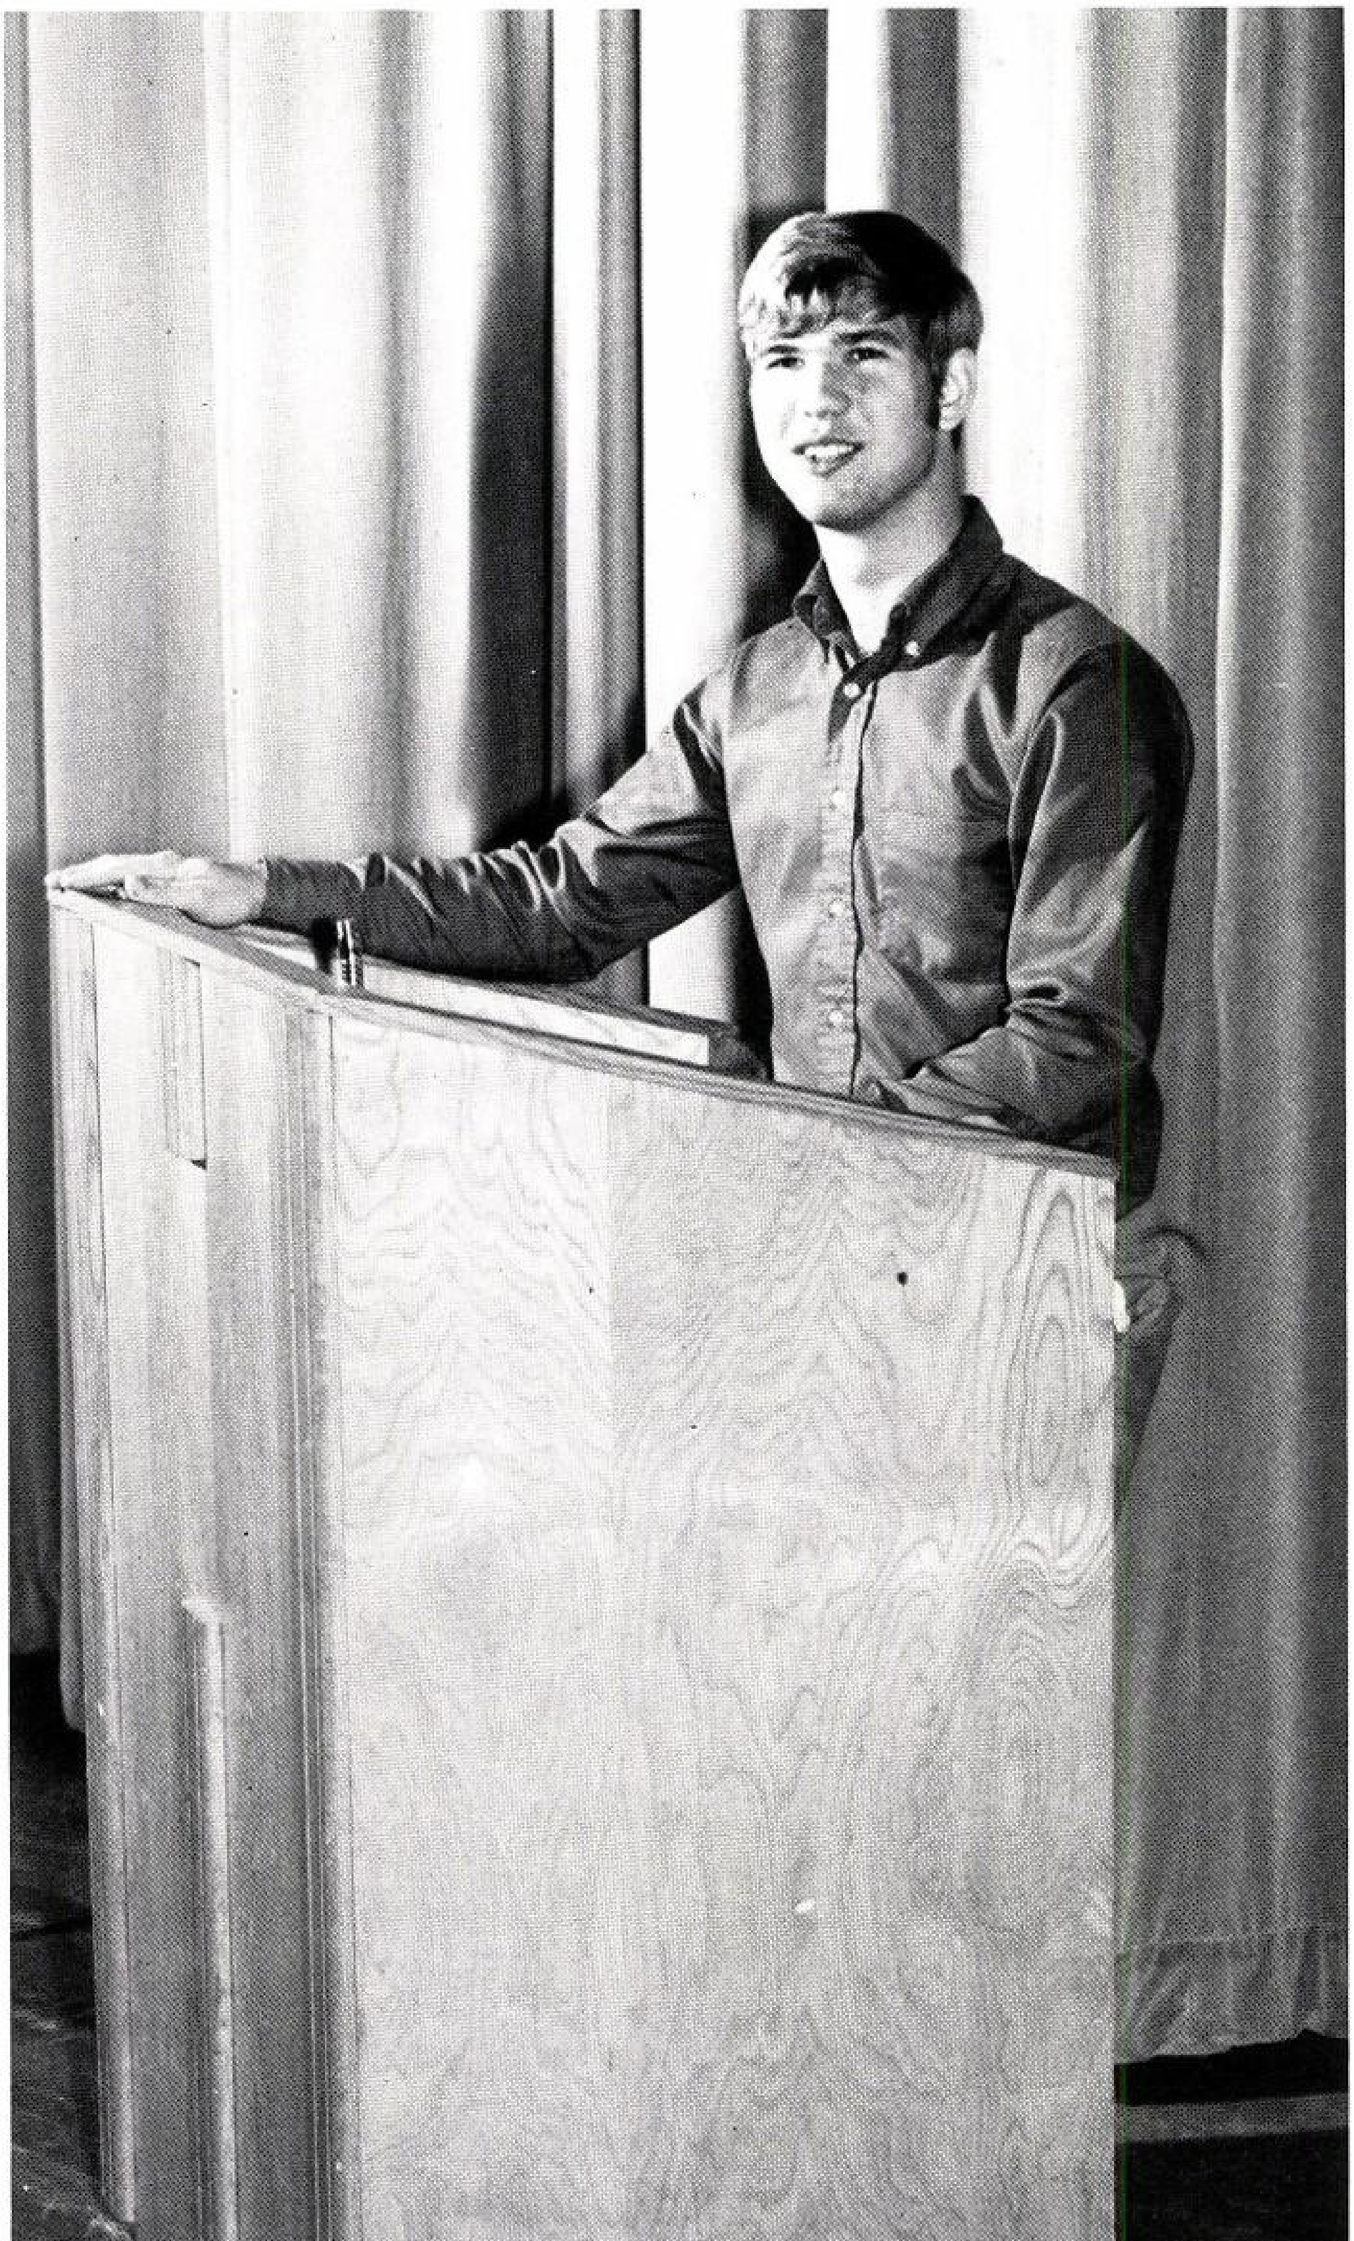
Two Selected for

Diane Barksdale

In the four years she has attended Airline, Diane has proved herself to be one of Airline's most outstanding students. She has actively participated in many extracurricular activities, but she still found time to make excellent grades. Her job as Yearbook Editor took up most of her time, but she also held membership in National Honor Society, Forensic Club, and Quill and Scroll. Diane was a Pelican State Delegate, an Outstanding Teenager of America nominee, Interact Club sponsor, Senior Class secretary, and received the Optimist Club "Pat-Em-On-the-Back" Award. Some of the biggest highlights of Diane's year were being elected "Miss AHS" and Homecoming Queen, being selected as second runner-up in the 1970 beauty pageant, and receiving the American Legion Award.

1970 Who's Who



Mike Daniel

Mike Daniel, Student Council President, was one of Airline's most active students. Throughout his high school career, Mike has been an active part of our student government. He was president of his sophomore class and was on the Executive Committee his junior year. Mike has shown outstanding leadership in the governing of our school, and the teachers have selected him for the Leadership Award this year. Football kept him busy the first part of the year, but he still found time to carry out his duties as a member of Fellowship of Christian Athletes, Key Club, and Forensic Club. Because of his excellent grades and other qualifications, his teachers selected him as a member of National Honor Society, one of the greatest honors that a student at Airline can receive.

ORGANIZATIONS

Student Council

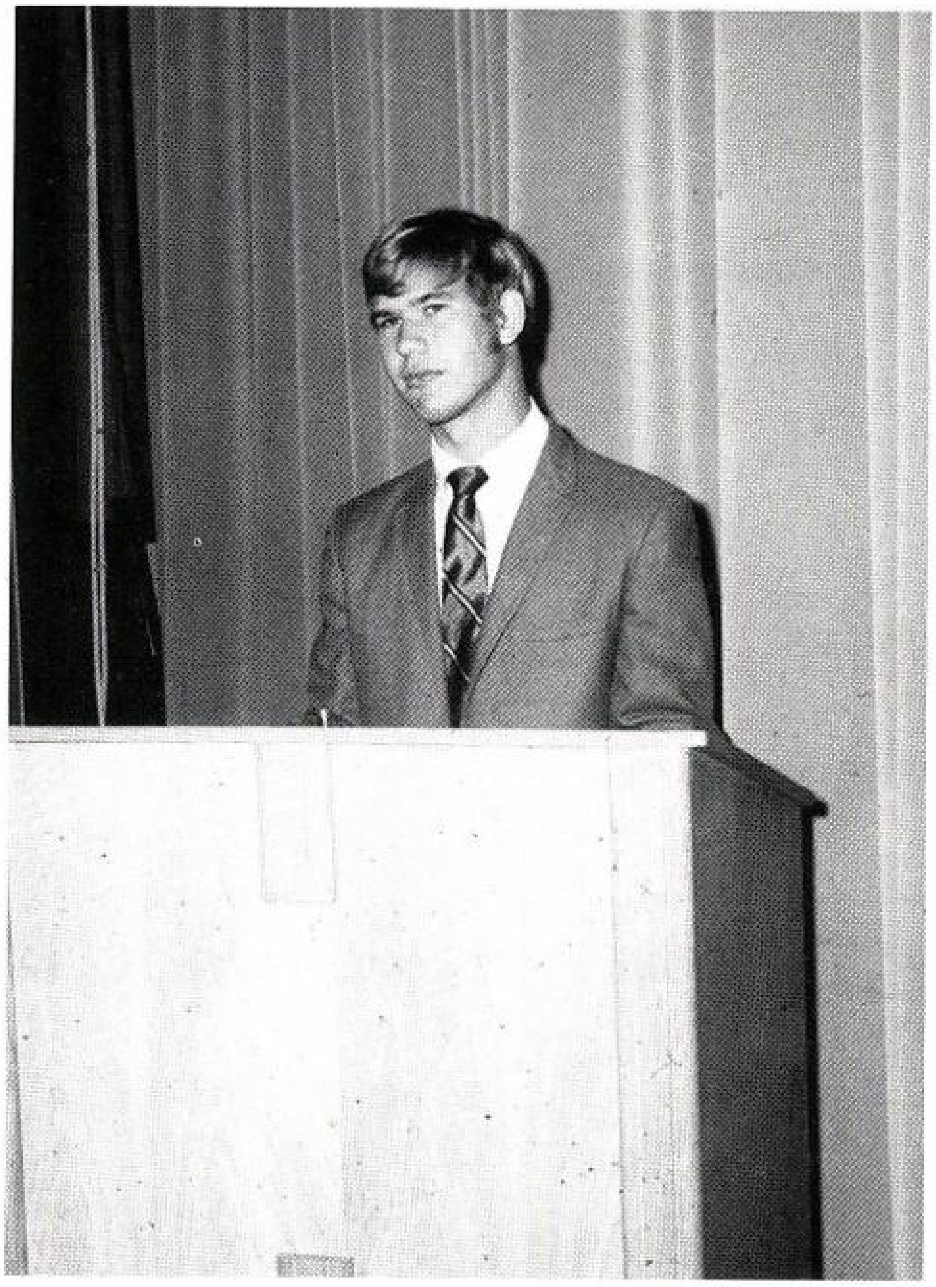
During this year as president of the governing body of Airline High School, the Student Council, I learned much about the school. I found that Airline's true strength lay in its people.

The faculty seemed eager to cooperate with every Student Council endeavor. The class senators and representatives were always willing to give up their free time to make the projects of our school work. The students pitched in and made what was good, great.

No words can express my gratitude for the devotion and many hours of hard work which the officers and our sponsors, Miss McCallister and Mrs. Carnahan gave.

I want to thank everyone who gave me a chance to do my small part in keeping Airline Number One.

Mike Daniel



Student Council President, Mike Daniel, welcomed students on the first day of school.

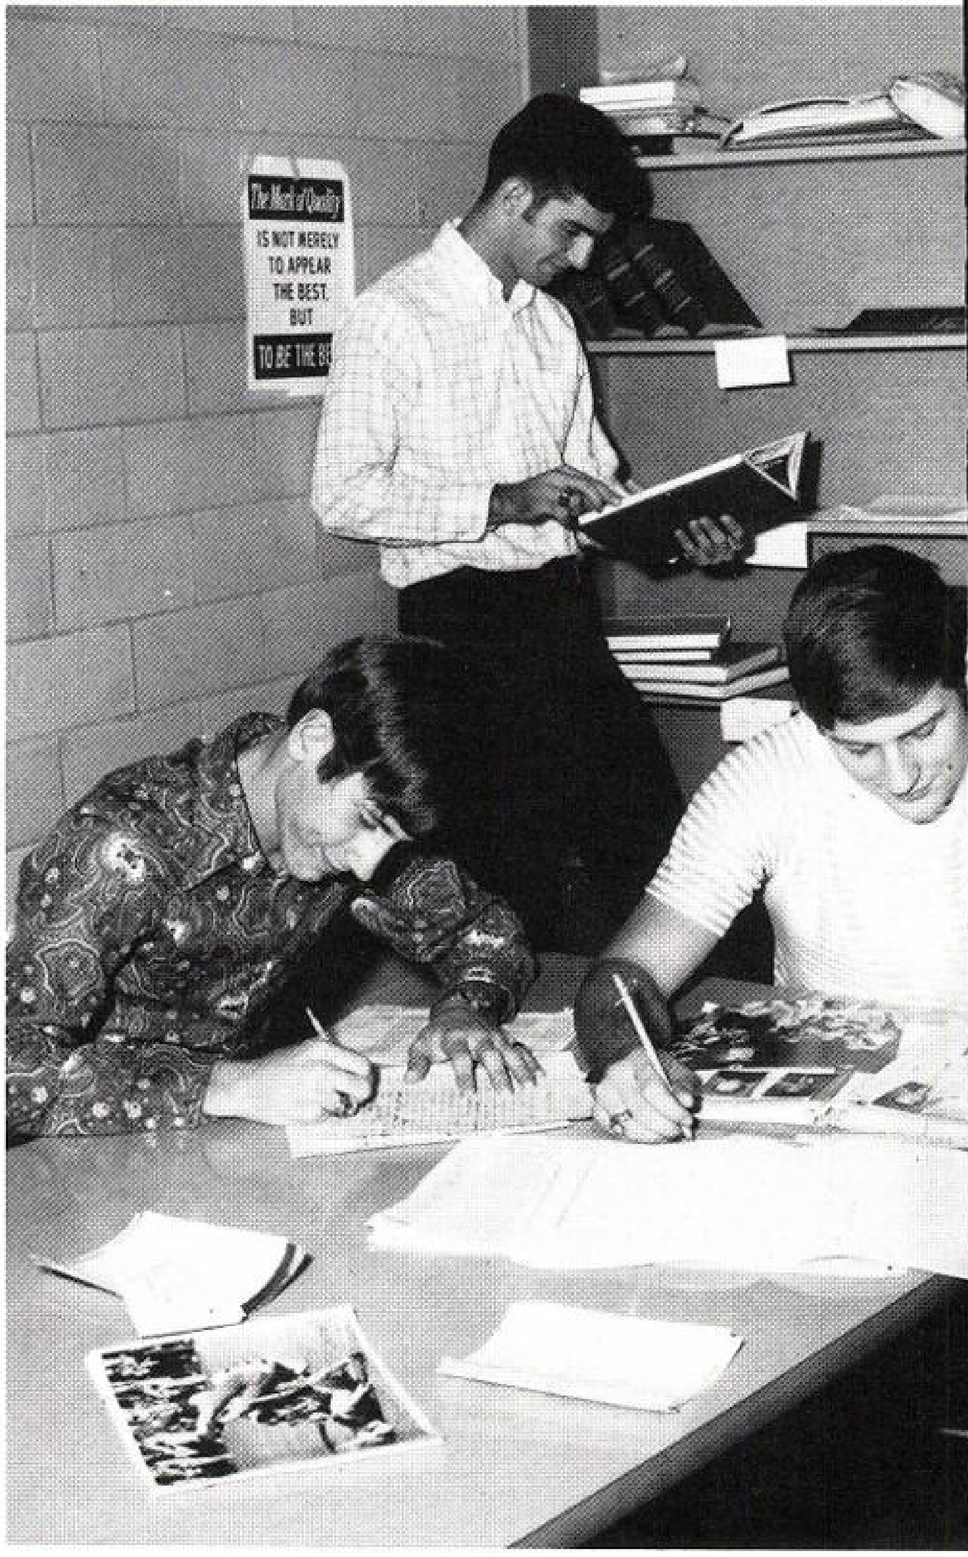
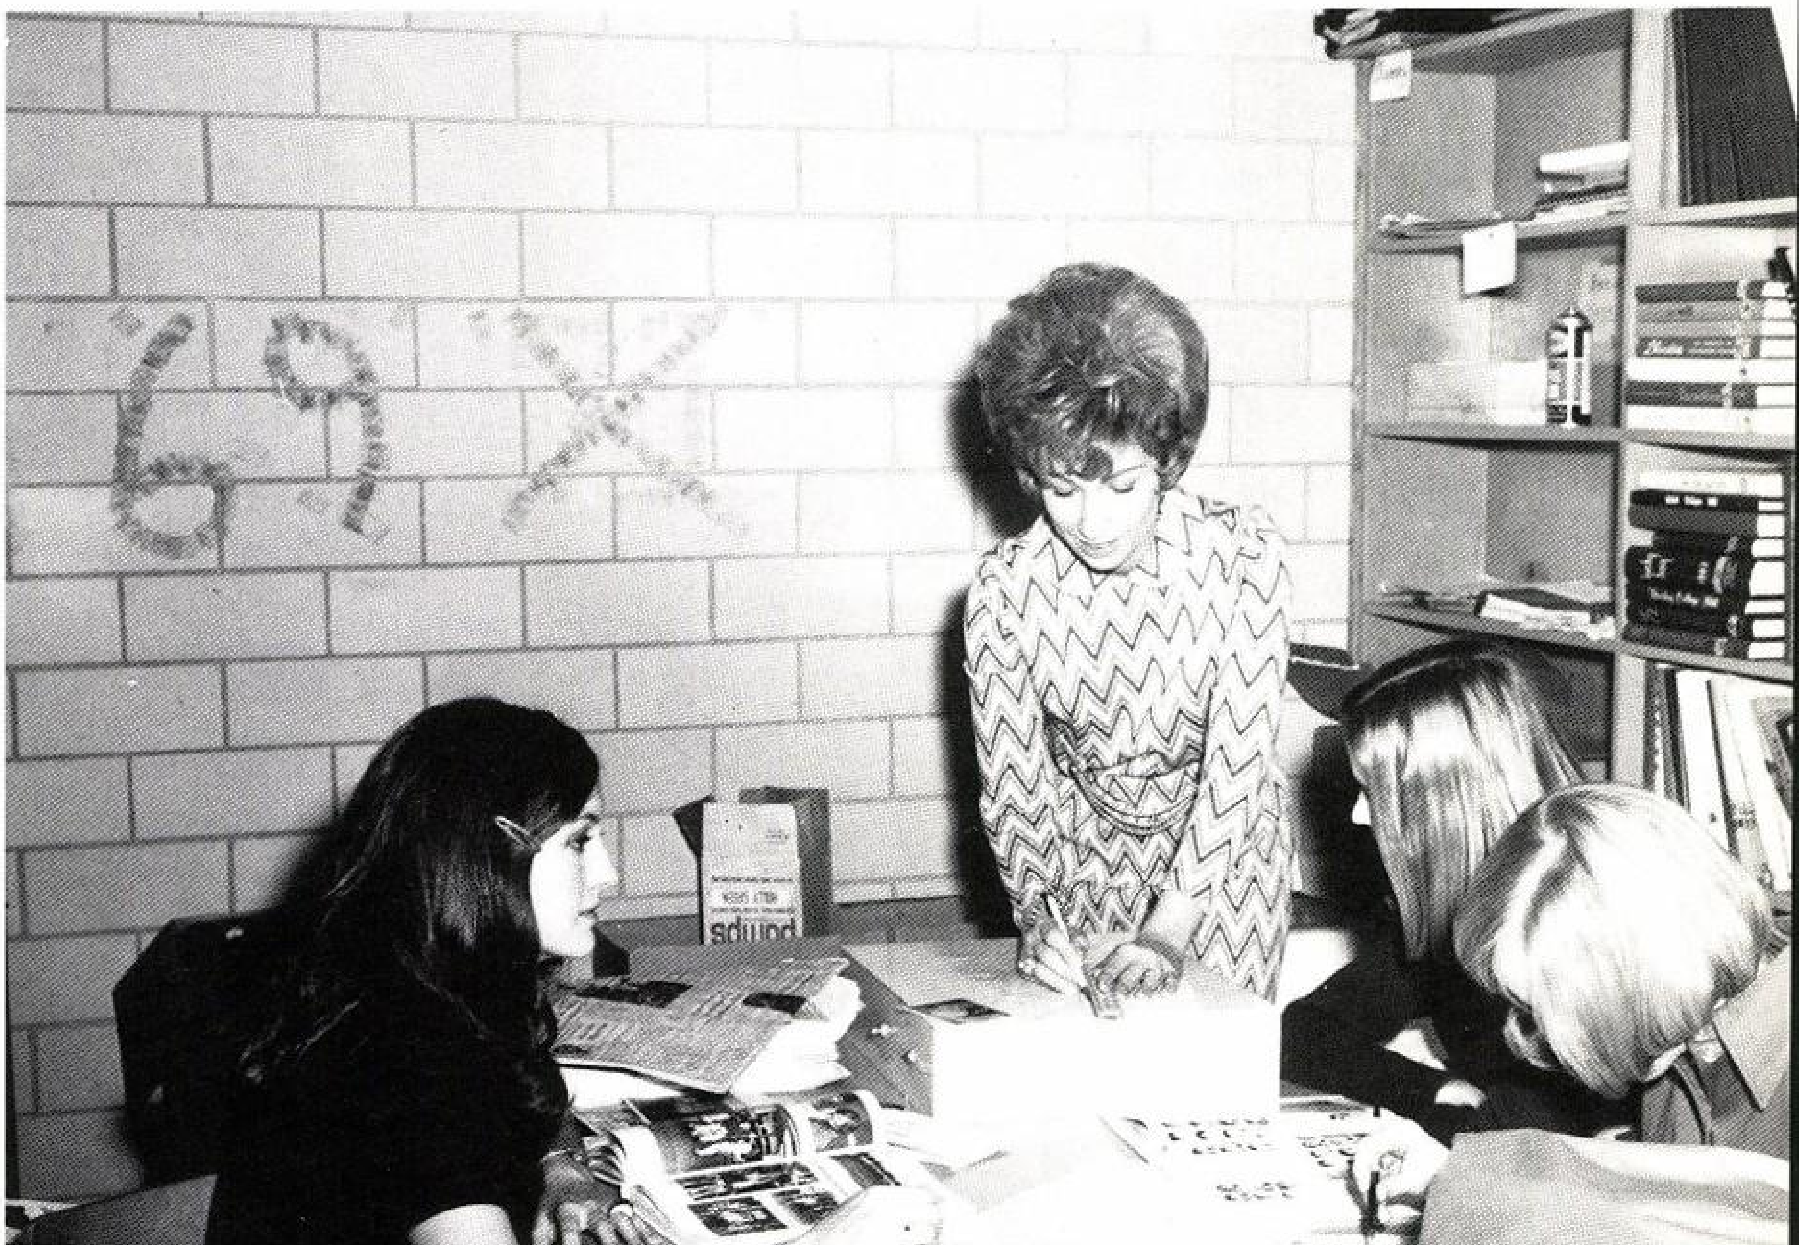
One of the most versatile organizations at Airline this year was the yearbook staff. Some of their activities included collecting picture money, distributing school pictures, collecting locker fees, and sponsoring the annual beauty pageant. While doing all of this, they worked on the yearbook. The members on the staff consisted of students who had a "C" average, staff approval, and a willingness to work and interest in yearbook procedures. The Valhalla sponsor was Mrs. Caldwell.

Brenda Edwards sorted flowers which were used in the beauty pageant (bottom left).

Diane Wilson checked the calendar for a deadline date (below).

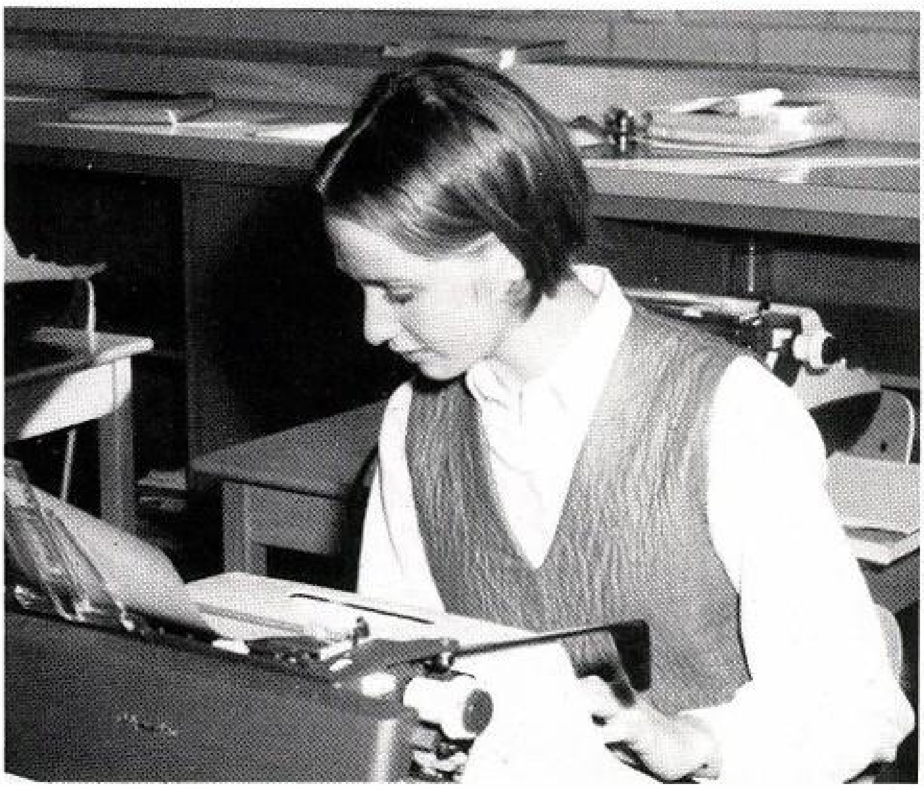




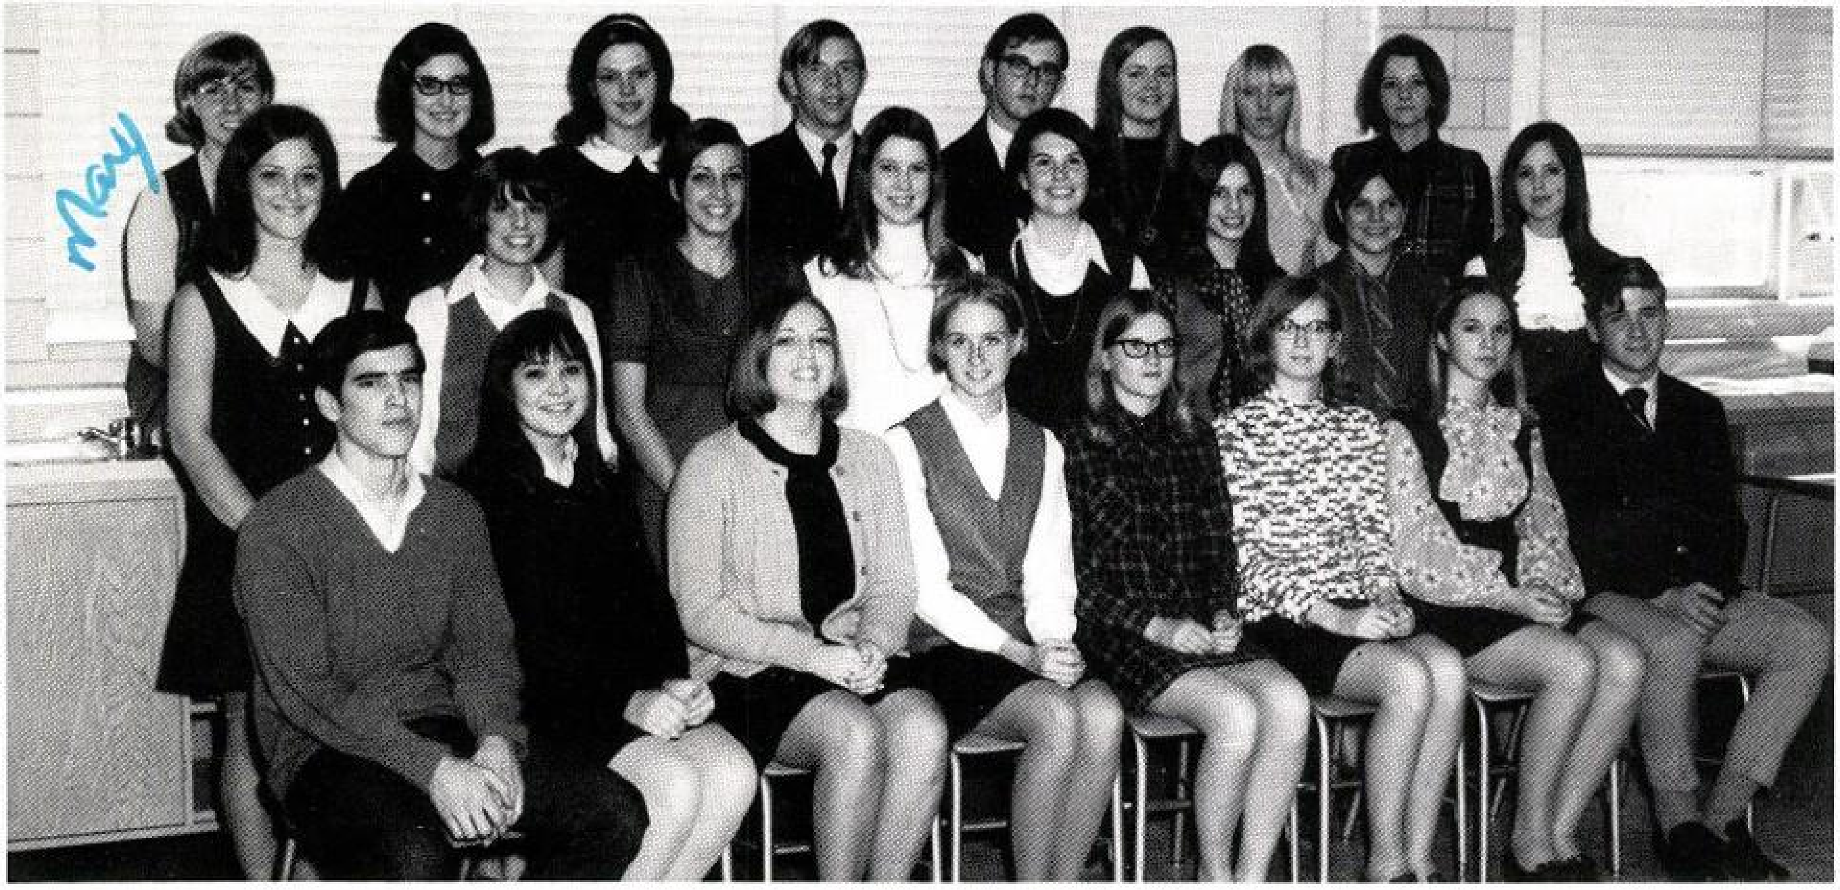
Mrs. Caldwell, sponsor, instructed Diane Barksdale, Sarah Smith, and Jeanie Allen in picture-cropping techniques (above). Sharon Dunlop, Lynn Brubaker, and Bob Jackson planned page layouts for their sections (top right). Cindy Silas, Vickie Grosjean, and Pam Ragsdale worked jointly on the senior class section (top, opposite page). Working together on the sports section were Vic Lanzillotti, David Hudson, and Gary Smith (left, opposite page).

Askalada Staff

An extremely active organization at Airline this year was the newspaper. This group printed a paper a month, which presented all the school news and happenings in an interesting way. At the beginning of school, they sold Freshman keys. Students on the Askalada staff had to have a "B" average in English, an overall "C" average, and sponsor approval. The Askalada staff, sponsored by Mrs. Iantha Smith, had approximately twenty members.

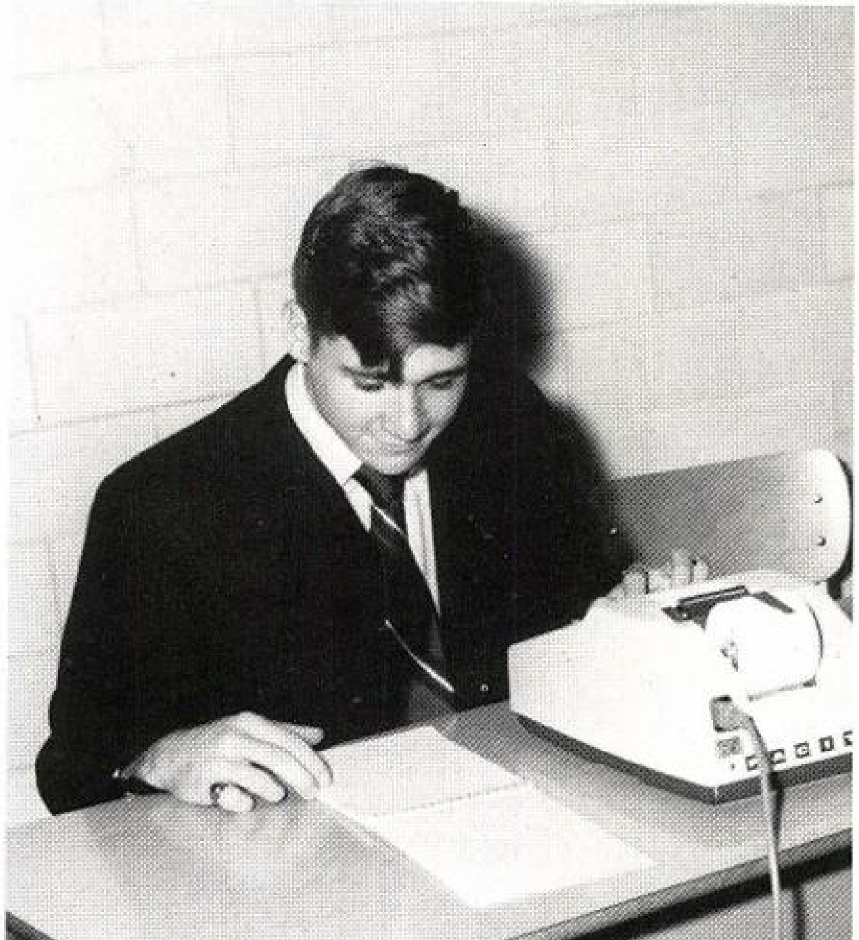


ASKALADA's Editor-in-chief was Cindy Smith (top right). The Assistant editor was Donna Kendrick (right).



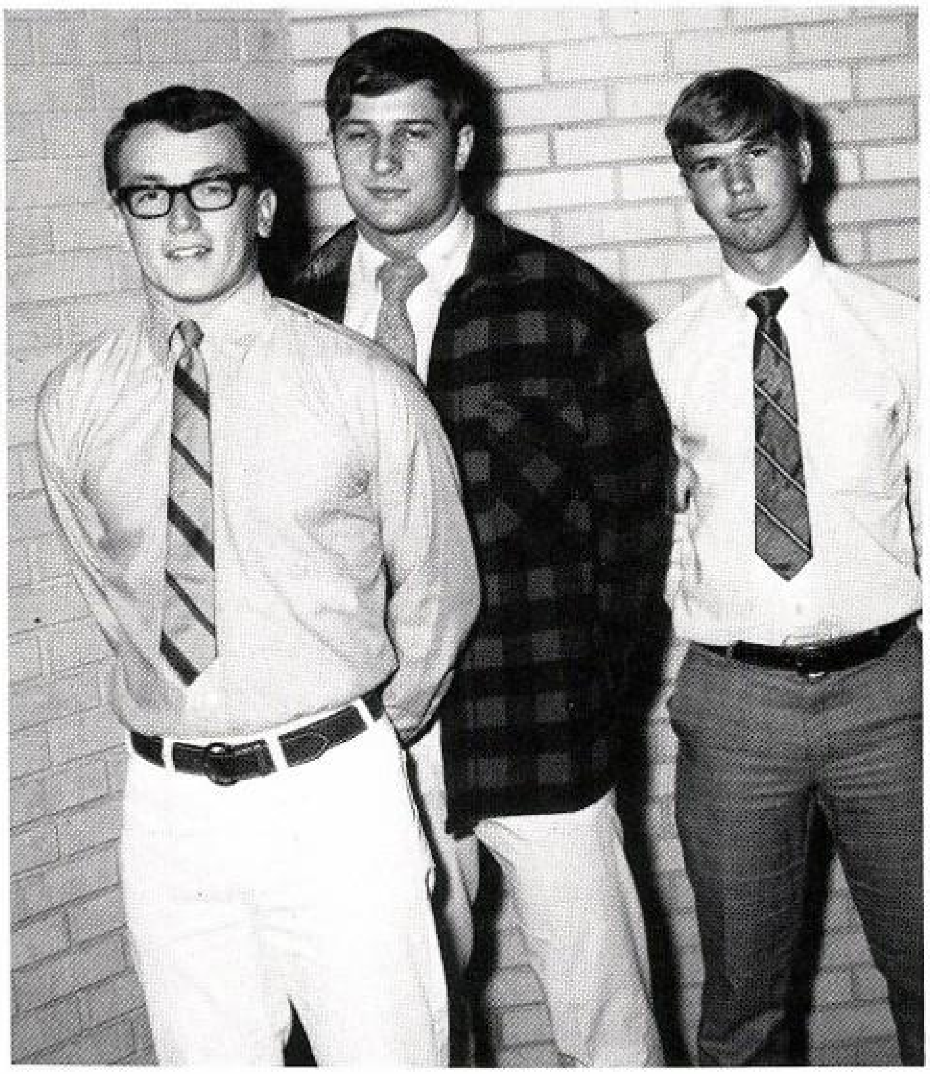
Bob Jackson, photographer; Karen Allen, Robin Swanson, Donna Kendrick, Debbie Sather, Carolyn Judkins, Peggy Oliver, and James Hennen (front row). Charlotte Santoro, Donna Henry, Diane Black, Dedra Seale, Kathy Morrow, Debbie Henry, Nan Lewis, and Paulette Santoro (second row). Mary Grotzinger, Melanie Welch, Pat Weisel, Jimmy Shows, Mike Cavanaugh, Cindy Smith, Mary Hoff, and Sandra Mizell (back row).

Reporters Mary Hoff and Diane Black checked the files for story information (left). Mike Cavanaugh, Sandra Mizell, and Jimmy Shows got story ideas from another paper (bottom left). Business manager, James Hennen, figured ad receipts for a forthcoming issue (bottom right). Staff members looked at an ASKALADA as they waited for buyers at lunch.



Key Club

An active service organization this year was the Key Club. The members ushered at football games, raised the flag, provided the tree for White Christmas, and operated the basketball concessions. There were 42 members in the club. Having a 2.5 grade average and club approval were the main requirements for membership. Mr. Nichols was Key Club faculty advisor.



Officers pictured were Richard Aldrich, Vice President; Gary Smith, Secretary-Treasurer; Mike Daniel, Parliamentarian.

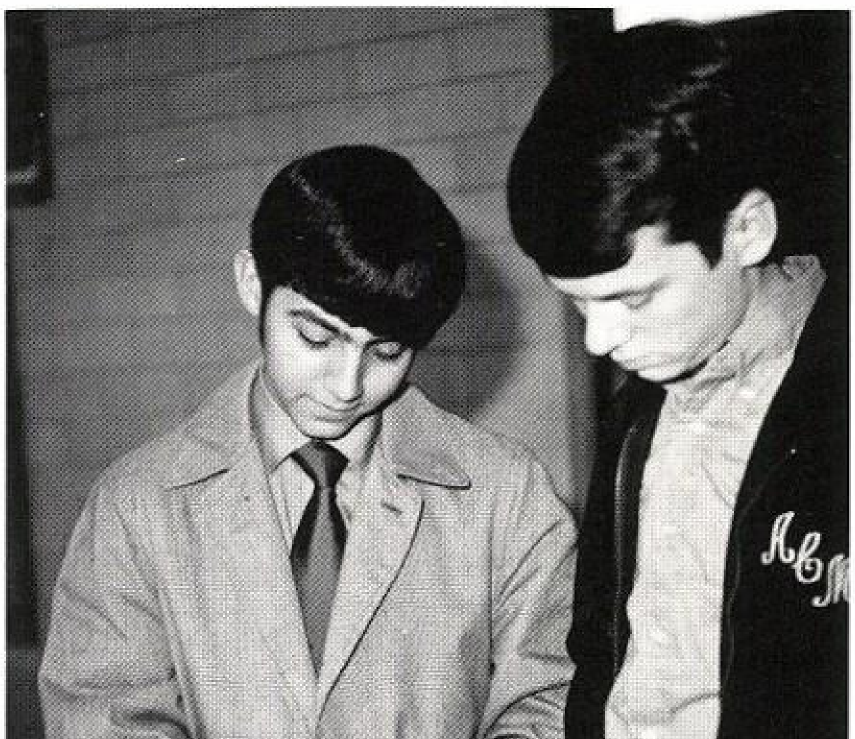
Officers were Malcolm Alexander, Reporter; Ken Graves, President; Paul Laster, Parliamentarian; and Carl Combs, Secretary.

Greg Vinz and fellow Interact Club members listened attentively during a meeting.

Mr. Graves, sponsor, Paul Laster, Carl Combs, Terry Kellner, Alan Morgan, Terry Wright, Randy Watkins, David Wright, Marty Bengoa, Jim Stanley, and Greg Vinz (back row).

Interact Club

A group whose interest in school improvement was evident this year was The Interact Club. Members of the club worked the flower beds in front of the school, helped with the March of Dimes Campaign, and proposed clean-up posters for the school. Requirements for membership were a 2.75 average for selection, maintaining a 2.5 average, and recommendation by the faculty. Mr. Graves was the faculty advisor for the Interact Club.



Tony Longoria and Alan Morgan signed up to help in the March of Dimes Drive (above). Records had to be checked by Mr. Graves before members could be inducted (above left). Interact Club Sponsors for this year were Diane Barksdale, Donna Grosjean, and Marilyn Coffey (left).

Forensic Club

Doing some pep rally skits, advertising for the senior play and musical, and putting on plays after school were a few of the activities which kept the twenty-four-member Forensic Club busy this year. Requirements for membership included having an interest in speech and dramatics, having completed or being enrolled in a speech course, and club approval. Miss Hartsfield was club sponsor.

Jim Kline, Sergeant-at-Arms; Sharon Emert, President; Pat Outlaw, Treasurer (standing). Liz Hounsell, Secretary; Pam Ragsdale, Vice President (sitting).

ATHLETICS

Vikes Sail to Victory — 8-2 Season

Throughout Airline High School's six year history, the Vikings have been making a name for themselves. On the gridiron the Vikings have become known for their pride and desire. When a team came to Bossier City to play the Norsemen, they knew that they had to put forth a superlative effort to even wish for a victory. When they left, most of them wished they had stayed home.

This year was no different. The Vikings compiled an 8-2 season record. They exhibited great ability and determination in playing against terrific odds. They gave up only two hard-fought decisions. Teams who fell in the Viking's march to a victorious season were Lake Charles, West Monroe, Center, Jesuit, Byrd, Ruston, Woodlawn, and Bossier. The Vikings of yesterday and today hope that the Norsemen of tomorrow will live up to this great tradition.

Airline's Stadium Christened

Victory enlightened the dedication of the new Airline stadium as the "Iron Men" defeated the Lake Charles Wildcats, 14-7. Though close in score, statistics widened the margin of achievement as the Vikings surpassed in the yardage gained. With 1:38 remaining in the first half, Gary Smith supplied the first T.D. of the evening, bursting up the middle for 15 yards. The third period started with 10,000 fans "sitting close on edge," when a shattering 34 yard T.D. by Bobby Tidwell stunned the Wildcat defense. Not until late in the 4th quarter, did the Wildcats get on the scoreboard with a 5 yard run; their attempt failed to hinder the strength of the mighty Vikings.

Rebels Defeated by Norsemen

The second game of the season found the Norsemen teeming with victory as the West Monroe Rebels sent home with a 41-14 loss. Tail back Gary Smith supplied the first T.D. of the evening with a 4 yard run. Ken Chaffin, the quarterback of the Vikings, blazed 30 yards for the second T.D., being closely followed by Gary Smith's 42 yard punt return, which took the spark out of the Rebels. The halftime score found Airline 20 and the Rebels 6, after defensive end Kenny Smith supplied a tackle which forwarded the Vikings a safety for another 2 points. The third period got under way with Chaffin bursting over for 5 yards and then within minutes, connected with Darrell Guillory for a touchdown of 26 yards. The fourth quarter ended with the Vikings second team in play, as Billy Hudson twisted his way for 6 more points.

Vikings Stun Center

A reservoir was the setting for the Viking's 3rd win, as the "Iron Men" whipped the Rough Riders, 29-6. A torrential downpour had emptied itself on the Center, Texas stadium some forty minutes prior to the first kick off but did not stop the advancement of the victorious "Norsemen." Gary Smith supplied the first three touchdowns of the evening, with Darrell Guillory closing the door with a scampering 21-yard run. Coach Jack Gray cleared the entire bench with the last half and brought the Airline Vikings home, taking a 3-0 record into the next weeks game against the undefeated Captain Shreve Gators.

Vikings Fall to Gators

The Captain Shreve Gators took home a difficult victory, 26-12, in spite of the strong come back of the Airline Vikings. The Gators dominated the play of the first half taking a lead into the dressing room of 20-0. But undying honor and pride, found the valiant Vikings fighting back and almost successfully closing the gap in the 4th quarter. Our defense being adjusted, clamped down on the potential Shreve offense allowing them only one other score in the last half. The third quarter found a riled up Viking offense where Ken Chaffin and Gary Smith both managed to get across the goal line. Airline's last desperate charges were stifled late in the 4th period, when an interception and two fumbles annulled any more fireworks.

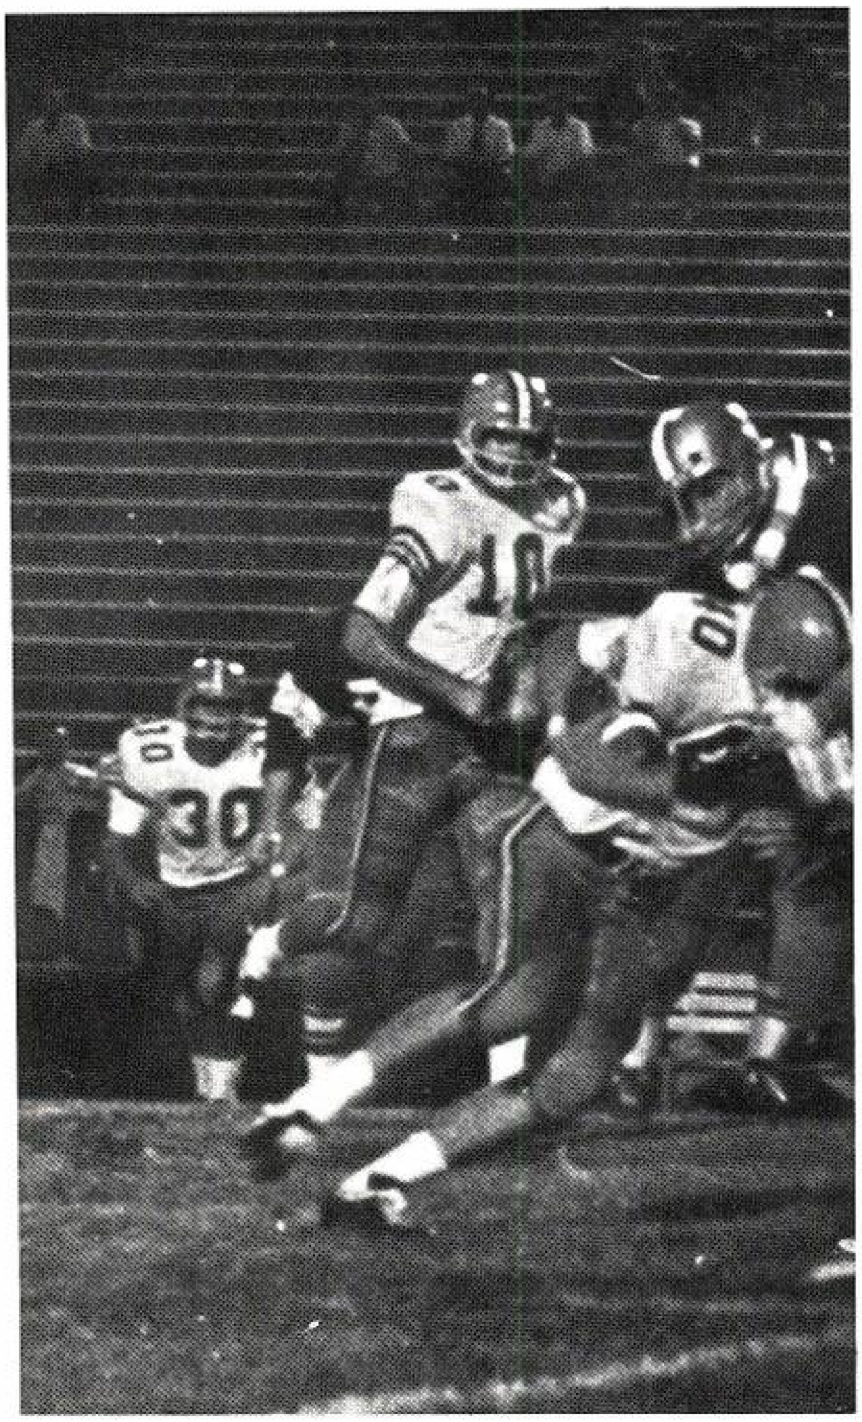
Jesuit Flyers Crash Land



Jesuit Flyers tried to catch elusive Viking.

The strong running attack of the Airline Vikings proved its omnipotent reputation as the Norsemen shot down the Jesuit Flyers, 29-6. Gary Smith, Airline's "Red Baron" in blue, effectively helped to send Snoopy and his crew home; their efforts being limited to one T.D. and only six first downs. The first quarter found the Airline Vikings striking the first hit as Ken Chaffin, admiral of the Viking fleet, connected with Bobby Tidwell for a 27 yard touchdown. Smith scored the other two touchdowns during the second half, while Darrell Guillory kicked two for three in the PAT department. A crash landing for the Flyers was the result of another joint effort by the Mighty Viking Warriors.

Vikings Caged Bearkats

The efforts of Ken Smith, Mike Linton, Joe Williams, Richie Coulson, Bill Winkler, Mark Fletcher, Phil Fahey, Steve Scott, Kelvin Dunlop, Pat Roberts, Eric Johnson, and Ken Chaffin all greatly contributed to the stopping of the Ruston Bearkat offense. Airline's opponent never managed to cross the goal line because of the mighty Viking defense. Gary Smith racked up both touchdowns of the evening; one coming in the first quarter and the other in the third. The latter touchdown was set up by the contributing run of Darrell Guillory after which a fake field goal was passed from Chaffin to Smith which topped off the drive.

Norsemen Lost Tough One

Homecoming found the Airline Vikings bolting into an early lead of 13-0 with only 5:36 ticked away in the first quarter. The Norsemen took to the air for their first T.D. with a 5 yard pass from Chaffin to Coulson. The second and last score for the Vikings came when Darrell Guillory broke loose on a 50 yard sprint to the goal line. But then the tables turned quickly on the Mighty Vikings and bad breaks and misfortune assisted the Fair Park Indians in surpassing with a final margin of 28-13. The second half found the Norsemen infantry continuously deep in enemy territory and the offense was unable to jell for the remainder of the game. The Vikings were successful though in setting up excellent defense which dominated from the beginning to the end.

A cold Halloween night at Viking Stadium was the setting for a 13-0 victory for the Norsemen. The combined efforts of Airline's front seven: Bill Winkler, Bill Branan, Phil Fahey, Ken Smith, Ritchie Coulson, Joe Williams, and Mike Linton all contributed to a 113 yard rushing loss against the Knight's quarterback. The Viking defense slammed the door in the Woodlawn offense 5 times within the Airline 20 yard line. Airline's 13 points were afforded by a 47 yard run by Ken Chaffin, and a 3 yard plunge by Gary Smith.

The Best Team Won

The Airline Vikings wasted no time in getting on the scoreboard during the 21-7 victory over the Bossier Bearkats. The Norsemen took possession of the football early in the first quarter and before the Bossier defense could come to their senses, the explosive offense of the Mighty Vikings had put six points on the scoreboard. The sudden touchdown came with Darrell Guillory breaking through the right sides of the line and scampering some 78 yards after a tremendous display of second effort. Although The Bearkats managed to get on the scoreboard, their lead was only 7-6 over the Vikes at half-time. After a long and stagnant third quarter, a series of Bossier penalties set up the next two touchdowns for the Iron Men. A 13 yard touchdown pass from Chaffin to David Hudson and a low yard drive by Billy Hudson gained the 15 points for the Vikings which sent the Bearkats back across the tracks with their tail between their legs.

Airline High School's basketball team again this year exhibited the determination, desire, and hustle which is characteristic of our athletic endeavors. Although the Vikings did not have an outstanding year, every team which they faced was aware of the caliber of the athletes which Airline produces after their respective games with the Vikings. Seniors Wayne Elliott, Jimmy Gills, and Jim Stanley along with four outstanding underclassmen played their hearts out this year for the Vikings. The underclassmen were Eric Johnson, Barry Shipp, Donnie Shackleford, and Larry Sandford. These seven boys did the majority of the playing for the Vikes. The Vikings played thirty-six games this year, among them ten District games and four area tournaments. They posted a better than average season with an 18-18 record.

It seems strange to write my feelings in a yearbook, but I'll give it a try. Just think if I had'nt gone to Airline I would neve have met you, but God drew our paths together, and I'll never be able to thank him enough! Everything that I wanted to say, you already wrote in my yearbook, so I am at a loss for words. Being with you this year has made u for all the rest, and I hope that for the rest of our lives we will live just as happily togethe I know that we both get confused with our littl suspicions every once in awhile, but if we trust each other enough we have nothing to doubt.

There are so many wonderful people here, I know that we will both miss them. Though w will probably see them in the future - who knows?

Rusty, you know you can always trust me. You had better not have a doubt in your mind about that. Speaking of marriage - I hope that we can accomplish that soon. I could wait as long as you wanted to wait, but I hope that it can be soon. I might tend to get on your nerves a bit in the future (I hope not to much), but being with the one you love, that tends to happen once in awhile.

As I get closer and closer to God, a lot of my feelings towards people are changing. I get along with people a lot better than I used to. Plus- I feel like a brand new girl. I am glad I have finally reached God completely, because I know there are a lot of people in this world that don't have that feeling, nor fortunate to under-stand those that do.

I love you so much Rusty, and don't you ever, and I mean ever let that slip your mind, for even one second. Since I have run out of room I will end this page.

All my love, love Cindy

"Rusty" or "Dusty" — As I've told you, I had noticed you & your friends in the halls before I was fortunate enough to acquire that "unique" English class. You have proven to give me some unusual, but pleasant experiences! Good luck to you in all you may decide to do, but you won't need a great deal of luck if you'll just add a little determination with your ability. You can do anything you set your mind to do & I'd like to know what you will end up doing for a lifetime occupation. I can't see you going by the strict 8 to 5 rules, but don't think the square life is really that bad! There's a little good & exciting in everyone! Have a great summer & get ready for school (really ready this year!)

I've enjoyed your point of view & have appreciated your freedom of expression! Good luck to a nice guy! Sincerely,

Miss Susan Hartfield
